enemies of the Church and Government all men who may offer in word or deed, obstructions to the Government and Legislatures, in their honest attemps to make the new constitution work well. They are also, with commendable liberality, urging upon their people the necessity of union between all classes, creeds and nationalities, in order to give the Confederation a fair trial.

SUPREME COURT.

The Trinity Term of the Supreme Court for Queen's County opened on Tuesday, his Lordship the Chief Justice presiding. The Grand Jurors were:—

F. W. Hales, City, foreman; John C. Binns, New Glasgow; Samuel Hyde, West River; Benj. Wright, Royalty; Wm. McGill, City; Alex. Simpson, Lot 21; Alex. Robertson, Lot 30; Henry Hell, Princetown Road; Wm. Heard, City; John Drake, West River; David Lawson, Covehead; John Mutch, Lot 48; George Beer, City; C. A. Hyndman, City; Jas. Laird, New Glasgow Road; George McGougan, Lot 33; Mark Inman, Lot 29; John Leach, Stanhope; Thomas Delany, City.

The Criminal Calendar contains one Larceny, a charge of obtaining money under false pretences, of malicious Stabbing, and of Assault, with intent, &c.

The first record or jury cause was settled. The next five were tried on Wednesday, and a verdict given for the Plaintiff in each case. Gates *vs.* Bell & others, and O'Neill *vs* Gaul, actions on promissory notes, were confessed in open Court. In the Queen *vs.* Ellen DeCoste, indicted for Decit — obtaining money under false pretences—the Grand Jury brought in a True Bill. It appears that one day in May last the prisoner, who was at the time a servant in the employ of Mr. Patrick Higgins, Milton, went to the house of Mr. Samuel Kidston, Royalty, and told him that her master had been in town the day before with a load of potatoes, which he was unable to sell, and that on his way home he fell off the cart and broke his thigh. The prisoner further added, that Mr. Higgins had sent her for some or the whole of the money that was due him from Mr. Kidston, who immediately gave the girl DeCoste 29s. 6d., for which he had nearly a week previously requested Mr. Higgins to call. She was tried and convicted. For the Crown, the Solicitor General and E. Palmer; for the defence, Hodgson and McLeod.

McDougald *vs.* McDougald occupied the whole of Thursday and a part of yesterday. This was an action to recover damages for an alleged breach of promise of marriage. The evidence for the prosecution showed that if not paying his addresses to the Plaintiff, the Defendant had at least been keeping company with her for several years, and that on one occasion he went so far as to promise to marry her. Indeed, this was hardly denied. On the part of the defence testimony was adduced to prove that the Defendant had been absolved from his engagement—whatever it was—by the Plaintiff's consent, and that if this had not been so, circumstances had come to his knowledge subsequently to his making the promise which legally justified him in refusing to fulfil it. For the prosecution, C. Palmer & McLeod; for the defence, Longworth & Hodgson.

In Lamphier *vs.* Jenkins, and Brundage *vs.* Clark, the defendants confessed judgment.

The Queen *vs.* Duncan James Boyle, a master mariner, indicted for an assault with intent to commit rape, was arraigned yesterday and pleaded not guilty. The prisoner is a married man with a wife and seven children living in Newfoundland, and his intended victim a respectable little girl of tender years. Boyle was tried and convicted of a common assault only. Much credit is due to Philip Smith, one of the witnesses in this case, for the pains he took in defeating the prisoner's evident designs, and we cannot but congratulate the parents upon their child's providential escape.—For the Crown Sol. Gen. & E. Palmer; for the prisoner, E. J. Hodgson.

The last of the absent debtor suits was disposed of this morning, and the Grand Jury, after making a presentment in favor of a less expensive and more summary trial of petty larcenies, and of the establishment of County Courts to be presided over by Barristers of good standing with fixed salaries, and holding office at the pleasure of the Government, were discharged.

The Grand Jury also presented two Tavern Keepers for selling spirituous liquors without license, and another for keeping a disorderly house in the city. They also directed the attention of the Court to the fact that the time of the Jury was largely occupied in the investigation of two charges of Perjury which, after the most careful and searching examination of a great number of witnesses, resulted in the unanimous exculpation of both parties from the charges alleged against them. The dangerous state of the city wells, from the constant filtration into them of the most offensive matter of cesspits, &c., was also made the subject of a presentment. The Grand Jury say there is great reason to fear the most alarming results to the health of the inhabitants, if this evil should be allowed to continue, and they express their belief that a remedy for it ought to be found in a system of periodical removal, in small cisterns, of the substances complained of, to places where they might be manufactured into manure to the very great advantage of our agricultural interests.

McLeod *vs.* McDonald—an action for a breach of promise, was tried this afternoon. Verdict for the Plaintiff; damages £65; for the prosecution, Palmer & McLeod; for the defence Longworth & E. Palmer.

