And the Minister Smiled. The York (Me.) Transcript says that a Portland minister recently called upon one of the families in his parish. He ascended the steps and knocked at the door. Receiving no response, he was about to depart when he heard a window in the next house open and a woman's voice say, "Mrs. Smith, the minister's at your door."

What was the pastor's surprise and amusement when he caught Mrs. Smith's response wafted gently around the corner of the house, "Sh. don't you s'pose I know it!"

The next Sunday after service Mrs. Smith met her pastor and expressed her sorrow that she was away when he had called.

A Bright Jeweler.

A gentleman tells the following joke on a jeweler: A young man who was on the verge of matrimony went to the jeweler and bought a ring and left instructions that in it be engraved the legend, "From A to Z," which, being interpreted, meant from Anthony to Zenobia. To his astonishment, on calling for the ring the next day he found it engraved like an Egyptian obelisk and on closer examination found that the jeweler had put the whole alphabet "from A to Z" on it.

By the aid of mechanical instruments human beings can do many wonderful things, but to save his life no man could cut such a perfect circle without a pair of compasses as the parasol and does out of a leaf with nothing but his jaws.

TEST THE KIDNEYS

Dr. A. W. Chase's Kidney-Liver Pills

It's a simple matter to test the kidneys. You need not consult a doctor. By asking yourself three questions you can determine whether or not your kidneys are deranged.

First: "Have you backache, or weak, lame back?"

Second: "Do you have difficulty in urinating or a too frequent desire to urinate?"

Third: "Are there deposits like brick dust in the urine after it has stood for twenty-four hours?"

In its earlier stages kidney disease is readily cured by a few boxes of Dr. Chase's Kidney-Liver Pills, a preparation which has made Dr. Chase famous throughout the world for his wonderful cures of diseases of the kidneys.

If you have kidney disease you can take Dr. Chase's Kidney-Liver Pills with perfect confidence that what has proved an absolute cure in so many thousands of cases will not fail you.

So long as the cells of the kidneys are not completely wasted away, as in the last stages of Bright's disease, Dr. Chase's Kidney-Liver Pills will give them new vigor and strength and make them strong, healthy and active. One pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

A Composite Name.

"One of the differences between the east and the northwest," said a Puget sounder, "is the names of places, and the Skikomishes, the Snohomishes, the Snoqualmies, the Wahkiakums and the lot of them give a man funny feelings, and when he runs across Bucoda, on the Northern Pacific railroad in Pierce county, Wash., he doesn't know whether it is Chinook or Slwash or what. But it is none of them—like Kenova, in West Virginia, which is near the junction of Kentucky, Ohio and Virginia, or Delmar, where Delaware and Maryland come together."

"Bucoda is a composite name, and its story is simple enough. When the Northern Pacific came in, a town sprang up, and it must have a name. There were Indian names in plenty, but something more novel was wanted, so Messrs. Buckley, Coulter and Davis, all N. P. officials, put their heads together first and their names later, and the name Bu-co-da was evolved, with an etymology very apparent to any one who is at all informed in terminology. Bucoda it has remained, and it is not half bad as names go in the Puget sound country."

The Peculiar Jains.

Ernest M. Bowden in The Nineteenth Century reports a chat with Raja Sivaprasad on Jainism. The Jains pay more regard to the feelings of the lower animals than any other sect in the world; will not kill them or injure them; are careful to avoid destroying even insects, sometimes wearing a handkerchief over the mouth to prevent any living creature being breathed in. It may be argued that this tenderness will prove in the long run fatal to its possessors, handicapping them seriously in the struggle for life with less scrupulous rivals. As evidence to the contrary Mr. Bowden points to the Jains:

"Notwithstanding the opposition, if not active persecutions, of bygone times, the one small sect which, more than any other in the world, has taught and practiced the doctrine of 'ahimsa,' or 'noninjury,' to living creatures, stands today, after some four and twenty centuries, by far the most prosperous community in a population verging on 300,000,000."

Only One More Month

Our celery will only hold out about one month. Some of the wise ones are ordering a quantity to be kept in reserve for them. We have held on to the best for the last (the famous English Red Celery.) In this respect we resemble children who keep the most dainty part of their lunch to the last and at the rate it is going the time will soon come when there will not even be a last. The moral to the above is quite plain; no need to read between the lines it is enjoy it while it lasts.

We also have Hubbard Squash, Cape Cod and Island Cranberries, Spanish & Canadian onions, Brussels sprouts, red & white cabbage, carrots, beets, parsnips, turnips, beans, peas, parsley, etc.

J. J. GAY & SON,

No Fear When Death Draws Nigh.

"I have seen thousands of persons die under all sorts of circumstances, and never yet have I seen one display the slightest fear of death." This remarkable statement was made the other day by a physician who has practiced many years in Philadelphia and who has seen a great deal of hospital service.

"It is a popular fallacy," he went on, "to imagine that a deathbed scene is ever terrible other than as a parting between loved ones. The fear of the unknown is never present at the last. Even amid ignorance and vice I have never experienced such scenes as a novelist who strives after realism will sometimes picture."

"When a patient is told that he cannot recover and the end is near, he invariably seems resigned to his fate, and his only thought seems to be of those who are to be left behind. This is true alike of men and women."

"Those who become hysterical and declare they are not fit to die are the ones who are not as ill as they think they are. They always get well."

"A psychological reason? Oh, I don't know that there is any. It's just a human trait."

Rheumatism..

is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Dodd's Kidney Pills have made a great part of their reputation curing Rheumatism. So get at the cause of those fearful shooting pains and stiff, aching joints. There is but one sure way—
