

A BLUNDER.

In fixing Thanksgiving Day for Thursday, November 23, the Dominion government has made a blunder. It is too late in the season. Let there be a general protest against this date.

Few People Escape The Torture of Piles

And Dr. Chase's Ointment is the Only Positive and Guaranteed Cure for This Wretched Disease.

There is usually very little satisfaction in consulting a physician regarding a case of piles. In nine cases out of ten he will recommend a surgical operation, forgetting, it may be, the risk, suffering and physical as well as financial expense which this treatment entails.

It is to such persons that this advertisement will bring good news of great value. Dr. Chase's Ointment has never failed to cure piles and it is recognized the world over as absolutely the only preparation that can be relied upon to cure every form of this frightfully common ailment.

THE MORNING GUARDIAN

FRIDAY, OCTOBER 4, 1901.

THE NOVA SCOTIA ELECTION.

Again the general elections in Nova Scotia have gone with a sweep and the Liberal Government has been sustained by an overwhelming majority. In the general election of April 1897 only three Conservatives were returned out of a House of 38, and it was not supposed that another such a sweep could now follow, but it is often the unexpected that happens.

The Liberal party in Nova Scotia have now held power in that Province continuously since August 1893, a period of over nineteen years. During the first two years of that time the Government was led by Hon. W. T. Pipes, then for twelve years by Hon. W. S. Fielding and during the past five years by Hon. George H. Murray. Both Mr. Fielding and Mr. Murray have long held a large place in popular favor throughout the Province and under their administration and especially that of the former, was laid the foundation for the largely increased revenues which the Province has received from mining royalties.

On general principles it may be doubtful whether it is for the public interest that any party should have nine-tenths of the Legislature at its back. The best working of our institutions demands that all shades of opinion shall be represented. At present somewhere between one third and one half of the electorate of Nova Scotia will be very inadequately represented in the Assembly. The Opposition will be too small in numbers and too weak in talent to adequately perform its functions.

THE YACHT RACE.

Yesterday's yacht race, the second of the series so far completed, was won by the Columbia by 78 seconds. It was sailed over a triangular course as the first race, also won by the Columbia, was sailed over a straight course of fifteen miles and return.

It will readily be seen that the chances of final success for Sir Thomas Lipton and his boat are exceedingly small. We believe that the sympathies of our readers and their hopes as well, down to yesterday, were largely with Sir Thomas and the Shamrock. The eagerly contested coup seems now likely to remain yet longer in American hands, but friends and rivals will alike concede that Sir Thomas has proved himself a plucky and gallant, as well as a fair competitor and a sportsman of the better class who has done all that could be fairly done to achieve success.

In Girlhood

There is a great need of motherly watchfulness and care. A growing girl needs all her strength, and if she is nervous and melancholy, and loses appetite there is surely something wrong. This is especially true as the young girl approaches that important period of change when the womanly function is established.

The best medicine for young girls who are nervous, melancholy, and irregular of appetite, is Dr. Pierce's Favorite Prescription. It cures nervousness, dizziness, and melancholy, promotes the appetite, and gives the body robust health.

Dr. Pierce's Favorite Prescription regulates the bowels. It is entirely free from opium, cocaine, and all other dangerous ingredients.
