Former Rail Mail Clerk Charged In Train Holdup

By IAN MACNEIL
Canadian Press Correspondent
SYDNEY, N.S. (CP) - Russell Francis Ross, 41, of Florence, N.S., a former railway mail clerk now unemployed, was charged with theft Friday, one day after a masked bandit hopped aboard a mail car, locked up two clerks and escaped with \$10,000 worth of stamps and 35 pieces of registered mail.

about 30 miles from the Strait of Canso, and arrested Ross on his uncle's farm at Bucklaw, about 15 miles from the railway. Police said he did not struggle. All the loot, except one package of mail which postal officials said was not valuable, was recovered. There was no estimate of the loot's value. It included jewelry and narcotics. USED SHOTGUN The bandit jumped on the train at Port Hawkesbury, first stop on the Cape Breton side of the Strait of Canso. He herded mail clerks Lester MacKay and Gordon Morash, both of Truro, into a washroom with the threat of a sawed-off shotgun. Then the bandit slashed open mail bags, packing his loot into MacKay's suitcase. He is believed to have jumped off shortly after the train left Orangedale. He left his gun behind. Police said Ross' arrest came after a long chase through the woods when police dogs tracked him over rough terrain. At one point, they said, the wanted man fell down a steep hill. When he headed in the direction of his uncle's farm at Bucklaw, two RCMP officers were posted in the house and Ross walked into their custody. The two mail clerks were confined to their tiny washroom for three hours after the bandit locked them up. They finally escaped when the train reached Little Bras d'Or and a mail courier heard their cries. Ross, unmarried, was a clerk several years ago before he went to Ontario. He returned recently and has been unemployed.

Manitoba Farmers See No Chance Of Early Food Cut

By HAROLD MORRISON
Canadian Press Staff Writer
WINNIPEG (CP) - Spokesmen for Manitoba's farmers shook their heads Thursday and said they could see no immediate hope of a reduction in the retail price of food. Not that farmers expect to reap any higher incomes, said the Manitoba federation of agriculture. It was simply a case of farmers receiving less money for their products and the distributors and retailers not passing along the reduction to consumers. That, suggested Dr. W. Malcolm Drummond of Guelph, Ont., member of the royal commission on price spreads, was "an extremely significant statement." He urged federation officials to expand on their views as much as possible. R. E. Moffatt, federation economic consultant, told the seven-member commission that the federation had made a detailed study of price changes during the last 10 years or so. In theory, a price reduction tended to stimulate sales and therefore was a favorable feature of farm industry operations. NOT PRACTICE "But in the production of food products in Canada that theory has not worked in practice and there is no indication that it will work in the near future. "Farmers have been forced to

accept a lower price for the food items which they produce but consumers have not reaped the benefit." The margin between producer and consumer food prices had widened. A "substantial part of this widening of margins" had occurred "by a process of increasing retail prices, at the very time when prices to farmers are declining." Mr. Moffatt suggested that all levels of food prices, from the producer to consumer, tended to increase gradually, reaching a high in the 1950-53 period. But after that, farm food prices dropped. Retail prices took no similar plunge. EXPENSIVE HABIT It appeared, said Mr. Moffatt, that the consumer had formed a habit of paying high prices for food "and retailers took advantage of that habit to provide no reductions." Another brief, presented by the provincial resources department, reported accusations by fishermen that fish packers were getting unusually large profits while fishermen suffered financially. The University of Manitoba's study showed that in 1956 retailers in the Winnipeg area got 38.3 per cent of the consumer's beef dollar while packers got only 6.7 per cent. The farmer got 5.3 per cent and the transport industry 3.2 per cent.

Calls Nfld. Fish Quality For Caribbean Sale Disgraceful

ST. JOHN'S, Nfld. (CP)—Fisheries Minister Cheesman told the Newfoundland Federation of Fishermen Thursday the quality of Newfoundland fish prepared for Caribbean area markets was "disgraceful." Mr. Cheesman, just returned from a business-pleasure trip to the Caribbean, told delegates representing 10,000 Newfoundland fishermen "our fish is not properly graded." The Canadian inspection stamp on our products is a deterrent. We are overlooking the fact that the people in the Caribbean area have made big strides forward in the past 20 years. "They have made more progress than we ourselves. We don't appear to have taken suf-

ficient account of their improved economical and social condition and the consequent result on their eating habits. One Jamaican fish buyer told him "if you judge us by the type of fish you're sending us, you must think we're a primitive people." MONOPOLISTIC CHARGE Earlier in the day J. R. Courage, speaker of the Newfoundland legislature, said the health minister for Trinidad and the housing minister for Jamaica have expressed "strong suspicion and dislike for the Newfoundland Association of Fish Exporters Ltd." They referred to NAFEL as a monopoly, said Mr. Courage, who blamed the organization for the loss of West Indian Codfish markets. Mr. Cheesman said "have no comment to make on Mr. Courage's statement. But I will say this: There is tremendous room for improvement in NAFEL. We want a strong up-to-date aggressive selling organization. NAFEL should pull up its socks right now." Name's assistant general manager, Lewis Brooks, blamed the loss in markets on "an alarming drop in the production of high grade fish. He said NAFEL was formed to stop a large number of Newfoundland fish firms from competing against each other for markets.

