

MAGISTRATE'S COURT — Only two cases were heard in the magistrate's court in Georgetown yesterday. A party from Montague charged with driving while impaired was fined \$50 and costs or 30 days in jail. A person from Belle River charged under the Temperance Act with possession of liquor on other than his own premises was fined \$20 and costs or 30 days in jail.

Personals

Miss Margaret MacKinnon, Brudenell, is visiting in Summerside the guest of her brother and sister-in-law, Mr. and Mrs. Kenneth Dewar.

Mr. and Mrs. Gerald Proctor, Charlottetown, were Sunday visitors to Montague, guests of their son-in-law and daughter, Mr. and Mrs. Alan Nelson.

JUST ARRIVED. — Car Cement. Poole and Thompson, Montague.

THE IMMUNIZATION CLINIC for children of Montague and vicinity will be held in town hall, Montague on Friday, Nov. 5 at 1:30 p.m., and not at school as was previously announced.

PRESBYTERIAN SERVICE — The sacrament of baptism was administered at the morning service at St. Andrew's Presbyterian Church, Montague, on Oct. 31. The service was conducted by the Rev. D. A. Campbell. Appropriate hymns were sung and the choir sang the hymn "A Little Child The Saviour Came."

Evening Auxiliary Thankoffering

More than 75 members and friends of the Mary Miller Auxiliary were present in the Heartz Memorial Hall last evening for the Autumn Thank-Offering meeting.

Those taking part in the worship service were: Rev. A. Frank MacLean, who presided and led in prayer; Mrs. Howard Christie, who read the scripture; Miss Josephine MacCallum, who sang two solos — "On Sweetly Soli Me" and "Come Unto Me"; Dr. G. D. Steel introduced the guest speaker, Miss Elma Inman — missionary on furlough from Trinidad. Her lecture was illustrated with many beautiful color slides which helped portray the work being done there, as well as the magnificence of the scenery and vegetation.

A short business meeting was held at the close of the service.

Potato Marketing Proposals Reviewed Last Night At New Perth Meeting

Mr. Donald A. MacDonald reviewed the setting up of the P.E.I. Potato Board and the policies of the selling agency at a well-attended meeting of potato growers held at New Perth last night.

Mr. MacDonald, after outlining and explaining the pool system of marketing potatoes, stated that the purpose was one to market the Island potato crop in an orderly fashion and to maintain a uniform price. He also reviewed the stages leading up to the calling of the present plebiscite and explained the questions on the ballot.

Certain statements, he said, had been made that the province exercises no control on over-all production. He maintained that in those markets where our potatoes are sold the Island does have a dominant influence on market values. He re-emphasized that there is however, sufficient competition from without the province without having to contend with it from within because of dealers price cutting one another.

He referred to the turnip marketing situation as controlled by the dealers, and stated that last year producers got 17 to 18 cents a bushel, when on the Boston market they were being sold at 6 cents a pound. When the price advanced, he said, this fact was not made known to the producer, until he had brought it to their attention. He felt that if the agency were voted then the potato marketing would be in the same position as the turnip marketing.

"Some interests are scared of the record which we can establish in a normal year such as the present one, and are reluctant to let us try in fear that our record will lessen the strength of their case," he said, "and this is the reason why they are trying to destroy it."

On a question from Mr. Charles Mellish regarding the discrepancy between the potatoes bought and sold, Mr. MacDonald said that this was explained by the abnormal shrinkage at the shed at Charlottetown (22%), Northam (24%), and Morell (22%), while at Georgetown where the board had full control the shrinkage was only 17 percent. On a further question from Mr. Mellish, Mr. MacDonald stated that the dealer may buy back his own pack and market them at a premium price because of the work involved in setting up the better pack.

