British Chief Of Atomic Energy Sees Fast Progress

By MAX HARRELSON GENEVA (AP)—Sir John Cockcroft, Britain's atomic energy chief, says nuclear development will be so rapid that the atomic power station of 1970 will make a model Ford.

COAL CHEAPER AT FIRST

He said it would be a mistake to expect the cost of nuclear power to be cheaper than coal during the next decade, but he added there was "good reason to believe that in the second decade the cost of nuclear power will fall below that

Official Opening Today Of Boy Scout Jamboree

By BILL BOSS Canadian Press Staff Writer NIAGARA-ON-THE-LAKE, Ont.—The Boy Scouts Association of Canada Friday night expressed regret that neither the prime minister nor any member of the federal cabinet had been able to accept their invitation to the official opening today of the eighth World Scout Jamboree.

Coming Events

State Of Emergency Mutiny Flares In The Sudan

KHARTOUM, Sudan (Reuters)—A state of emergency was declared Friday in southern Sudan following Thursday's mutiny of three companies of the Sudan defence force. The Sudan government rushed military reinforcements to three southern provinces where three North Sudanese army officers were reported missing, one of them believed killed. The emergency proclamation was issued by Sudan Government General Sir Knox Helm from his holiday retreat in Scotland. Helm was reported returning to London. WARN AGAINST RUMORS The Sudanese government in a statement Friday appealed to the nation "not to listen to biased rumors circulated by evil-doers." The statement said the mutiny involved two companies of the Equatoria Corps stationed in two southern Sudan. The missing officers, from the northern Sudan,

To Moscow

Cmdr. Geoffrey Phillips, 37, Halifax-born engineering officer, has been appointed Canada's first naval attaché at Moscow. Cmdr. Phillips, who has been serving at headquarters in Ottawa, will take over the new post August 29. (CP photo from National Defence)

Sister Superior Of St. Joseph's Convent Here Dies Unexpectedly In Hospital

Reverend Sister of the Resurrection, Sister Superior of St. Joseph's Convent, and Principal of Rochford Square School for more than 30 years, died unexpectedly in the Charlottetown Hospital last evening. Sister of the Resurrection, the former Christine Nelligan of Tignish, entered the Notre Dame order in 1918 and spent her entire religious life in Charlottetown. She had been Superior of Notre Dame Academy for six years and had returned to St. Joseph's Convent in 1950. She will be lovingly remembered by many former pupils of both these schools. The only surviving member of her immediate family is a sister, Mrs. Patrick M. Kelly (Ada) of Brighton, Mass., who with her

Two Shot To Death In Murder And Suicide

COLEVILLE, Sask. (CP)—Two men were shot to death and a woman wounded critically here early Friday. A shot gun was used in what police termed a case of murder and suicide. RCMP identified one of the dead as John Byron Abraham, 52, a laborer at the Coleville grain elevator, but refused to name the second man immediately. In hospital is Abraham's wife, Mildred, 37, shot in the right shoulder near the neck. Police said Abraham shot the man, a 30-year-old laborer at an oil refinery, and Mrs. Abraham in the kitchen of the Abraham home shortly after midnight then went into the backyard where he committed suicide by shooting himself in the head. Police declined to give a reason for the shooting. Coleville is 110 miles southwest of Saskatoon.

Conference Will Seek Moroccan Crisis Solution

PARIS (Reuters)—Premier Edgar Faure and other government leaders will begin a week-long conference Monday with leading Moroccan politicians in the Alpine spa, Aix-les-Bains, to seek a solution to the Moroccan crisis, the French government announced Friday night. The government reached its decision after an eight-hour meeting between a ministerial committee of five, headed by the premier, and Morocco's tough resident-general, Gilbert Grandval. Grandval flew to Paris Friday to appeal for immediate action. He is reported to have told the premier that time was running out

Toronto Welcomes Marilyn Home With Huge Parade

TORONTO (CP)—Toronto-ians Friday roared their welcome to the city's favorite daughter as swimmer Marilyn Bell rode home beneath a cloud of windblown ticker-tape. From the flag-draped steps of city hall, surrounded by cheering crowds, Mayor Nathan Phillips hailed in the English channel-conqueror "the unconquerable Canadian spirit which never says die." The 17-year-old who leaped into hearts and headlines with her victory over Lake Ontario last September arrived half an hour late for her gala party. Her plane was rerouted to Ottawa because of a ground-fog in Montreal.

Grand Champions At Cattle Exhibition This Week

Pictured above are the "Pride of the Isle"—the Grand champions, male and female, of six of the eight breeds of livestock entered in the cattle show at the Provincial Exhibition this season. The grand champions in the Aberdeen Angus and the Red Polls are not included in the picture since judging in these classes was still in progress when the pictures were taken. From left to right, the animals are:— Short horns: 1. Athol Roberts female champion "Tea Kay Deep 4D"; 2. Cyrus Eaton's "Deep Cove Ironclad Monarch 4th" male grand champion. Jerseys: 3. Malcolm MacKay's female champion, "Laneline Lorraine"; 4. Edison Mutch's male grand champion and one-time Royal Winter Fair grand champ, "Edgela Beacon Jester's Stand-

Defence Contract Let To Halifax Firm

OTTAWA (CP)—A list of defence contracts totalling \$9,477,252, awarded in the second half of July, was issued Friday by the defence production department. Foundation Maritime Ltd., Halifax; physical and recreation training building, \$916,718.

