Masturbation "obscene"

Winnipeg (Cup) - Revenue Canada and the University of Manitoba have different views on male masturbation.

The Winnipeg Free Press reported last week that an American-made film on male masturbation, bound for the university's medical school, was seized by Revenue Canada.

The film was classified by Revenue Canada's Customs branch as "immoral and indecent."

However, a Winnipeg judge has ordered that the film be turned over to the medical school because it will be used "for perfectly commendable moral and educational purposes, used in impeccable surroundings, with impeccable motives," he said.

Judge Ferg called the case unique, noting that the sexually explicit film is for the education of the future doctors of Manitoba.

Barn to become restaurant?

By Biff Bart Jr.

Student services wants to lease the student union centre, better known as the "barn" as part of a summer food services contract.

The proposed five-year contract may include renovations to the second floor hall converting it into a restaurant. Some structural changes and redecorating may also be in the bargain.

In past years student services has leased the Barn out for use in summer conventions and events.

So far student council has been lukewarm to the length contract.

"We're receptive to the idea," said student union president Jack Keefe, "but we'd rather wait until we had something more concrete to look at."

The administration and student union are continuing to negotiate the possible contract.
