

Miscellaneous.

THE GOLDEN SUNSET.

The golden sea its mirror spreads Beneath the golden skies, And but a narrow strip between Of land and shadow lies.

The cloud-like rocks, the rock-like clouds, Dissolved in glory float, And midway of the radiant flood, Hangs silently the boat.

The sea is but another sky, The sky a sea as well, And which is earth, and which the heavens, The eye can scarcely tell.

So when for us life's evening hour Soft fading shall descend, May glory, born of earth and heaven, The earth and heaven blend.

Flooded with peace the spirit float, With silent rapture glow, Till where earth ends and heaven begins, The soul shall scarcely know.

SONNET.

A solemn silence reigns—night's argent queen With face sun-lumin'd, on her azure way, With star-pearls spangl'd, smiles upon the scene Of Nature resting from the cares of day.

The Great Ambassador of Health! TO ALL MANKIND.

HOLLOWAY'S PILLS. A BOON TO THE SICK!

The want of a sterling medicinal preparation to meet the many "ills that flesh is heir to," and one entirely free from minerals and other deleterious particles, was severely felt all over the world, until the discovery of the great and powerful medicine was ushered into the world. Holloway's invaluable Pills have become the Household remedy of all nations.

INDIGESTION, The great scourge of this country, as well as of all hot climates and marshy districts, yields quickly to a course of these invaluable Pills, and the digestive organs are restored to their proper tone, and levers of all kinds avoided. It matters not in what shape this derangement exhibits itself, Holloway's searching and unerring remedy expels it from the patient's system.

GENERAL DEBILITY, From whatever cause, Loss of Spirit, and all other signs of a diseased liver, or of a general disorganization of the system, vanish under the eradicating influence of this powerful and most searching remedy, which in warm and relaxing climates act like a charm.

FEMALES Should lose no time in using a few doses of this regulating and renovating medicine, whatever may be their complaint. It can be taken with safety in all periods and other disorganisations. Its effect is all but miraculous, either to young persons entering into womanhood, or to those at the turn of life.

BILIOUS COMPLAINTS. Those who suffer from bile and liver complaints should try the effect of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impediments, cleanse the blood from all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventive, fever will arise, and the sufferer be confined to a bed of sickness. These Pills are an extraordinary remedy in removing acrid humors from the blood, and correcting indigestion, especially in hot and swampy localities.

A CERTAIN CURE FOR COUGHS AND COLDS. The cause of half the diseases to which humanity is liable is the mode of treating the human system when attacked with these disorders, which often lead ultimately to a fatal result. By persevering in the use of Holloway's Pills, the most obstinate cold or cough is soon checked and cured; for this medicine, by purifying the blood, regulating the secretions, checking the depraved humors, and encouraging a free respiration, rapidly puts the system into a sound and vigorous condition, thereby enabling it to throw off the disorder. The cure is complete and permanent, particularly if Holloway's Ointment be well rubbed into the chest and throat night and morning.

COMPLAINTS INCIDENT TO CHILDREN. In no country in the world are more children carried to an early grave than in this. Coughs, measles, scarlatina, fevers and similar diseases attack the little sufferers, and death is too often follows at a rapid pace; yet, if at the first stage of the complaints parents were to have recourse to Holloway's Pills, all danger would be avoided; for the stomach and bowels being gently but effectually cleansed by this mild aperient, the depraved humors corrected, and the secretions duly regulated, a perfect cure is soon effected, and the little patient is restored to sound health.

Holloway's Pills are the best remedy known in the world for the following diseases:—Ague, Dysentery, Liver complaints, Dropsy, Rheumatism, Lumbago, Trichinosis, Typhoid fever, Bilious Complaints, Female Irregularities, Stomachic Ulcers, Bowel complaints, Urinary Affections, Glands, Fits, Scrofula, or King's Evil, Worms, all kinds of the Bowels, Head-ache, Sore Throat, Consumption, Indigestion, Stone and Gravel, whatever cause Debility, Inflammation, Secondary Symp. &c., &c. Sold at the Establishment of Professor Holloway, 244 Strand (near Temple Bar) London, and 30, Maiden Lane, New York; also at all respectable Druggists and Dealers in Medicines throughout the civilized world. There is a considerable saving by taking the larger sized Box. N. B.—Directions for the guidance of patients in every disorder are affixed to each Box. June 6, 1859.

Doctor Evans' Pain Killer. NO medicine has been discovered that so happily adapted to use internally as drops to be taken, and yet perform such wonders when applied externally as a wash, bath, or by friction.

