Summerside K. of C. Officers Installed

District Deputy, Melvin J. McQuaid, Souris Council, Knights of Columbus, yesterday afternoon installed the recently elected officers of Summerside Council in the council chamber of the home. He was assisted by visiting Warden John MacDonald, and accompanied by a number of members from the Souris Council. Present also was State Deputy Judge J. S. DesRoches, who gave a splendid report on his attendance at the Supreme convention of the Order, held in New York in August. The following is the list of officers installed: Grand Knight, Carrol Delaney; Deputy Grand Knight, John E. Cameron; Chancellor, Rev. Father MacLeod; Financial Secretary, George Clow; Recording Secretary, Edward Arsenault; Warden, Jerry Doucette; Advocate, Jerry Richard; Treasurer, Henry W. Wedge; Inside Guard, Antony Perry; Outside Guard, Fred Perry.—S.

S'side Woman Wins \$1,425.00

Mrs. Marven Wiley of Summerside East was the lucky winner of \$1,425.00 in a national radio quiz show on Saturday night. Mrs. Wiley was listening to the program at the time and she was a pretty excited woman for a while afterwards.

Dame Fortune smiled twice in the direction of the Wiley family Saturday night because the next name called on the program was that of Mr. Wiley and he might have \$200.00 if his studio partner had come through with the right answer.

The chance that two names from one family would be called in succession from among thousands from across Canada must be very slight. Mr. Wiley is a linotype operator with the Summerside Pioneer. Mrs. Wiley is the former Marion Heckbert, a daughter of Mr. and Mrs. William Heckbert, Summerside East. They have two children.—S.

P. E. ISLAND

bage board showing above the helmet. Another carried a bulky accordion. Slung over the shoulder was the kit bag. The rifle or sten gun was over the other shoulder.

95 Per Cent Veterans Ninety-five per cent of the advance party are veterans. They went aboard like veterans, accepting the chow card at the top of the gangway as if they went aboard a troopship every other week.

The Americans, too, were much younger than the Canadians. They glanced with admiration at the rows of ribbons nearly all the Canadians wore, at hard faces that had seen battles on the other side of the world. There were also admiring glances for the giant, flowing moustaches some of the Canadians sported.

First Aboard First Canadian aboard was Cpl. E. A. Vigurs of Edmonton. "Glad to be aboard," he told reporters. The troops filed down the steel companionway to "E" deck, where they were bunked with the Americans. By the time the Canadians arrived, the G. I.'s already had several poker games in progress. It was bedlam in the hold for some time. On three sides of the big square, echoing hold, the bunks rose in four tiers and stood four

PIMPLES CUTICURA SOAP and OINTMENT Cuticura helps clear up blackheads, eczema, pimples. Contains valuable medicinal ingredients. All druggists. Buy today! Made in Canada.

Quiz Contest Is Feature Of School Parade

An interesting feature this year of Schurman's School Parade, which is broadcast every Friday evening over CJRW, is the inter-scholastic quiz contest. This takes up the last half of the hour long program.

The first half of the program consists of readings, vocal and instrumental solos, and exhibitions of public speaking, all by pupils from island schools.

The inter-scholastic quiz contest is open to any school in the Province and at the end of the season a plaque will be awarded to the top school. A team consists of five pupils, one each from grades six, seven, eight, nine and ten. Questions of general interest are asked and the same questions are given to one child on each team, representing the same grades, so there is absolute equality of chance.

Last Friday evening Central Bedeque school defeated Malpeque by a score of 21 to 15. For next Friday night's program St. Eleanor's has challenged Miscouche and this should prove interesting as they are neighboring schools.

The program is most entertaining, as well as instructive, from the point of view of the listener. Quiz masters are Mr. Charles Linkletter, who is in charge of the program and Mr. Clarence Aker, principal of the Summerside High School.—S.

Rubber And Tin At Record Prices

SINGAPORE, Oct. 22. (AP) — Rubber and tin now are selling at the highest prices in Malaya's history. Spot loose rubber soared to \$2 a pound Saturday. (The Straits Times worth 3275). Tin reached \$44.125 per picul, or one-sixteenth ton — a jump of \$3 in 24 hours. Traders attributed the rubber rise to a shortage of shipments, seller reserve and trade and short cover.

PRISONERS ARE

civilian led us to the tunnel. The South Korean officer reported he had found seven bodies inside the tunnel. The seven were laid on crude native mats beside the track. Obviously they were victims of starvation.

Then a South Korean shouted he had seen five Americans on a nearby ridge. We ran out as a gun-trembling man came out of the underbrush. He was Pte. Jaldor John, of Milwaukee. I ran to him and he threw his arms around my neck and burst into tears.