Mr. W. W. Sullivan, Law Student, who passed a very creditable examination, was admitted and sworn in an Attorney of the Supreme Court.—*Patriot, June 29.*

A RUSSIAN INCIDENT.—A young Russian recently had the misfortune while prominading the streets of St. Petersburg, to step upon a lady's dress which was trailing before him upon the walk. The woman turned, and in language more striking than elegant, applied the terms "clumsy," "loutish," to the young man. The latter preserved his politeness, and sought as best he could to appease her wrath, but in vain. The beautiful amazon waxed more and more angry, and applied such epithets that he felt at last obliged to reply in her own language, and remarked that if animals persist in dragging their tails upon the ground, they must expect to have them trodden upon. This inflamed the woman to such an extent that she demanded the way to the justice court, and compelled the unwilling criminal to accompany her. Once there she demanded one hundred roubles for the injury done to her dress. It was observed, however, that the dress was not very new, and that fifty roubles would cover the original cost, and this amount the young man was sentenced to pay. The woman was walking off in triumph, when doubtless a remembrance of Portia and Shylock flitted across the young man's mind, and he said: "Wait a moment, young lady; you have my fifty roubles in payment for your dress, but the article itself you have not yet delivered. Will you have the goodness to hand over one part or the other of my property." Blushes of shame now overspread the countenance of the female Shylock, and she turned again to the justice for advice. There was no help for her there; the young man's claim was good, and the money or the dress belonged to him. With a courage worthy of a better cause the woman sent for a hackney coach, went into an adjoining room, removed her dress, and again attempted to leave amid the shouts of the spectators. But her opponent was remorseless. He now indicted her on the charge of foul and abusive language on the street; the facts were proved by witnesses, and the unhappy and mortified creature was sentenced to pay a fine of one hundred roubles. She gave back the fifty lately received in triumph, and all the money and valuables which she had with her, withholding only enough to pay her coach-fare home.

A man named Andrew McGilvary, of Grand River Road, Lot 54, lost his House, Barn, and their contents, by Fire on the 12th inst. Some persons were burning brush in the neighbourhood of his residence, and the fire having communicated with his fencing soon spread, set fire to his house, and afterwards his barn. MacGilvary is left in destitute circumstances, and is in Town seeking assistance.—*Isl.*

CRETE.—On the 15th and 16th ultimo, the Turks were repulsed at Malevesi and the river of Mylo; but Omar Pasha made up for his reverse by devastating the country on his passage. His temper may not have been sweetened by the announcement that the Eastern provinces were in revolt, and that the insurgents had attacked the Turkish positions; but with the instinct of the defeated tyrant, he pursues his course, displaying his Asiatic savagery in the destruction of the defenceless. A later telegram, 27th ultimo, *via* Valetta, announce that the Egyptian corvette Tayoum had brought intelligence from Canea that Omar Pasha had returned there on Thursday, "*after having burned fifty-five villages*," without, however, having obtained any successful result against the insurgents. As this comes from a source favorable to Turkey, there can be little doubt of its authenticity. The Turk is defeated, and, like a child or maniac, wreaks his vengeance on the first defenceless object that falls in his way. He is repulsed by valour that would do credit to the most heroic age of antiquity, and he consoles himself by reprisals on women and children. Only fifty-five villages destroyed, and the infant, the old man, and the weak womanhood abused, and then driven to death by starvation and exposure—and this is the civilized nineteenth century!

THE CAPTURE AND FATE OF MAXIMILIAN.—Monterey correspondence of the 2nd inst., in the New York *Herald*, says:—

"No doubt Maximilian will be found guilty of usurpation and the others of treason; but, unless I am very badly informed, the ex-Emperor will not be shot, and this notwithstanding they will bring against him the many *fusilamientos* and murders committed under his celebrated and barbarous decree of October. It is said that as many as thirty thousand were put to death under that decree. The court will find him guilty and he may be sentenced to death, but the Government will pardon him, or hold him prisoner until a congress of the people is called, which will decide the question. This I am told by persons who ought to know. Juarez is not so bitter against Maximilian as against Marquez, Miramon, Mejia, Almonte, Ramirez, and the rest of the traitors. Do not believe anything about the killing of Maximilian until it is officially announced. Those who are in 'the ring' believe he will not be shot; but for Miramon, Mejia and Castillo, and others, there is no chance."

GOVERNMENT APPOINTMENTS.

COUNCIL OFFICE, June 11.—His Excellency the Lieut Governor in Council has been pleased to make the following appointments, viz:—Mr William H McNeill to be Harbor Master and Ballast Master for Rustico Bay.......Mr Donald Farquharson to be wharfinger for the Wharf at Elliot River.......Messrs John Lord, James Rablee and Thomas Dawson to be Commissioners of Sewers for Tryon River.......Alex K Beaton, Esqr. to be Keeper of the Light House recently erected at the East Point of this Island.......Mr Martin McInnis to be Harbor and Ballast Master for St. Peter's Bay.