Mail Halted

BOSTON (AP)—Floods virtually halted movement of mail in and out of Boston Friday. L.A. Waddington, general superintendent of postal transportation, said no mail arrived by train and none was shipped out by rail. Highway conditions made it impossible to substitute buses for train.

Hopes Dim For Regaining Big British Cheese Trade

OTTAWA (CP)—A federal trade authority Friday dimmed hopes that Canada will ever regain the big cheese market she had in pre-war years. But he said that if quality remains high, exports could possibly rise to 12,000,000 or 15,000,000 pounds a year. D. A. B. Marshall, Canada's commercial secretary in London, said Canadian cheddar producers would have to reduce their prices by at least 10 cents a pound to compete with New Zealand if they wanted to boost exports to Britain to the 1938 volume of some 75,000,000 pounds. "As this is manifestly impossible from the Canadian producers' point of view, Canada should aim at the marketing of a smaller quantity of a top quality product for which there is a potential market of somewhere between 12,000,000 and 15,000,000 pounds," he said in a report appearing in the government's foreign trade magazine, BIG DROP SINCE WAR Canadian exports to Britain dropped to 4,200,000 pounds last year, down from 14,100,000 in 1945 of 131,100,000 pounds, or 40 per cent of Britain's total imports that year. Britain is the world's main cheese importer. "Canadian imports are virtually the only source of matured cheddar made from unpasteurized

Island Scouts Arrive At Jamboree And Prepare To Have Interesting Time

(Special To The Guardian) WITH THE ISLANDERS AT THE JAMBOREE:— In spite of the fact we were all expecting the worst in weather Friday—namely hurricane Diane with her accompanying rain—it turned out to be a lovely day here at Niagara-on-the-Lake with plenty going in sub camp Atlantic where we Islanders are more or less acting as hosts along with N. B. and N. S. Scouts. Thursday evening we had only 14 staff members in camp but Friday contingents arrived from New Zealand, Leeward and Windward Islands, the Bahamas, Bermuda, South Africa, Scotland, U. S. A., and our three Maritime Provinces to swell our total members to 1,098. Our Island boys, although they were the last to arrive—just before dark—were in good spirits and settled right down to business, pitched their tents, had a bite to eat and then after a bit of visiting, rolled in for a good night's rest. Questioned on their trip up to the Jamboree, the boys all stated they enjoyed the flight to Saint John through the courtesy of the (Continued on page 2, col. 3)

Train Held

MONTREAL (CP)—Canadian National Railways cancelled Friday night's scheduled departure of the train, the Washingtonian, because of Massachusetts flood waters. The crack train will resume its schedule Saturday, CNR officials said. Earlier, it was learned that the Washingtonian Friday was diverted from its normal route along the Connecticut river because of the floods and was stranded at Holyoke, Mass. (Continued on page 2, col. 3)

Portable X-ray Operates On Atomic Power

GENEVA (Reuters)—American scientists have produced a portable x-ray machine weighing between 20 and 50 pounds and operating on atomic power, it was disclosed Friday. Dr. R. G. Dags of the U.S. Army medical research laboratory at Ft. Knox, Ky., made the disclosure before the atoms-for-peace conference. Dags said that since the x-ray machines require no electricity, they can be sent to the site of an accident for immediate examination of broken limbs. The pictures, he said, are inferior to modern x-rays but are clear enough to locate bone fractures or foreign bodies.

Death Toll 56; Called Major Disaster

PHILADELPHIA, (AP)—The death toll in the worst floods in eastern United States history rose to at least 56 Friday night as rampaging muddy waters, fed by torrential rains, churned through nine states with property damage estimated at billions of dollars. Although Friday's floods were the worst from the standpoint of damage caused, the death toll was still far short of the 2,200 lives lost in the great Johnstown, Pa., disaster of 1889. As swollen rivers and tributaries gushed over their banks in many sections, the governors of Pennsylvania, Massachusetts and Connecticut proclaimed a state of emergency. Governor Abraham Ribicoff of Connecticut telegraphed President Eisenhower: "We are faced with a major disaster." In New Jersey, southeastern New York and Rhode Island some vulnerable towns were isolated. The drenching summer storm, causing the heaviest rainfall ever recorded in some sections—as much as 11 inches in a 36-hour

Report Record Rainfall In Boston In 36 Hours

BOSTON (AP)—The heaviest recorded rainfall in New England history flooded Massachusetts, Connecticut and Rhode Island today, taking a mounting toll of life, causing billions of dollars damage and forcing hundreds of families from their homes. At least 25 persons were reported dead. The governors of Massachusetts and Connecticut proclaimed a state of emergency. Governor Ribicoff of Connecticut wired President Eisenhower: "We are faced with a major disaster." He estimated damage in the "billions of dollars." Mayor Richard C. Lee of New Haven, Conn., said the number of flood dead in Waterbury was reported as more than 15. Ten persons lost their lives in Massachusetts. 10 DEAD IN MASS. Massachusetts counted 10 dead,

Husband Faces Murder Charge

TORONTO (CP)—Pasquale Dinardo, 45, Friday was charged with murder shortly after his wife was fatally stabbed through the heart with an eight-inch butcher knife. Police said Mrs. Mary Dinardo was stabbed six or seven times in the kitchen of the family's west-central home while one of the couple's four children looked on. Neighbors of the Dinardos described them as a "devoted couple" often seen shopping together hand-in-hand. Police said Dinardo, who has been in Canada five years, told them in Italian and broken English that he believed his wife had been friendly with other men.