USE IT IN THIS MANNER: For common Headache, simple bathing will answer. For sudden colds and hard coughs, (to cure immediately) put one teaspoonful in four of molasses, and take three or four spoonfuls of the mixture as often as you cough. Bathe the neck, breast and sides with it to cure soreness of a cough. Asthma, Phthisis, and sore breasts—for speedy relief, 30 drops in molasses, and bathe freely with it clear, and keep on fannel wet in it. For bowel complaint, cholera morbus, cholera, and diarrhoea—take one teaspoonful in four of molasses, and take three times a day; if the pain is severe, bathe the bowels with it, and in cholera repeat the dose every hour. For Dyspepsia and sick stomach, 20 to 30 doses in sweetened water, morning, noon and night, till all symptoms yield, and you are restored to perfect health. For all rheumatic complaints, lame neck, swollen face, sore throat and toothache, 60 drops at above three times a day; bathe the parts well, rub with a warm cloth, and take a spoonful of mustard seed nightly, in milk or molasses, at bed time. For burns, scalds, pricks, stings or old sores, bathe well and often the parts affected. For sudden colds or croup, 30 drops in molasses, every hour, and bathe the throat with it. For Canker, sore mouth and stomach, chicken pox, or measles, 30 drops twice a day in sweet milk.

NASH'S SUPERIOR HORSE AND CATTLE LINIMENT. One of the most valuable articles ever offered to the public for Sprains, Windgalls, Ringbones, Spavins, Stiffness of the Joints, Fresh Wounds, Galls, &c., &c. THIS truly valuable Liniment has been extensively used for upwards of seven years, and in no instance has it failed to give satisfaction. The Proprietors cheerfully recommend the above remedy to the public, under the full conviction of its efficacy in the above-mentioned diseases where an external application is required. It reduces inflammation or swelling, or where the flesh has become callous, it softens and reduces it, and produces a full and free circulation to the parts previously affected. Numerous certificates from highly respectable individuals might be offered, "testifying to its efficacy," but the proprietors deem it unnecessary. All that is solicited is a fair trial of this Liniment, to convince the public of its value. CHARLES V. POOR & Co., Boston, Sole Proprietors, to whom all orders should be addressed. Ayer's Cathartic Pills.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, but there is one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vapors, and, above all, by the venereal infection. Where ever is its origin, it is hereditary in the constitution, descending "from parents to children under the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquity of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or malarious matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption of the blood, renders in the blood, deprives the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers are prostrated by diseases which, without scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. From the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also such other affections which arise from it, such as ERYTEMAS and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYTHRODES, PRURITUS, ECZEMA, BRUISES, BLAINS and BOTS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSENTERY, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITiated or IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correct its diseased action, and restore its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility, is enabled to find his health once restored by a remedy as simple and so easy to use.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis his American Almanac, containing certificates of their cures and directions for its use, and every other complaint: Costiveness, Heartburn, Headache, arising from disordered stomach, Nausea, Indigestion, Pain in and Morbid Irritation of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its efficacy, that it is known in every country and in every person's public knowledge, who has been restored from alarming and even desperate diseases of the lungs by its use. Its efficacy is attested by its superiority over every other medicine of its kind; it is so potent to escape observation, and where its virtues are known, the public no longer hesitate what medicine to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed, and patients have been gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten.

BURNETT'S COCAINE! BURNETT'S COCAINE!! BURNETT'S COCAINE!!! The Human Hair. HOW many persons labor this delicate and beautiful ornament, by losing it entirely. The skin upon the head becomes gradually more and more inflamed, so that I could not touch it without pain. This irritated condition I attributed to the use of various advertised hair washes, which, I have since been told, contain camphire spirit. By the advice of my physician, and when you had worn your process of purifying the oil, I commenced its use last week in June. The first application allayed the itching and irritation; in three or four days the redness and tenderness disappeared—the hair ceased to fall, and I have now a new growth of new hair. I trust that others, similarly afflicted, will be induced to try the same remedy. Yours, very truly, SUSAN B. POPE.

BURNETT'S COCAINE. A compound of Cocca nut Oil, &c., for dressing the hair. Per efficacy and agreeableness, it is without an equal. It prevents the hair from falling off. It promotes its health and vigorous growth. It is not greasy or sticky. It leaves no disagreeable odor. It softens the hair when hard and dry. It soothes the irritated scalp skin. It affords the richest luster. It remains longest in effect. It costs three shillings for a half pint bottle.

TESTIMONIAL. Messrs. J. BURNETT & Co., I cannot resist the salutary effect, in my own aggravated case, of your excellent Hair Oil—(Cocaine.) For many months my hair had been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without pain.