BURGLARY.—We learn that the store of I. C. Hall, Esq., was burglariously entered on Saturday night last, and a small sum in coppers stolen therefrom. The thief cut out a panel of the shop door with a knife and thus effected an entrance. As he must have taken a considerable time in doing so, the fact speaks well for the vigilance of the Police.

The office of the Steam Boat Company was also broken into, and a small sum of money stolen therefrom.—*Her.*

POLICE COURT.

29th June, 1867.

Before His Worship the Mayor and Councillor Morris:—

James Flynn, Tavern Keeper, Kent Street, appeared to answer a summons charged with keeping a disorderly and irregular house, being himself and his wife constantly in a state of intoxication. The Court ordered that the Tavern License held by the said James Flynn be suspended for the space of one month from this date. And that a copy of the said suspension be served on James Flynn and published in the newspapers.

By order,
PETER MACGOWAN,
City Clerk.

HOLLOWAY'S PILLS.—Bilious Affection.—In this country nothing is more common, and few ailments more distressing, than the class of diseases dependant on disordered liver. The sensation of nausea, headache, listlessness, and loss of appetite, will at once be recognized as the symptoms of liver affection, which can only be relieved by regulating the action of that organ. Holloway's Pills exercise over the biliary secretion, a healthful influence known and appreciated throughout Great Britian and her colonies. These Pills cure after everything else fails. Sufferers for years from biliousness, sick-headache, and liver complaints have been throughly restored by these Pills to sound health and a good digestion, who previously had no enjoyment in life.

A merciful man is merciful to his beast.

These Powders are just the thing for all Stock; they loosen the skin, make the Hair Soft and Glossy; in short, as their name imports, bring the Animal into "tip-top" condition and vigorous health. A package will more than pay its cost in the Oats it will Save you, for it is not necessary to feed as high when you use these Powders as you do without them.

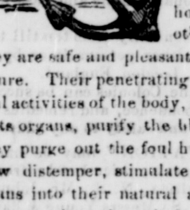
CATARRH.—The origin of Catarrh is in most cases *A neglected Cold*, which can be relieved by the use of "*Brown's Bronchial Troches*," by soothing the irritated and inflamed membrane extending from the nose to the throat. For Coughs and Throat Diseases the Troches are of great service.

Ayer's Cathartic Pills



Are the most perfect purgative we are able to produce, and, as we think, has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system. Not only do they cure the every day complaints of everybody, but formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow-men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use of these medicines and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability. Derangements of the Liver and Kidneys, Gout, and other kindred disorders arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations on which they make more profit. Demand AYER's and take no others. The sick want the best aid there is for them, and they should have it.

Prepared by DR. J. C. AYER & Co, Lowell, Mass. and sold by all Druggists and dealers in medicine everywhere.

Ship News.

The Barque 'William Allen' sailed from this port on Monday evening last for Richibucto, where she will finish her loading and then sail for Great Britain. This fine vessel was built by by Mr. Solomon Strang, and is owned by John Lefurgy, Esq. She is well modelled, copper fastened and classed for five years. We wish her a successful and speedy passage.—*Sum. Jour.*

THE MYSTERY, OF TEIGNMOUTH.—To the Editor—Sir, We, the undersigned, Owner and Master of the late brigantine Mystery, of Teignmouth, beg, through the medium of the Shipping and Mercantile Gazette, to tender our warmest thanks to Capt. Hull, of the brigantine Jane, of Prince Edward Island, who so promptly answered our signal of distress, and immediately bore down on us on the morning of the 19th ult., our own boats having been carried away by a tremendous sea on the 14th, which also took everything moveable from our decks, causing our vessel to leak very badly. Capt. Hull immediately launched his own boat, sending his chief mate, Mr. Thomas Bovyer, in charge, who, although there was a heavy sea running at the time, managed the boat admirably. He, together with his boat's crew, risking their own lives, at length succeeded in rescuing us from our perilous position, to whom we shall ever feel indebted. We have also to thank Capt. Hull and Wm. Bell, Esq., owner of the brig Jane, for their extreme kindness and attention to the wants of ourselves and survivors of our crew who were frost bitten and otherwise disabled, but received every care during our stay on board the ship.

We remain, Sir, yours,
W. T. BODEN, Owner,
JOHN GOLDSWORTHY, Master.

Launched,

On Tuesday last, from the shipyard of Hon J. C. Pope, one of the finest ships probably built here, of 750 tons burthen, called the "NEW DOMINION." She was draughted by and built under the superintendence of Mr. John MacKinnon, and certainly reflects great credit on him. We regret that our space this week prevents a more extended notice of this fine vessel, but we shall give in our next a more detailed account of her. She was not successfully launched, having stuck on the ways; but will be got off with some trouble. Hon. J. C. Pope is the owner, and, we believe, intends her for a trader.—S. P.

