Wilmer McLean's Two Historic Houses. General Horace Porter describes the surrender of Lee in his 'Campaigning With Grant' in The Century. The surrender took place in the house of Wilmer McLean, it will be remembered. General Porter says: It is a singular historical coincidence that McLean's former home was upon a Virginia farm near the battleground of the first Bull Run, and his house was used for a time as the headquarters of General Beauregard.

The Spanish Main. The Spanish main is the circular bank of islands forming the northern and eastern boundaries of the Caribbean sea, beginning at Mosquito and including Jamaica, Santo Domingo, the Leeward islands and the Windward islands, with the coast of Venezuela, in South America. The word 'main' has no affinity with the English word as in mainland, but comes from the Spanish word manea, shackles, given in reference to the imaginary resemblance of the broken chain of islands to that (in early days) familiar article.—Boston Transcript.

Disappointed. Gertie—Marie is awfully angry at that young Tutter. Mertie—What for? Did she find out he was flirting with her? Gertie—No. She thought that he was flirting, but learned that he was not.—Brooklyn Life.

Rose to the Occasion. The story of a young woman who wound up her letter to a friend with, 'P. S.—I forgot to tell you I was married.' is matched, says the London Telegraph. Miss Kate — of Belfast recently consented to adopt the name of a gentleman friend, and so they were married. She is in Dublin now and is stopping at the Gresham hotel. The other day she made some purchases, and in going home she said, 'You may send them home for me—Miss Kate —, Gresham hotel.' She had reached the sidewalk before she recollected that she had given her maiden name. With admirable wit she stepped back and said to the clerk, 'Oh, by the way, send that package to Miss Kate —, care of Mrs. —, Gresham hotel,' and she swept out of the store as if she had been married 15 years.

Swordswomen Abroad. Some day it will be the women of foreign countries who will defend their nation's honor after the French-Italian style recently witnessed. Women of the upper classes in France and Spain are generally expert swordswomen. They are taught to fence as carefully and accurately as their brothers, and there are numerous schools in the two countries where young women are taught not only to fence, but to handle the broadsword.

In some of the Nevada canyons in severe weather the jack rabbits freeze to death, huddled together in clusters, vainly trying to get a little warmth out of one another. Then the Washoe and Pinte Indian hunters break them off in bunches and flood the market with them.

Nine Terrible Years. Misery and Suffering Day and Night

Paine's Celery Compound Victorious Over Liver Troubles

A Mighty Work After the Doctor Failed.

If proper treatment is not restored to in time, the results of liver complaint are terrible, often ending in death.

Mrs. McRae, of Onep. Ont., suffered for nine long years from liver complaint. Her case baffled the skill of the physician she employed; he could do no more, and the sufferer was left almost hopeless. Hearing of Paine's Celery Compound she procured a supply, and soon experienced returning health and vigor. The second bottle completely cured her. Mrs. McRae writes for the benefit of all in misery and affliction: she says:—

'It gives me great pleasure to add my testimony to the value of Paine's Celery Compound. For nine years I had been troubled with liver complaint, and often had very bad spells from it. Two years ago this spring I had a very bad attack of it, and called in a doctor who relieved me of the trouble, but I ran a bad weak, and could neither eat nor sleep, and suffered so much with my head that I procured a bottle of your Paine's Celery Compound. As soon as I had the contents used I could eat and sleep well, and the pain in my head was completely gone. I took the second bottle, and have never been troubled with liver complaint since. Your Compound has banished constipation which troubled me for many years, and has built me up and completely cured me. I am now 64 years old, and from what I know I consider your medicine the best on the market. Hoping that your valuable medicine will do for others what it has done for me is my sincere wish.'

Land Tax, 1897

Owners of property are reminded that by the recent amendment to the Assessment Act, the system of valuing property for Land Tax has been changed, and it is necessary that new valuations and declarations be made this year. Such declarations to be made by the owner, occupier or agent, before the Provincial Treasurer or Deputy Receiver of the district.

In valuing property the value of the buildings must be included. The rate of tax for 1897 is one fifth of one per cent., or 20c on every \$100 of valuation.

The tax will be due on the 1st December. A discount of 5 per cent. will be allowed if paid on or before the 15th Nov., 1897.
