

Ten Records Established In Prince County Meet

Ten records were broken at the Prince County Track and Field meet at Kensington Saturday.

Kensington, the host school figured in on five of the record breaking marks. Gerry MacDonald set two Junior boy marks, getting distances of 18 feet, five inches and 38 feet, 9 inches in the Broad Jump and Hop, Step and Jump respectively.

Margaret Mayne high jumped 4 feet, 6 inches to set a new Senior girls record. Barrie MacEwen pushed the shot 43 feet, 4 inches for a new—Senior—boys shot put record and the Kensington Senior girls 440 relay team established a new time of 57.5 seconds.

Summerside followed up with four more records. Bob Clive set a new time of 24.2 seconds in the Junior Boys 220 yard dash; Bill Bishop ran the Junior boys 100 yards in 10.5 seconds for a new time; Wayne Clason did the 440 in 55.4 seconds—another Junior record and the Junior boys 440 relay team established a new time of 47.9 seconds.

George Cheverie of Tignish School was credited with the other record—scaling to a new height of 10 feet, 6 inches in the Senior boys pole vault. Cheverie was also voted the top male athlete of the meet. Two Kensington girls—Jane Cash and Margaret Mayne were selected as the two outstanding female performers.

Of six schools competing, Kensington finished first with a total of 133 points. Other schools were: PCVHS, Athys Regional High, Summerside, High, Miscouche and Tignish. Prince County High School Track and Field Meet results: Senior boys discus: 1. Omer Martin, Tignish; 2. Barry MacEwen, Kensington; 3. David Carty, Miscouche. Senior boys shot put: 1. Barry

MacEwen, Kensington; 2. Gerard Smith, Summerside High School; 3. George Cheverie, Tignish. Senior boys high jump: 1. Syd Graveline, Miscouche; 2. Gerard Peters, Tignish; 3. Alyre Poirier, Miscouche. Senior boys running broad jump: 1. George Cheverie, Tignish; 2. Bob Hello, Summerside High; 3. Philip Somers, Kensington.

HOUSE FIRST LIT

Electric lights were first installed in the White House by President Harrison in 1801.

HUNTERS' CORNER

Local Trout Fishermen Are Off To Flying Start

Just two days distant ... the month of the seatrout in former years ... our trout fishermen have enjoyed trout fishing that is something to remember. The first week in May saw the advance guard of big, tackle busting seatrout move into our streams and causeways. I have been asked on numerous occasions of late as to what caused this migration from salt water so early in the season. The only explanation I could offer was the abundance of clear, cold fresh water. There was no surging torrent of red water rushing seaward. Trout shun this type of water like we shun a plague. A record snowfall covered the ground and there was no frost in the soil and there was no flooding during the melting process ... it seeped in gradually and our streams were running full, bank to bank, with clear blue water. It could be many long years before we experience another spring like the one just passed.

Four pounders are as common as Mayflowers in spring while two and three pound trout are considered just plain, ordinary pan fish. A number of six pound trout have been creel and many more hooked and lost. An angler friend of mine told me he stopped his car on West River Bridge and watched an angler trying his luck. He was using a very large gudgeon as bait. As he watched some underwater monster grabbed the offering. The angler grabbed the rod butt with both hands and heaved ... there was a heavy under-water

swirl and a huge trout showed momentarily just beneath the surface and the battle was over a split second after it started. This past week trout fishermen have to work for what they get. Sometimes the wait may last the best part of a day but one never knows when lightning will strike. West River is a favourite angling spot at the moment. Fresh run seatrout are appear to be slightly intoxicated and will grab anything they see just for 'kicks'. After a day or two in fresh water they appear to develop a 'hangover' and are not too much interested in anything. A very human like trait I am sure.

The black duck picture has brightened this spring so far as potential breeding pairs are concerned ... they are more pairs in evidence than for at least three years but ... will they produce broods? Our biologists content that the use of insecticides and pesticides has created a host of barren birds. They'll nest and lay eggs that never hatch. This is not guess work on their part ... they maintain that they have proof of this. The current hatch of local black ducks will be studied closely this summer. This columnist has been asked about the duck season this year with respect to the opening and closing dates. I gave them my answer. Open on October 18th and close not a day later than December 31st ... with a daily bag limit of three and possession of five ... and that's too generous.

"Please Cancel My Ad --- Everything's Been Sold!"

Smart gal! You may be sure there's nothing around her home "gathering dust—because, like so many wise, modern homemakers, she doesn't keep anything after she discovers it's no longer being used or enjoyed. She sells it—while it still has maximum value, with an inexpensive Guardian - Patriot Classified Ad. Why not put the result-getting magic of Classified Ads to work for you? It's easy, inexpensive and mighty profitable. Here's all you do.

Take a look around your home for the worthwhile things your family doesn't use or enjoy anymore. Things like sports equipment; musical instruments; outdoor furniture, grills and play sets; appliances; tools portable TV, and much more.

Then, when you have your list (and you'll probably be surprised at how much you turn up the first time) just dial Charlottetown 4-8506 for a courteous Ad Writer. She'll quickly help you word your ad to get faster results ... and, a 24 word ad is only 96c on the 6 day rate.

So take a tip from some of the smartest homemakers on "the Island". Sell things you aren't using with Guardian - Patriot Classified Ads and have the extra cash that means better, easier living.