CON GAMES WITH SUB BELGRADE, Yugoslavia (Reuters) - A confidence man has been jailed for three years after promising to help 13 persons to go to Australia by submarine. Ivan Perkovic told them he could arrange the journey for a minimum charge of 10,000 dinars (about \$33).

Canadian Wheat Exports Increase

OTTAWA (CP) - Canadian wheat exports have been on the increase this year while shipments from other wheat-producing countries declined. A report from the bureau of statistics Wednesday showed that while wheat exports from the United States and other countries declined during the first seven months of the crop year that opened last Aug. 1, Canada's shipment rose to 170,300,000 bushels by March 1 from 158,900,000 a year earlier. The United Kingdom continued to buy most of Canada's export wheat. Just as in the previous year, it took 37 per cent of the total. In the same period, Japan moved into second place as a Canadian customer ahead of West Germany. But while Canada's exports rose, over-all shipments of the four major wheat exporters—Canada, the U.S., Argentina and Australia—were down 22 per cent to 463,300,000 bushels from 592,500,000, as exports from the three other countries declined.

Well Known Brudenell Man Dies In Montague Hospital

The death occurred on Friday, April 18th in his 68th year, of Mr. W. W. Dewar of Brudenell, following a lengthy illness. A life long resident of Brudenell, the late Mr. Dewar was a well known and friendly man and a successful farmer and miller. He was a member of the Church of Christ and a member of the Canadian Legion, having served in the World War of 1914-18 in the 9th Siege Battery in France and Belgium. Besides his wife, the former Florence Gordon of Brudenell, he leaves to mourn four sons: Kenneth with the R. C. A. F. in Summerside; Athol and Stewart in Montague; James in Fisk, Ontario, and one daughter, Margaret, Mrs. Vernon MacKinnon, at home. Also one brother, James in Roseneath and three sisters, Lillian in Charlottetown, Jessie Carl Stewart, Montague, and 15 grandchildren. He was preceded in death by one son Gordon, killed in France in 1944 while serving with the Third Light A. V.; and one brother. His mother passed away only six weeks ago. The remains will rest at his late residence until Sunday when the funeral will take place from the Montague Church of Christ at 2:30 p.m. Interment will be in the Community Cemetery.

Vessel Arrives To Load Produce

The two-masted vessel, Nina W. Corkum, of Grand Banks, Newfoundland, under the command of Captain Harvey Banfield, arrived in port at Montague yesterday to take on a cargo of potatoes. She is of 85 ton registry and was once a fishing vessel. She is being loaded by Poole and Thompson's Ltd., Montague. She always "rejoiced" to see Rev. W. H. Brown, of Zion Presbyterian Church and the Rev. H.L. Mitton, of the United Baptist Church. The message was based on St. John 14:21: "He that hath My commandments, and keepeth them, he it is that loveth Me; and he that loveth Me shall be loved of My Father, and I will love him, and will manifest Myself to him." The hymns sung were as follows: "How Great Thou Art", was sung most effectively by Mr. Bill Rogers. The choir sang "Ivory Palaces." Other hymns were: "All Hail The Power of Jesus' Name", "All The Way My Saviour Leads Me", and Kaye's favorite, "Abide With Me". Pall bearers were: Sterling MacRae, Russell Stewart, John Jay, Ches Cooper, Douglas Moser, Charlie Compton. Interment was in The Sherwood Cemetery. She suffered patiently and long. Her hope was bright, her faith was strong; The peace of Jesus filled her breast, And in His arms she sank to rest. Safe in the arms of Jesus, Safe on His gentle breast, There by His love o'er-shaded, Sweetly her soul shall rest.