Waited So Long

"Oh, thank God!" he gasped. "Thank God! We've been waiting for you guys so long." "They shot us all," he gasped. "They took us off the train. Then they began shooting."

John sobbed; "I played dead and I heard them shooting all around." "Then he pointed to a gully a few feet away.

"They are in there." In the little ravine we found the thin bodies of 17 men sprawled on the ground.

For a moment it seemed no one was alive. Then I saw a youth looking up. He was propped against the bank among the dead. He was Cpl. Dale Blake.

He said, "Oh God, so glad you came." Tears coursed down his cheeks. "I didn't think anybody would ever find us."

Then a weak voice came from the bank above us. Through the weeds crawled Pte. Ray Hanchey. He had a leg wound but was not seriously hurt.

Across the field I saw other bodies lying in a corn field. There were 15 dead in this group. Gen. Allen found nine other survivors on a ridge top. Allen sat with the survivors. American soldiers. The general's eyes were wet.

OUTRIGHT

constituent assembly for a united Germany. East Germany has about one-third the population of West Germany — 18,000,000 to 46,000,000 — and the Western Powers have refused to recognize the East German puppet government or deal with it.

This alone insured rejection of the Communist proposals. A Bonn Government source described the Prague conference as a "tactical manoeuvre to frustrate Allied plans for common European defence."

In Paris, Guy Mollet, French Socialist leader, told a meeting of anti-Communist socialist leaders from 12 Western European countries that the rearmament of Germany might touch off a third world war.

Morgan Phillips, secretary general of Britain's Labor Party, said at the Paris conference that "if we oppose German rearmament we must know how we propose to hold the defence line without German troops."

He said the British Labor Party's views on German rearmament have not been finally settled.

S'side To Take Over New Electric Plant Unit Today

This evening His Worship, Mayor Henry Wedge will pull a switch that will increase the electric power output of the Summerside electric light plant by over fifty percent.

For some time now work has been in progress on the installation of a new Fairbanks-Morse diesel electric unit at the plant and tonight it will officially come into the possession of the Town.

For the past several days under the supervision of Mr. J.H. MacLure, Fairbanks-Morse engineer, the unit has been having its trial runs and these have proved satisfactory.

This new 1600 h.p. motor can produce 1130 kilowatts of energy which will bring the capacity of the plant up to 2,780 kilowatts. It would appear that it has just been installed in time because the first run the load was 1,735 kilowatts, greater than the capacity of the plant up to that time.

While this unit can produce twice as much energy as the next largest engine in the plant which was only installed in 1947, it is much smaller in size. The main reason that this powerful motor is so small is because it is an "opposed piston" design whereby two pistons operate in every cylinder.

As an illustration of the generating power of the unit, Mr. MacLure said that in its first four hour run it produced enough energy to supply one home in Summerside for eight years.

To make provision for this unit an addition was built on the plant building and recently a landscaping job has been done about the plant and office building and around the pond which supplies water for the cooling system.

Cement walks and drives have been built, the ground has been graded and wire fences have been constructed around the boundaries of the pond. When the grass comes up next spring the area around the

War Refugee From Korea Speaker At O'Leary Church

Dr. Florence Murray, a missionary doctor of the United Church of Canada and a war refugee from Korea was the guest speaker at the morning service yesterday of the O'Leary United Church. The minister, the Rev. W. G. Dickson presided and there was a very large congregation, approximately 300 people, from the surrounding districts of Bras, Bloomfield, West Devon and West Cape.

Prior to the invasion of South Korea, Dr. Murray was stationed in Seoul where she was in charge of the children's section in Severance Hospital. She described the desperate condition of a country under Communist rule where torture and liquidation are used against any persons even suspected

buildings and pond with the water spray outlet in the pond should be a veritable beauty spot. —S.

ed of being an enemy of the regime. Students in the colleges are bribed to become Communists by paying for their education and giving them preferences. Dr. Murray made a moving appeal for more missionary money and more missionary workers. Pointing out that there is money available, she said that every year a billion dollars is spent in Canada on liquor and tobacco.

She said that the Christians of Korea are loyal and devoted to their faith. Dr. Murray brought greetings from her father and mother, Rev. Robert and Mrs. Murray of Lower Sackville, near Halifax. Rev. Mr. Murray was the minister at O'Leary for 11 years up to 1921. Dr. Murray grew up in O'Leary and took her preliminary education in the O'Leary school. Her father was 91 years of age a few weeks ago and both he and Mrs. Murray are enjoying good health.

Special music was provided by the choir under the direction of Mrs. J. M. MacWilliams.

Dr. Murray spoke yesterday afternoon in Lot 14 and last evening in Alberton. Tonight she will be at Trinity Church, Summerside.—S.
