Georgetown Docket Is Light Only Five Cases Are Heard

GEORGETOWN — Following a series of heavy dockets, Magistrate James B. Johnston, QC, was confronted by few offenders at Wednesday's session of the Kings County magistrate's court in Georgetown.

Changing an earlier plea of not guilty to one of guilty to a charge of driving a motor vehicle while his license was suspended, Ford Frederick White, Murray River, was fined \$50 and costs or 15 days in jail.

Charged with failing to provide for his wife, Richard Bruce Coalen, East Baltic, had his case dismissed by the magistrate.

A portion of the evidence in the case had been heard Dec. 4 at St. John's, and the magistrate said that in the light of the evidence thus far produced he was dismissing the charge.

Facing a charge under the Unemployment Insurance Act, William D. Miller, Murray River, had his case adjourned until Dec. 18.

For having possession of intoxicating liquor in a place other than his residence an accused was fined \$20 and costs or 30 days, while another charged with being intoxicated in a public place was fined \$20 and costs or 15 days.

S'ide May Encourage Decorating Of Homes

SUMMERSIDE — The Summerside centennial committee has revealed that approximately \$2,000 is being allotted to the town for decorations and lighting for the 1964 celebrations. The committee met Wednesday.

The provincial centennial organization will make grants of 50 cents per capita to communities, and has encouraged citizens to decorate their homes and community so that Prince Edward Island may have its greatest year in history.

A feeling was expressed at the meeting that the Town of Summerside should contribute a similar per capita amount. Commissioner Percy was present at the meeting and it is believed the town council will discuss the possibility of making a donation for centennial celebrations within that amount.

Ted Chandler, chairman of the lighting committee for the centennial celebration, said that lighting for churches and business establishments in need need not be of great expense.

Flood lights were shown to those present at the meeting and it was estimated sufficient lighting for most buildings, including churches, could be had for less than \$80. Flood lights for homes would cost less than \$5.

Mr. Chandler said that flood lights will likely be demonstrated at Island churches early in 1964, and if favourable, purchasing prices will be suggested.

Town electrical supervisor, Tom Richardson can be contacted in Summerside for information regarding home illumination.

The meeting was unanimous in favor of disregarding the present town entrance archway in favor of appropriate signs and flower beds.

"I don't think the archway is very attractive," Mr. Richardson said, "and their lighting is too expensive."

Several centennial celebration articles were shown at the meeting and will be available in the pages early in 1964.

They included strings of pennants, wooden plaques with the centennial emblem, measuring approximately three feet in height and one foot wide, Red Ensigns of various sizes. Baskets of flowers will likely be available for home and street decorations and centennial medallions will be sold. Copper medallions will be given all Island school children.

FOUNTAIN BAZE

It was decided that the erection of the main pedestal for the central fountain in Summerside would be built this year and not in 1967 as previously proposed.

The \$400 cost will be included in the annual budget.

The winners are as follows, with the amount given per year in brackets:
