BANGOR, Oct. 12th.

Lee's army has abandoned the line of the Rapidan, and is moving Southward.

The movement was executed rapidly.

Prevailing impression is it has gone to Gordonsville and Richmond to leave garrisons, and send remainder to Bragg and Beauregard.

Guerilla raid by Shelby (in Missouri) burnt the towns of Colescamp and Florence, and considerably damaged the Pacific Railroad, near Oberville, destroying largest bridge west of Jefferson City.

Reported there was to be a combined army and navy attack on Charleston on 11th.

Four hundred Confederates captured at McMinnville have arrived at Nashville.

The advance of Texas Expedition has crossed the Bayou Teche. The main body is beyond the Achafalaya.

Flour advanced 10 to 15 cents. Cotton 90 to 91. Gold 51½.

ST. JOHN, Oct. 13th.

Advices yesterday from Chattanooga report Roseeranz's communications complete, and his forces in position. The raidists have been dispersed, and the enemy in front is inactive.

Roseeranz's troops are in good condition and fine spirits.

Deserters on Thursday from Lee's army report that only two divisions of Longstreet's corps were sent to Bragg, none of A. P. Hill's. Ewell's corps was first sent to Charleston, and afterwards to Bragg. His left in front of the army of the Potomac, about 40,000.

Gen McLellan, in a published letter, favors the election of Democratic Gubernatorial nominee in Pennsylvania, on a platform of vigorous prosecution of the war according to the laws of civilized warfare. He goes in for the restoration of the Union and preservation of the Constitution at any price.

NEWS BY THIS MORNING'S MAIL.

THE Colonial and United States Mails, received this morning, brought the following intelligence:—

BY TELEGRAPH

FROM THE SEAT OF WAR.

BANGOR, Oct. 15th.

In Cavalry fight on Monday in front of the Army of the Potomac two Federal regiments were entirely surrounded but cut their way through, losing four hundred and fifty.

In attempt to blow up Ironsides at Charleston a little steamer making the attempt was sunk by explosion, and commander and fireman captured. Pilot and engineer supposed to be drowned.

Divers report bottom of Ironsides uninjured.

Courtesies are continually exchanged between Gilmore and Dahlgren disproving alleged disagreement. Signs encouraging for renewal of active operations.

Exaggerated rumors prevailed at Washington yesterday of fighting on South side of Potomac, doubtless cavalry skirmishing, but no general engagement.

Latest from Shelby's raiders in Missouri say they divided near Arrow Rock. Federal force is pursuing.

BANGOR, Oct. 15.

Lee's army advancing, and supposed across Rappahannock. Meade is falling back, and will probably take position with centre resting on Orange and Alexandria Railroad.

Yesterday, p. m., heavy firing opened extended line in the direction of Manassas. Later accounts report an engagement between portions of armies, resulting in decided Federal victory, enemy losing a battery and 100 prisoners.

Meade is reported superseded by General Sickles.

Raid feared on Baltimore and Ohio Railroad. No trains run beyond Frederick.

Shelby's Guerillas reported annihilated in Missouri, with loss of entire artillery.

Enemy's batteries at Charleston opened heavily Thursday.

Flour advanced 5 cents.

BANGOR, Oct. 16.

In Meade's retrograde movement to obtain favorable fighting grounds portions of Hill's Corps attacked Federal rear guard, 2nd Army Corps, near Bristow's Station, and were repulsed with loss of four hundred and fifty prisoners, battery of five pieces and two colors.

In evening Lee made desperate efforts to flank and reach Meade's rear via Chantilly and Fairfax Court House, but was foiled.

Meade stronger than generally supposed—his retrograde was in perfect order.

Several regiments left New York suddenly on Wednesday night for Washington.

Stirring news from Knoxville.

Bragg's advance reported crossing Tennessee in considerable force.

Wheeler's force is driven across Tennessee River.

Charlestonians rendered harbor almost inaccessible.

Gold, 156, 7-8

BANGOR, Oct. 16.

Very little news from Virginia.

Lee reported occupying most of the old Bull Run battle ground and the road leading into London Valley.

Federal loss in retrograde movement about 200, Confederate loss in killed, wounded, and prisoners about 1200.

Reconnoissances report Confederates in large force.

Captured officers say Lee's design was to intercept Meade before reaching Centreville.

Steamer "Union," on the 11th captured Blockade running Steamer "Spalding" from Nassau with valuable cargo. She was captured last April under the name of "St. John," sold to parties in New Brunswick, loaded at St. John, ran the blockade into Charleston and out again on the 16th ult., with a valuable cotton cargo to Nassau.

NORTH AND SOUTH.

It is difficult sometimes, at least for residents of this city, to believe that the country is engaged in a fierce and devastating and costly war. Neither the heavy loss of life when battles occur, nor the possibility of foreign complication, nor the gigantic expenses incurred, nor uncertain issue, nor the remoteness of the end, seem capable of rousing the public. It looks for bulletins from its several armies, as it looks for them from the Stock-Market; but of the two questions, "how's gold?" "how's Rosecrans!" the former betokens the livelier curiosity. The apathy, it is true, is broken every morning and evening by the newspapers, that tell us this is the grandest warfare, and the Northern the noblest cause, that the world ever saw. Orators, too, chime in occasionally to the same tune; and nine-tenths of the Clergy din it into us regularly on Sundays, to the utter neglect of our immortal souls. What then? Nobody cares. We really believe that the community would lapse into general indifference, were there not a State election and a Russian Banquet on hand.

There has been some further cannonading at Charleston; and an attack by the Southerners, with apparently slight results, upon the U. S. plated steamer *Ironsides*. At Chattanooga also, there have been some exchanges of shots. Elsewhere, skirmishes many, and pretty heavy if rumours might be credited. On the whole, the war languishes. The official report of the late tremendous battle in Eastern Tennessee gives 13,800 as the total U. S. loss—1,800 in killed, 9,500 in wounded, and 2,500 in prisoners. That of the Confederates is not formally announced, but is "believed to be much heavier."

Among the many minor items floating about, we find but two worth recording. In the West, that is on the Mississippi, there appears to be a grand organized attempt on foot to burn up the transport steamers. Several have been sacrificed. At Richmond, in the C. S. House of Assembly, a resolution suggestive of enquiry as to the tone and temper of the North—in other words, a feeler as to peace—has been unanimously voted down.

This is a slim record for a war in which a million of soldiers and five hundred vessels are engaged. But that is not our fault. We can't make events; we can only narrate them. Some times we wonder whether the politicians, the shoddy-men, the merchants, or the administration, shrink with greatest horror from the thought of the war ending.—*New York Albion, Oct. 10.*

From the St. John Morning Telegraph, Oct. 15.

Drafts on the States were given yesterday at the City Banks at 32½ per cent discount. Private telegrams from New York say gold was at 54 per cent on Tuesday and sterling exchange at 70 per cent premium.—There is an advance in molasses, and some excitement in consequence among buyers and sellers. The stock of molasses in warehouse in Halifax on the 1st October comprised 3,400 puncheons, 435 tierces and 375 barrels; of sugar there were 1,214 hhds 56 tierces and 1,096 bbls. Dried Fish has also advanced considerably. Immense quantities of provisions, flour, &c., are being sent up river, principally for lumbering operations, which will be conducted on a larger scale than last winter. Greater facilities are now being offered by St. John parties than was the case then.—In Country Produce we find Oats in better demand at 45 to 50 cents—an advance of 5 cents per bushel. Butter, geese and turkies are also sold at higher rates. The market has been well supplied of late. Smooth Buckwheat can now be had at \$2 to \$2.25.

We regret to learn that the Sub-marine Cable connecting this Island with the neighboring province, is again out of order. It is believed that some vessel has dragged her anchor foul of the cable, and that the crew have hauled it up and cut it. Efforts will at once be made, we understand, to repair it forthwith, Mr. Chas. Hyndman, the manager of the Line in this Island, having proceeded yesterday to Cape Tormentine for that purpose.—*Isl.*

The *Eastern Argus* of Portland announces that a fine sea-going iron steamer, of 700 tons, now being fitted up at Montreal, is to be placed on the route between St. John and Portland during the winter. This will be a great convenience to our Merchants, who have long felt the want of regular steam communication with the States during the winter months.—*Courier.*

It is reported that Prince Alfred will in a few months contract a marriage with the Princess Mary of Saxe Altenburg, who has just completed her eighteenth year.

It is estimated that the wheat crop in the South this year will amount to nearly 60,000,000 bushels. In 1861 over 31,000,000 bushels were harvested. This great increase is accounted for by the fact that unusual attention has been paid since the beginning of the war to the cereals. Cotton and tobacco have been planted only to a limited extent.

NO SICKNESS IN THE FAMILY.
NO SICKNESS IN THE FAMILY.
NO SICKNESS IN THE FAMILY.

Families that understand the use of Radway's Ready Relief are never troubled with sickness. Whenever pain or discomfort seizes the patient they apply it at *once*, and that is the end of the difficulty. Those who are seized with Sore Throat, Hoarseness, Diptheria, Influenza, Colds, Coughs, Pains and Aches, Rheumatism, Neuralgia, Chills and Fever, or any other disease where there is Pain or Inflamation, should apply the Ready Relief at once. Do this, and a cure will quickly follow. Thousands of children have been saved by its use in Croup, Scarlet Fever, Convulsions, Diarrhœa, &c. Keep this remedy in the house, and use it when pain is complained of, and no serious sickness will follow.

HOLLOWAY'S OINTMENT AND PILLS.—Rheumatism and Gout.—These purifying and soothing remedies demand the earnest attention of all persons liable to rheumatism, gout, sciatica, or other painful affections of the muscles, nerves, or joints. The Ointment should be applied after the affected parts have been patiently fomented with warm water, when the unguent should be diligently rubbed upon the adjacent skin, unless the friction should cause pain. Holloway's Pills should be simultaneously taken, to reduce inflammation and to purify the blood. This treatment abates the violence and lessens the frequency of gout, rheumatism, and all spasmodic diseases, which spring from hereditary pre-disposition, or from any accidental weakness of constitution. The Ointment checks the local malady, the Pills restore the vital powers.

A TRIAL PROVES IT.—Rev. C. M. Klinck, Lewistown, Pa., writes:—"Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum have stopped the falling out of my hair, and caused a new growth."

Charlottetown, Oct. 19th, 1863.

Summer Valley Farm
FOR SALE.

A Rare Chance seldom to be met with.

TO be sold, the Leasehold Interest of the above beautiful FARM, containing about 120 acres of the best land in Prince Edward Island, fronting on the St. Peter's Road, and also on the Hillsborough River, within ten chains of Appletree Wharf, and eight miles from Charlottetown by the road or by the river, subject to the yearly rent of only £5 3s, or about tenpence currency of this Island by the acre, for a term of 999 years; nearly 80 acres thereof are cleared, dkyed, fenced and under cultivation, covered with crop consisting of wheat, barley, oats, potatoes, turnips, buckwheat, &c; the residue is covered with excellent timber (hardwood and soft) of every useful description; there is a comfortable and commodious Dwelling House, 32 × 25 feet, with a frost-proof Cellar underneath, capable of containing nearly 2000 bushels potatoes, with a convenient Draw Well at the door; a large Barn, with Stables, Cowhouses, Granmary, gig, cart and harness House, pig and sheep Houses complete, with a walled Cellar underneath the Barn which will hold over 600 bushels turnips; the whole snugly sheltered from the north and west by a beautiful grove of hardwood reserved for that purpose. This Farm possesses many peculiar advantages equalled by none else on the river—commanding a picturesque view of the city and harbour of Charlottetown; there is neither hill nor swamp nor a foot of useless or inferior land on its whole surface. From its contiguity to vast deposits of muscle mud and other manures in the said river, and a reservoir near the shore, in which, with little labour, can be collected and deposited any required quantity of seaweed which floats in abundance into the cove and along the shore of said farm every autumn, the whole of said farm can be manured therefrom. And from its contiguity to the said wharf, a ready market is always open for the disposal of all the products thereof, the undersigned having often shipped 500 bushels therefrom in one day, and frequently £100 worth during the fall shipping. A more profitable, comfortable or commodious location for a gentlemen or a good farmer cannot well be found throughout the Island. The terms of sale will be liberal, and made known on application to the Honorable DANIEL BRENAN, Charlottetown, or the owner on the premises, where plans of the same can be seen

FRANCIS McQUAID.

The above Property, if not disposed of at private sale before MONDAY, the Second day of November next, will on that day be offered at PUBLIC AUCTION, at 12 o'clock, noon.

[From the Richmond Whig.]