On Wednesday, the 19th inst. from the shipyard of Herbert Bell, Esq, Alberton, one of the finest schooners ever built on this Island. She is about 38 tons N. M, and built under the superintendence of Mr. John Stewart, for I. C. Hall & Co. She will be commanded by E. B. Freeman, an American gentleman, an experienced seaman and well known to the owners. The 'Alice Myrick' is what she appears to be, a first class vessel of superior model and finish, and reflects great credit on her builder, Mr. Stewart. Her spars are to be obtained in Quebec.—COM.

NEW TRIUMPHS OF ROGERS' MEDICINES.

Run your eye over them and tell your affected neighbour about it.

PUGWASH, June 8, 1863.

Messrs. Rogers & Co.,

Dear Sirs—I beg to inform you that your medicine has effected a complete cure of the Tumour or Cancer on my lip. It had existed about one year, and continued to grow worse continually, until I got your salve; which cured it in about six weeks.

I also was troubled with an ulcer on my ear, which was occasioned by having my ear frozen about twenty years ago, and never could get any medicine to heal it. The doctors told me it never could be healed; but your medicine cured the cancer so effectually, that I was induced to try it on my ear, and it cured it in a very short time, and has since continued well.

WILLIAM FRASER.

PUGWASH, May 29, 1863.

Messrs. Rogers & Co.:

Gentlemen—I think it a duty I owe to you and the public, to state the following facts, as well for the benefit of humanity as in justice to yourself—although it should have been done long before this; but better late than never.

About four or five years ago I had a cancer in my breast, which had been coming on for a long time before; but at last it became very painful, with sharp and severe pains darting through it at certain times. I being afraid to submit to the operation, and hearing that you had cured many cancers, I, as you know, applied to you, and submitted to your treatment, and used your medicine, and in a few months was thoroughly cured, and have been in perfect health ever since. I would wish this to be made public, for the benefit of others.

Yours with much gratitude,
ELIZABETH RYAN.

We know of no worse case—judging from the description given by letter—than that of a son of W. B. Weldon, Esq., of Kouchibouguac, N. B. He was reduced to a mere skeleton. He suffered most intense pain for many months. His leg was ulcerated, and the bone diseased, a large ulcer on his chin and face. Medicine and skill utterly failed, until all hope of saving his life was gone. Mr. Weldon's was a sorrowful house, no doubt, until our wonderful medicine dispelled the gloom. The lad is now nearly well, smart, cheerful, and happy. The parents, too, look more cheerful, and have lighter hearts, we judge, by the cheering tone of their letters. It is refreshing to us to be thus the instruments of good to afflicted humanity. What care we for the slanders of the unprincipled! Our motto is onward. Our business is to save human life, and cause the suffering and sorrowing to rejoice; and to make money, you will add. Yes, certainly, we respond; and do you not think we deserve some of the large sum annually sent to brother Jonathan for useless articles.

Mr. Thomas Faulkner, of East River, Pictou, N. S. is cured of a sore leg of nineteen years standing. The best physicians in the Province, after exhausting their skill, recommended amputation as the only remedy. His health was very much reduced, but is now completely restored.

Mrs. Hannah Balmain, of Wickham, N. B, after using our medicine for over one year, for an ULCERATED CANCER of the breast, writes us under date of Oct. 15, 1865 as follows:—

"My breast is doing well; there is but one small lump on it now. It only discharges from one ulcer: the rest are all healed up. I have not enjoyed such good health for several years, as I do now. I have only received three bottles of your Syrup since I last wrote. Being a poor woman, it is out of my reach, or I would be entirely well before now."

It would occupy too much space to give a full history of this case. It was a bad one, however. She was preserved, and the result will be a final cure, we judge. Let no man say in future that ulcerated cancer cannot be cured.

MANNY'S Reaping and Mowing MACHINES.

THE Subscriber would inform the Farmers of P. E. Island that he has now on the way to the Island a goodly number of those CELEBRATED MACHINES. Also, a number of the far-famed UNION MOWERS, together with quite a number of WHITCOMB'S PATENT HORSE RAKES—the same he sold here the last season, and that has given so much satisfaction to those that used them, which they will fully confirm and agree to when asked by any of you—and would also state that he has ordered a number of the BUCKEYE REAPING and MOWING MACHINES, which will soon be here.

As money seems to be quite an article here at this time, and very difficult to get hold of, the Subscriber would beg leave to say, that those parties who may wish to pay money for any of those Machines he will make a liberal deduction from last year's prices, while to those who may wish a long credit on the Machines may be assured of the same liberal terms as usual, say from one to three seasons, divided into equal payments, as the parties may agree upon at the time of purchase.
