U.S. Treasurer Resigns Position

WASHINGTON (AP) — Canadian-born Mrs. Elizabeth Rustel Smith has resigned as treasurer of the United States, the White House has announced.

William T. Howell, who has been in the office of the treasurer for 34 years, has been designated by Treasury Secretary Dillon as acting treasurer.

The White House indicated, however, that tradition will be followed in naming a woman to the post later.

Assistant White House press secretary Andrew Hatcher, reminded of that precedent, said "I would assume the president would follow that tradition."

\$20 Million Set For Doll Up Drive

OTTAWA (CP)—The National Capital Commission will spend \$20,941,000 this year in the giant program to doll up Ottawa.

This was revealed in the NCC's 1962-63 capital budget tabled in the Commons.

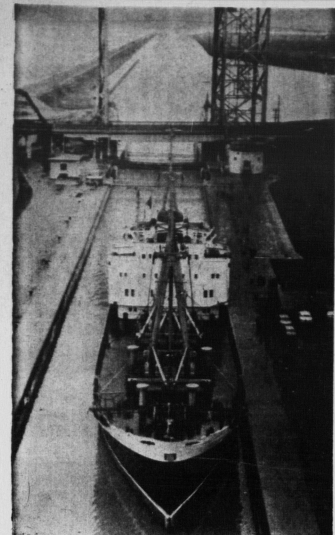

At least one of the expenditures appeared to be aimed at the government's earlier announced intention to spruce up the capital for the 10th birthday celebrations in 1967.

Biggest item in the budget is the \$15,000,000 set aside for properties expropriated for the green belt, a stretch of greenery framing the city.

Another \$3,000,000 will be used chiefly for acquiring property on Sussex Drive, a portion of which will be made a "mile of history" with buildings restored to the Confederation period.

The sum of \$100,000 is provided for completion of the garden of the provinces, a downtown park located a short distance from Parliament Hill, highlight of which will be a huge fountain and plaques honoring the provinces.