The Charleston 'Courier' makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. This article has a peculiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the great success of the Plantation Bitters of Dr. Drake, which, previous to our unhappy difficulties was found in most Southern homes, was owing to the extract of Calisaya Bark which it contained as one of its principal ingredients.—"In confirmation of this, we have heard one of our most distinguished physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. Now, that these Bitters cannot be obtained, a substitute should be prepared.—We understand our government has opened negotiations with Dr. Drake through a secret agent, but with what truth we do not know." * * *

We are exceedingly obliged to the Richmond 'Whig' for its remembrance of "Auld Lang Syne," but we can assure "Our Government" that the Plantation Bitters are not for sale to any "secret agents," North or South. There is probably several other things that "Our Government" will yet want.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

Physicians are compelled to recommend it.

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhœ, Colic, and diseases of the stomach and bowels.

DANDELION.—For Inflammation of the Loins and Dropsical Affections.

CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove-buds, orange caraway, coriander, snake-root, &c.

S,—T,—1860—X,

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

Humbugs and quacks howl about the Plantation Bitters; but the following is what's the matter, and they know it:

PLANTATION BITTERS WILL CURE
Cold Extremities and Feverish Lips.
Sour Stomach and fetid breath.
Flatulency and Indigestion.
Nervous Affections.
Excessive Fatigue and Short Breath.
Pain over the Eyes.
Mental Despondency.
Prostration, Great Weakness.
Sallow complexion, Weak Bowels.

LIVER COMPLAINT AND DYSPEPSIA.

Very particularly recommended to Clergymen, Merchants, Lawyers, and persons of sedentary habits. Also for delicate females and weak persons who require a gentle stimulant, free digestion, good appetite and clear mental faculties.

Sold by all respectable Physicians, Druggists, Grocers, Hotels, Saloons, Country Stores, &c.

ARRIVAL OF DR. L. LA'MERT IN CHARLOTTETOWN, P. E. I.

TO THE NERVOUS AND DEBILITATED.—DR. L. LA'MERT, of 37 Bedford Square London, Member of the Royal College of Surgeons of England; Licentiate of the Royal College of Physicians of Edinburgh; M. D. of the University of Erlangen, &c., begs to inform his Patients, and others seeking confidential Medical Advice, that he has arrived in CHARLOTTETOWN, on a Professional visit, and may be consulted on all cases of Nervous and Physical Debility, and on the various Disorders resulting from Sedentary Habits, Excess, Accident, or Climate, Daily, from 10 till 1 p. m., and 6 till 9 p. m., until the 22nd of this month, at MRS DOUGLAS's, Water Street, near the "Islander" Office, when his visits will positively terminate.

Where a secret infirmity exists, involving the happiness of a life, and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigour of manhood, matrimonial unhappiness, compulsory single life, local and physical debility, &c., have their source in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards.

The numerous cures effected by Dr. La'Mert, during his previous sojourn in the Lower Provinces, some in cases which had been pronounced hopeless — have led to many inquiries as to the probability of his making a Professional Visit to Prince Edward Island, and it is in consequence of those inquiries that the above announcement is made.

The great experience derived by DR. L. LA'MERT both, whilst assisting his father, DR. SAMUEL LA'MERT, of London, in his extensive Practice, and in the various Hospitals of Continental Europe, affords an ample guarantee, to those seeking advice, of being under the care of a legally-qualified Practitioner. DR. LA'MERT'S name is to be found in the 'MEDICAL REGISTER,' published under the Authority of the MEDICAL COUNCIL OF GREAT BRITAIN, and is, consequently, not to be classed with the names—in many cases assumed—of a horde of adventurers, who, through the public press seek to impose upon the credulous and unwary, by the publication of pretended qualifications and the advocacy of specifics, that are never beneficial, and in most cases positively injurious.

DR. LA'MERT's Work on "Self Preservation." with Engravings and Cases, revised by Dr. L. La'Mert, Member of the Royal College of Surgeons of England, &c., describes how all the attributes of Manhood are lost or suspended, how they can be re-invigorated and restored to an advanced period of life, and is intended to enlighten thousands on important subjects, in regard to which they are entirely ignorant. The Work may be had in Charlottetown, price 25 cents, or free by post for 50 cents, of Mr. J. Ings, "Islander Office," or from Dr. La'Mert, at Mrs. Douglas', Water St., near the above office, until the 22nd of this month.