Plan Early Start On Saint John Oil Refinery

FREDERICTON (CP)—Industry Minister Roger Pichette announced Wednesday night a target date of 1960 has been set for completion of a \$45,000,000 to \$50,000,000 oil refinery in east Saint John by the K. C. Irving interests. Mr. Pichette said an early start on construction is planned. At peak construction about 2,000 men would be employed. Annual payroll upon completion is expected to be about \$4,000,000. With 4,000 barrels daily capacity, products manufactured will include gasolines, heating oils and diesel fuel. Construction will include a wharf on the waterfront for unloading tankers and a pipeline connecting docks with the refinery. Major buildings will include an administration building, warehouse, maintenance building, product-control and research laboratory and locker and lunch room for employees. Mr. Irving said preference will be given to Maritime labor during construction. Value of labor employed by firms supplying services to the plant when in operation would average about \$1,000,000 yearly. The last great enemy, death, has overtaken one of God's chosen. Yet we who remain rejoice in this truth from God's word, expressed in the words, "No more sea." The sea is the symbol of separation; but not for long. Kaye has fallen asleep and may be separated from her friends and family for a while, but only for a while. Soon the Resurrection morning will dawn bright and fair, and those who have loved her and cherish loving memories will meet again on a fairer, brighter shore, until the morning breaks and shadows flee away, "Farewell." Asleep in Jesus far from thee Thy kindred and their graves may be. But thine is still a blessed sleep From which none ever wakes to weep. She leaves to mourn besides her loving husband John, her brother Randolph, who will always cherish the memory of a "Christian sister"; her mother and step-father, Mr. and Mrs. Chester Bernard, her half-sister, Mrs. her grandparents, Mr. and Mrs. David Rennie, her mother and father-in-law, Mr. and Mrs. Wendell Phillips and her brother and sister-in-law, Basil and Sylvia Phillips, besides a large number of friends who will mourn her passing, but know, for Kaye to be absent from the body is to be present with the Lord. On Sunday, February 16, 1958, at 2 p.m. a very large number of friends from near and far assembled in Zion Presbyterian Church to pay their final respects, and bid farewell for a little while, to one, "Who had let her Light so Shine." The very large attendance bore silent tribute to the esteem in which she was held. The service was conducted by the two Clergymen who had visited her during her illness, and whom

Montague And Souris Visited By Officials

Officials of the National Employment Office, Charlottetown, carried out visits to Montague and Souris, during the week. They opened one day offices at both towns, winding up each day with an evening meeting. The Legion Hall was engaged in both places. They went to Montague on Wednesday, and to Souris on Thursday. They interviewed people in both towns and took a few benefit claims. It was not expected that the temporary offices would draw a large number of people because many workers, especially fishermen, are returning to employment. It is unlikely that further visits of the same nature will be made until next autumn. At that time hundreds of people will again be filing unemployment insurance claims for benefits. Heretofore the great majority have done so by mail. Many are the claims received by mail are incorrectly completed, and must be returned to the claimant for correction. In the Autumn, the local office will be sending a team to both Montague and Souris to take the claims in person, and thus heading off delays caused by carelessly completed postal claims. It is felt by officials of the Charlottetown Office, that the taking of claims over-the-counter in Souris and Montague, will be a great convenience to hundreds of employees. It will also enable any employers who have problems connected with unemployment insurance contributions, to have these ironed out and explained.

IN MEMORIAM

MRS. JOHN PHILLIPS There passed away at her home in Charlottetown on February 13, 1958, Mrs. J.W. Phillips in her 22nd year. Mrs. Phillips was the former Catherine Elizabeth Nicholson, born April 4, 1936, the daughter of the late John and Mrs. Nicholson of Darlington, Prince Edward Island. Kaye as she was called by all who knew her died as she had lived, quietly and peacefully. She was, in life, a young woman of strong character with an abiding faith in Jesus Christ. Her early days were spent with her grandparents whom she cared for most tenderly. All her friends and neighbors came to know her as a loving and devoted friend and a devoted Christian. On June 16, 1954 she married Mr. J. W. Phillips of Charlottetown who mourns her passing. Kaye was a young woman who made her Christian Faith a living reality to all who knew her. It was while attending a Presbyterian Young Peoples Camp in P.E. Island that she first yielded her life and gave her heart to Christ. Since that day until her death all who came into her presence could realize and feel the warm Christian graces that she possessed. Suffering always brings forth periods of extreme testing, and while she suffered more than others knew, her consideration was not for herself but for those around her. From the first indication that human aid was insufficient she looked forward with complete confidence to the moment of departure. It was she who was taken away at a tender age but the Divine purposes are not ours to know, yet we know assuredly that today she is with the One whom she so faithfully served and loved. The last great enemy, death, has overtaken one of God's chosen. Yet we who remain rejoice in this truth from God's word, expressed in the words, "No more sea." The sea is the symbol of separation; but not for long. Kaye has fallen asleep and may be separated from her friends and family for a while, but only for a while. Immigrants On Largest Train Out Of Halifax

HALIFAX. — A lot of hope and confidence is travelling on the largest passenger train ever to leave the port of Halifax — and now en route to Montreal. The special Canadian National Railway train of 24 cars is carrying 761 people immigrating to Canada. Most are from Italy, with 185 persons from Greece. The majority are family groups joining fathers or other relatives already settled. Some 30 young women are travelling to be married to sweethearts in Canada. The long train, pulled by three powerful diesel units instead of the usual two, is expected in Montreal early (Thursday) morning. From Montreal, the large assemblage will break up as groups depart on the first connecting trains for diverse points, mainly in Quebec and Ontario. The travellers arrived on the Greek liner "Olympia" from Mediterranean points Tuesday night, and left on the special CNR train at a minute before