Mr. MacDonald answered Mr. Webb Nicholson that the board had not sold any futures last spring and had tried to stop the dealers from doing this. He also explained to Mr. Nicholson that regarding the fertilizer question some financial assistance through the board could be worked out in time. However, he noted, that a large percentage of the farmers

Manlaughter Case Preliminary Hearing

Preliminary hearing was concluded in the Magistrate's Court before Magistrate Gilbert A. Gaudet yesterday in the case of Francis Cecil Molyneux charged with manslaughter. All evidence had been submitted at previous hearings and following the adjournment on Oct. 27, the case was resumed yesterday to hear the remarks of Mr. J. P. Nicholson representing the Crown, after which Magistrate Gaudet adjourned the hearing for one week to consider the evidence.

Mr. Nicholson in his remarks referred to section 250 of the Criminal Code defining homicide as "the killing of a human being directly or indirectly, by any means whatsoever." Section 252 of the code says, "He is either culpable or not culpable."

Mr. Nicholson said, "McKenna is dead — he died of injuries to the brain. Medical evidence revealed that blows on the chin and face, which Molyneux admits having delivered, knocked him out and caused injury to the brain. Culpable or not culpable, was any conduct of Molyneux on that day, unlawful? If so the result was manslaughter."

Mr. Nicholson described the function of the sitting Magistrate who was required to see if the Crown had sufficient evidence to put the accused on trial.

The charge arose as a result of the findings in an inquest at which the jury reported that "John Joseph McKenna came to his

Would Like To See New Potato Setup Tried Before Plebiscite Voting

"It is unfortunate that this coming plebiscite had to be held before the producers could have a chance to see how the Marketing Board with a Central Selling Agency would work," said Mr. Leo P. McIsaac, in addressing a potato producers meeting at Alton Hall last night. Mr. Dan MacPhee presided at the meeting which was not largely attended.

Mr. McIsaac felt that if the potato growers had a chance to see how the proposed setup would work for a period of a year or two, they would then be better informed as to what way to vote.

death on Sept. 27, 1954, on the Prince Nova while en route to Camp Hill Hospital, Halifax, as a result of head injuries Sept. 15, 1954, at Roy Molyneux's farm, Bradabane, when engaged in fighting with Cecil Molyneux." Thirteen witnesses were heard at the previous hearings in addition to the voluntary evidence of the accused.

ted that to a great extent the true, but expressed the hope that the leadership Island producers could give in this direction would be followed by Maine and New Brunswick. "We will never know,"

Successful Cancer Drive At Montague

The cancer campaign in Montague recently concluded was one of the most successful ever conducted in this progressive King's County town, according to Dr. M. J. Bonnell, provincial campaign chairman.

The Montague campaign was directed by that very capable campaign chairman, Mr. Gilbert Clements, and reflects special credit on him and his splendid group of workers.

Mr. Clements is naturally pleased with the exceptionally fine amount raised expressed his sincere gratitude to both the donors and workers for assisting in this very worthy cause.

Death Due To Accidental Causes

"That Albert Phillips of MacNeill's Mills came to his death as a result of injuries received when a car in which he was a passenger left the road near Alexandra on Oct. 22, 1954. Death was accidental." The above verdict was submitted to Coroner Dr. L. E. Prowse by the jury on Nov. 2 following the hearing of evidence given by Gordon MacDonald of Heatherdale, driver of the car.

The evidence given by Gordon MacDonald was substantially the same as given by Mrs. Preston MacDonald at the hearing of Oct. 26. Witness also said after passing the church at Pownal on the way to the city he remembered nothing until he woke up in hospital at Charlottetown.

The case arose as a result of the death of Albert Phillips, 28, of MacNeill's Mills when a 1947 model Ford coach driven by Gordon MacDonald of Heatherdale, left the road at Alexandra on the morning of Oct. 22, crashed into the con-

Death Due To Accidental Causes

crete abutment of a culvert and turned over. The inquest was opened on Oct. 22 and adjourned to Oct. 26 when it was further adjourned to Nov. 2 to permit Gordon MacDonald, who was in hospital to give evidence.

Jurors were: Messrs. Alexander Compton, Belle River; Cyril F. Jones, Alexandra; Robert Nicholson, Belle River; Howard Hancock, Belle River; Dewar Sinclair at Alexandra and Roy Gallant, Vernon; of Oct. 22, crashed into the con-
