

God's first words to the people of Israel, after He led them out of their bondage in Egypt, were, "I am Jehovah Thy God . . . Thou shalt have no other gods before Me." He spoke from Mt. Sinai.—Exodus 20:1-3.

Christ identified His Father's meaning in this commandment when He told people they could not really serve any other purpose or ideal but God, for a man could not successfully serve two masters.—Matthew 6:24.

Philip disappointed Jesus when he asked to see God. Christ reiterated that they could see God in Him, His Son, if they would but believe.—John 14:8-11.

Philip disappointed Jesus when he asked to see God. Christ reiterated that they could see God in Him, His Son, if they would but believe.—John 14:8-11.

MEMORY VERSE:—"No man can serve two masters; for either he will hate the one and love the other, or he will be devoted to the one and despise the other. You cannot serve God and mammon."—Matthew 6:24.

TIGNISH TOTS TAKE TO SKATES

"What do I do now?" It was amateur afternoon at the Tignish outdoor rink

Thursday, as upward of 100 elementary and pre-school children tried out skates for

the first time. Supervised by teachers and parents, this skate will be a regular feature

at the rink from 3 to 4 o'clock on Thursday afternoons.

Province Had Average Weather Last Year

The meteorological records for 1961 as compiled by the Canada Research Farm here show mean temperature figures, and precipitation amounts for 1961 as comparing closely with 52-year average.

Statistics show, however, that the 1961 snowfall was considerably above average and the number of hours of bright sunshine below the average.

The mean temperature for 1961 was 42 degrees as compared with 42.5 degrees for the 52-year average. Maximum mean for 1961 was 49.7 degrees and the minimum 34.4. Highest temperature of the year was 55 degrees and the lowest 19 degrees below zero.

Total precipitation for 1961 was 42.39 inches as compared with 42.24 inches average. Rainfall accounted for 31.42 inches in '61 as compared with the average of 31.38 inches. Snowfall in the past year has been 121.2 inches, above the average of 105.9 over the past 52 years. There were 136 days with precipitation last year.

The Island had 1,802.7 hours of bright sunshine in 1961, below the average of 1,824.8.

Robert Parent Is Head Of Resources Council

Robert Parent, superintendent of the Dominion Experiment 1 Farm in Charlottetown, has been named chairman of the provincial resources development council.

Other executive members, named at a council meeting in Summerside, are Archibald Johnston, Burlington, secretary; and Roy Drinnan, Ellerslie, named to the board of directors.

SPECIAL SPEAKER Special speaker at Thursday's meeting was John Torunski, New Brunswick forestry department extension worker, who reviewed that province's forestry program.

Mr. Torunski said that forestry in this province is at the stage it was in New Brunswick about five years ago. He said that since 1956, New Brunswick has developed one of the finest forestry programs in Canada, and outlined the methods used in setting up this program.

Some time ago, it was announced that the development council's first major project would be forestry development.

Mr. Drinnan reported that the forestry research committee of the council and said that further investigation will concern a farm-woodlot program, secondary industry related to wood, and an expansion of the provincial forestry department.

FIELD OF TOURISM The second major project of the council will be in the field of tourism. Last night a nine-man committee was appointed to study all aspects of the provinces tourist industry.

When the council meets again Feb. 4 in Charlottetown, the special speaker will be J. David Stewart, minister of tourist development.

THE WEEK AT SDU Sports, Academic Schedule Both Heavy For Students

By FRANK CORCORAN

Santa Claus has arrived and departed, and aged 1961 has been replaced by youthful 1962. The heavy part of the year is ahead for St. Dunstan's, and although it looks like a long time till May it will later seem so very short.

The academic course is heavy and so is the athletic schedule and on the sports scoreboard for this weekend—two Varsity Basketball games, one J.V. City League basketball game.

In regular league schedule, St. Dunstan's Varsity faces UNB Varsity, Friday and Ricker College of Maine in an exhibition tilt today, both games are at SDU.

This column will be laid to rest before the results of Friday's game is known, however the odds-makers at the College have given the nod to SDU over UNB by a close score.

Whether this is blind loyalty or not I don't know but for the record in the last game UNB played last year they beat Acadia University. The present Acadia team, including Warren Sutton, I rate as the best team in Canada. That game might have been something of a fluke, but . . .

Tonight, the Island University team clashes with Ricker College, Maine. Acadia beat Ricker at the 1960 Bluesone Tourney. Ricker is rated as about the same calibre as Hus-

son, Maine. If this is true the game should be a very close one, if not—a victory for St. Dunstan's.

At present SDU has its strongest team in years, the bench is composed of players who perhaps at another University could be playing in the starting "9" lineup.

The starting lineup is still somewhat in doubt. For the first time in a long time SDU has to consider what the first line will be. Hilton has sure starters in the persons of Don DesRoches, John Heine, Lenny Sirois, Joe Sassi, Bob Frank.

This still leaves to go a notch players like Frank Garity and Larry Farrell on the bench.

The gym will likely be packed, particularly if the game against UNB is a thriller. We predict it will be, and a victory for SDU.

To leave the world of sport for a moment rehearsals for "Blood Wedding" the exciting if somewhat gruesome play by Federico Luca, have begun and the play is expected to be ready for production about March 1 or so. Rev. Andrew Arsenault, who has been absent from the campus for a year while he was studying post-grad work is the director and a consideration of his record in this field will show this play is going to be as polished a work as is possible under amateur conditions.

Next week, I'll give you a report on Carousal.

To return to sport, the "Saints" picked up their first win of the season on the ice, as the Varsity defeated the Evinrudes by the score of 5-2. The team is gradually improving, they are starting to finish off their plays and in their next encounter the team will not be going out to play a good game but also to win a good game.

The J.V. Basketball team is not scheduled to play until Mon. Jan. 15th although the league officially opens Sat. Jan. 13th. This is the first time in years that the league has started so late and also the first time that it has been so organized. Basketball is a sport which, in comparison to hockey, receives little newspaper coverage. SDU has hopes of going far in the league—they have in the past and would like to do so in the present—as a team they will receive the whole hearted support of the College. As a league we hope it will receive the wholehearted support of the press.

The Red and White will be at the hands of the public Jan. 25

BOOKS NOW CANADIAN TORONTO (CP)—John C. W. Irwin, retiring president of the Canadian Textbook Publishers' Institute, said Friday a great majority of school books which previously came from the United States and Britain, now are "truly Canadian."

He told the institute's annual meeting that a 1960 survey showed that Canada's 12 leading textbook publishers produced 139 texts by Canadian authors. Another 13 were produced outside Canada by Canadians, 21 were adapted U.S. texts and several were similarly adapted from British books.
