—SCHOOL PICNIC—The annual closing of the Clermont school took place in the form of a picnic at Darnley Beach on June 25. The pupils, their teacher, George Riley, parents and rate payers of the district had a most enjoable time participating in the different sport events, swimming and ball games, after which a delicious supper was served by the ladies and all were treated to ice cream by their teacher. Each pupil was presented with a gift from their teacher, after which an address was read to the teacher and he was presented with a suitable gift by Miss Ona Mill.

—FROM ST. AUGUSTINE, ONT. — Mr. John Cash, the former brilliant "dash" runner of St. Dunstan's University, is at present on vacation from his studies at St. Augustine Seminary, Toronto. He is a son of Mr. and Mrs. John Cash of Emerald Junction. He will be remembered as a consistent contender in the shorter dash competitions at Memorial Field a few years ago. also for his spectacular "end run" which won the game for St. Dunstan's in 1949, against a Mainland team. It was perhaps the most phenomenal "play" ever made by a St. Dunstan's team. He was put in the line-up during the last two minutes. —K.

Sport Echoes From Prince County

Wanted — either a good dictionary of racing terms, or a set of boxing gloves, or a pair of seven-league boots. In our write-up of the horse racing at Summerside Saturday we said: "Shamrock thoughts was hemmed in at the rail with Hedgewood Chief leading until Ann's Boy swung wide to let the Fredericton Beauty through, and Shamrock Thoughts went to the front in a magnificent burst of speed." (end of unfortunate quote)

* * *

We've found out since that in the racing game, "swinging wide to let another horse through" is like hitting an umpire with a baseball bat or expressing in lurid language your opinion of a referee. What we meant was that in the home stretch when all the horses swing wide for the dash to the wire, the Fredericton horse got out of the pocket and beat Hedgewood Chief home. Mr. Bowness, driver of Ann's Boy, tells us that Shamrock Thoughts wasn't hemmed in by his horse at any time on the stretch. That's the way we thought we saw it, but Mr. Bowness was right there when it happened, or, excuse us, when it didn't happen, and should know. We'll argue with anyone about baseball or hockey, but when a horseman tells us we're all wet, we just reach for a towel.

Stan Richard is the new leader and we predict he will be fairly difficult to dislodge from the top spot. Known at one time as a curve ball sucker, Stan has pretty well outgrown this weakness, although pitchers still try to get him with a roundhouse, and occasionally he bites. Stan is also a "gilt-edged" fielder. We heard an M.C.A player call him the best second sacker in the league, and we're inclined to agree.

Ivan Doherty and Des Trainor put on a boxing show at the Charlottetown Forum last Friday night which in our opinion topped anything seen on the Island to date. If there has been a better show, we didn't see it. It was a treat to see the ducking, feinting and especially the in fighting of these boys. With a lot of boxers a clinch is just a polka without music, but you could really get hurt staying close to that black boy, Henry Jordon. His experience turned the scales in a very even bout with Gil Edwards. We were impressed with Gil's lightning punches. He throws them very fast

* * *

Donald "Duck" Trainor may have been a little overmatched in his bout with Larry "Kid" Baker, and therefore did not impress the home fans as he would otherwise have done. We liked his boxing skill in the first two or three rounds, however, before Baker's body punches had slowed him down. It was obvious in the fourth round that Trainor was a dead duck against the clasy New Yorker, but we think the youngster has really improved, and would show it if matched with a local boy he has fought before.

* * *

We know that it is a mighty expensive proposition to bring those boys from New York, and with advertising and other expenses, the margin of profit even with a bumper crowd would not be too large. Island boxing fans should appreciate the two birds those promoters are trying to kill with one stone: 1. Help keep good hockey in Charlottetown next winter, and 2- give Island fans boxing entertainment considerably above par for the Maritimes.

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
