TORONTO

TORONTO (CP) — The stock market recorded its second straight session gain Thursday amid the lightest trading this month.

While all sections showed a gain western oils were the only group to close at their high of the session. Base metals were the leaders, ahead more than three-quarters of a point. Western oils almost reached three-quarter mark while golds were about even, ahead around one-quarter.

Final volume of 2,677,000 shares was down slightly from Wednesday's 2,977,000.

Senior mines were strong with Labrador ahead ½ at 20. Noranda gained ¼ at 45½ while Steep Rock and Hudson Bay each added ⅛.

Hollinger, up ¼ at 24¼ and Kerr-Addison, ahead ⅛ to 19 gave golds their edge.

Calgary and Edmonton was the outstanding issue among western oils. It climbed 1d at 28½.

Only two speculative mines reached 100,000. Barnat eased 1 cent at 187 and New Hosco was off 6 cents at $1.68.

Index gains: Golds .28 to 83.72; base metals .86 to 163.31; western oils .69 to 137.38.

MONTREAL

MONTREAL (CP) — The market was mixed within a mostly fractional range at the close of moderate trading on the Montreal and Canadian stock exchanges Thursday.

Despite ½-point losses by National Steel Car at 21 and Howard Smith at 34½, steels and papers were firm. One-point gains were registered by Anglo - Canadian Pulp at 32 and Atlas at 22. Up ½ each were Algoma at 30½ and Canada Iron at 31. Bowater improved ¼ at 5⅜.

Massey-Ferguson traded 16,306 shares and gained ¼ at 9½. Also in the miscellaneous category, Argus jumped 1¼ to 24⅞, simpson's improved 1⅛ at 26½ and General Dynamics at 58 was up ¾. But Ford A showed an ½-point loss at 91½ and Dominion Stores slipped 1⅜ to 68⅝.

A shaky utilities section saw ⅛-point gains by Bell at 42⅛ and Brazil at 7⅛ and a loss of ¾ by Gatineau at 36.

Losses predominated in the narrow range of changes in the speculative section. Maritimes dropped 14 cents to 96 cents and Quebec Copper at 1.65 was off 10 cents.

The closing indexes show banks up 0.07 at 53.21, utilities off 1.1 at 145.5, industrials off 0.2 at 275.8, combined off .5 at 232.4, papers up 0.6 at 404.0 and golds up 0.07 at 73.03.

NEW YORK

NEW YORK (AP) — Coppers weathered a case of jitters Thursday and the stock market made its best advance of the last two weeks.

Oils and coppers were clearly the pacemakers of the market rise which added an estimated $1,383,000,000 to the quoted value of stocks listed on the New York Stock Exchange, based on the rise in the Associated Press average.

The advance seemed in jeopardy as the coppers fell back nervously when the House of Representatives voted tentatively to kill the $500,000,000 minerals subsidy bill. This turned out to be just a preliminary manoeuvre and the coppers recovered most of their losses as the fate of the bill remained unsettled during the market session but was finally rejected after the close.

Kennecott's expansion of production was accompanied by a gain of 1¾ and encouraged other coppers. Anaconda closed with a gain of ¾, Phelps Dodge with ½, American Smelting ⅛ and International Nickel 1. Magma Copper took a net loss of ⅜.

The AP 60-stock average rose $1.00 to $184.30.

Distillers Seagrams and Walker Gooderham each gained ⅜ among Canadian stocks, Aluminium Ltd. dropped ⅛, Granby Mining advanced ⅛ and Hudson Bay Mining was up ¼.

Among Canadian issues on the American Exchange Shawinigan dropped a point, Preston East Dome gained ⅛, Fargo Oil and Richwell were each off 1-16 and Jupiter Oils and Scurry Rainbow Oil each advanced 1-16.

Claims Only Half-Truths In Fallout

ADELAIDE, Australia (Reuters)—Government officials and scientists have perverted "the integrity of science by half-truths and downright lies" during the controversy over the effects of nuclear fallout, Professor Marcus Oliphant said Wednesday.

Oliphant, director of the research school of physical sciences at the Australian National University, Canberra, was making the presidential address at the opening of the annual congress of the Australian and New Zealand Association for the Advancement of Science.

He said governmental establishments, especially those associated with defence or national prestige, are challenging the complete honesty and open-mindedness essential to good science.

"There is a growing tendency for both government officials and scientists to make . . . statements, often in glaring contradiction with the facts, and when criticized to hide behind the cloack of 'security'," Oliphant said.

"I believe that the quality of scientific and technological effort in a non-secret defence system would more than counter-balance the knowledge which an enemy would have of our developments."

Parliament At A Glance

By THE CANADIAN PRESS

Wednesday, Aug. 20, 1958

The Commons approved the $50,000,000 spending estimates of the mines department.

Douglas Fisher (CCF — Port Arthur) said some gold mines purposely low-grade ore to qualify for federal subsidies.

Mr. Comtois said his department has received no proof of this.

The Commons defeated by a vote of 141 to 41 a last-ditch CCF move to block higher Canadian tariffs on British wool cloth.

It passed a bill allowing a gift exemption up to $10,000 on real estate transfers between husband and wife.

Senator David Croll (L — Ontario) said Canada's parole system is one of the most backward in the world.

Immigrant Killed In Car Blast

AMHERSTBURG, Ont. (CP)—Inspector Don Nichols, Ontario Provincial Police crimonologist, was to arrive Wednesday night from Toronto to conduct an investigation into the car-blast slaying of a 31-year-old father of five children.

OPP at Essex were mum on the investigation pending the arrival of Inspector Nichols and a member of the provincial crime laboratory.

"We're leaving it to the men from Toronto," said Sergeant Jack Hatch. He declined to discuss possible motives or clues in the death of Antonio Dipasquali, Italian immigrant who came to Canada seven years ago.

Dispasquali was blastel beyond recognition early Wednesday. When he turned on the ignition of his car, a bomb went off which left the car a pile of shattered and twisted metal.

Relatives, close friends and fellow employees intimated they knew who committed the crime, but refused elaboration.

At the dead man's home, where his wife Palma had collapsed with grief, one relative said "of course we know what it is all about. But what can we say . . . what can we do?"
