His Grandmother Takes Him in Hand. LONDON, Jan. 8.—The Westminster Gazette says that the Queen has written a letter to the Emperor of Germany rebuking him for his attitude in regard to the Transvaal, especially in the matter of the congratulatory message which his majesty sent to President Kruger.

England is Ready to Fight. LONDON, Jan. 8.—The Times in an editorial yesterday informs the United States "that whether we have trouble in Europe or Africa or not, we will not yield on the Venetian question. We have insulted nobody, but if we are compelled to fight we shall be ready to guard what is worth fighting for."

Fought Until the Cartridges Failed. CAPETOWN, Jan. 8.—It is learned that after Wednesday's fight, Dr. Jameson's column, originally about 700 men, moved southward, fighting hard all through the night, and eventually reached Vaalwater, in six miles Johannesburg, on Thursday morning, when the column was completely surrounded by a force of 4,300 Boers. In spite of this attack, Jameson's followers fought stubbornly until noon when all their cartridges were exhausted. In addition, they had not tasted food for twenty-four hours, and were worn out with fatigue. But the white flag was not shown by Dr. Jameson's orders. It is known that Dr. Jameson expected 2,000 Outlanders to join him at Krugerpoort. The Dutch press is jubilant at this lowering of British prestige, and advocates the "incorporation of Rhodesia" with the Transvaal republic.

Exciting Attention Across the Water. MONTREAL, Jan. 8.—The Star's cable says: "The political crisis in Canada is followed with the keenest interest here through the Transvaal troubles occupy the first place in the public mind. Of the merits of the dispute at Ottawa but little is known. A great deal of interest, however, centres about Sir Charles Tupper. He is well known here, and Sir McKenzie Bowell is not. It is not strange, therefore, that without any intentional reflection on the present Canadian Premier's ability, a good deal of opinion is expressed of a nature that would welcome the prospect of Sir Charles' accession to the premiership. It is pointed out that his close touch with imperial affairs may prove of the greatest service in Canada just now. The Chronicle emphasizes Tupper's power and experience to deal with the critical state of affairs now pending in Canada and elsewhere. The Pall Mall Gazette says that Sir McKenzie Bowell deserves well of the empire, but he is hardly the strong man that Canada now wants. The paper adds: "Canada cannot afford to indulge in internal squabbles at the present juncture."

Satelli Made a Cardinal. BALTIMORE, Md., Jan. 8.—At Baltimore cathedral a few days ago Francis Satelli, titular archbishop of Lepanto and papal legate to the United States, was elevated to the cardinalate and formally vested with the scarlet, which marks the rank of cardinal. The sermon of the day was preached by Archbishop John J. Kain, of St. Louis. Previous to the benediction by Cardinal Gibbons, Rev. Dr. Rooker, of the apostolic delegation, read a cablegram from Rome conveying the Pope's apostolic benediction. Cardinal Satelli returned to Washington last night. In view of his elevation to the cardinalate, the Pope has temporarily conferred the title of apostolic delegate upon Mgr. Szerrati, secretary and chancellor of the delegation. It is understood Cardinal Satelli will continue to discharge the functions of the office during the six months he will remain in this country before going to receive the red hat at the hands of the Pope, which will make him a full member of the sacred college. Cardinal Satelli will be on his return to the Vatican the representative of Washington in Rome.

J., Jan. 8.—William Benjamin, a brakeman on the Erie railroad, caught a spark on the back of his celluloid collar, as the train entered the station yesterday. England's Volunteer Corps. LONDON, Jan. 8.—The Princess Louise, daughter of the Queen and wife of the Marquis of Lorne, yesterday presented prizes to the Middlesex volunteers. Gen. Greenleaf, inspector of the auxiliary forces, made an address in which he said the volunteers were never more efficient than at the present time. They numbered a quarter of a million men. Many volunteers have been retired are continuing to do so at the present momentous crisis and offering themselves to rejoin the forces. The war office is receiving similar offers from retired members of all corps in town and country.

The Heats of All But One. LONDON, Jan. 8.—Political circles here maintain that if it be true that the Emperor of Germany has promised to recognize the independence of the Transvaal republic by appointing a German resident instead of a consul at Pretoria, it is the mean war between Great Britain and Germany. At a large public dinner of farmers and tradesmen give at Charo, county of Somerset, last evening, the speaker of the town proposed to drink the health of all the Queen's family, except one grandson, referring to the Emperor William of Germany. The toast was received with enthusiastic applause, which was followed by groans and hisses for Emperor William.

Praises the Turk. LONDON, Jan. 8.—Telegraphing under date of January 5th the correspondent of the U. P., at Constantinople says U. S. Minister Terrell recently addressed a letter to the Sultan praising his actions in connection with the Biriqjik. Official journals at Constantinople announced that U. S. Minister Terrell praised the conduct of the troops at Biriqjik. The government correspondent says, distributes daily at Pala, fifty-five miles north of Diarkeker, half a loaf of bread to each of the starving inhabitants; a rabble assembles at the place where the distribution is made, the official, whose duty it is to see the bread distributed, throws the loaves into the crowd.

Bishop Temple on War. LONDON, Jan. 8.—Right Rev. Frederick Temple, bishop of London, preached his text from St. Mark, 18:7: "And when ye shall hear of wars, be ye not troubled, for such things must needs be, but the end shall not be yet." The selection of this text is much commented upon. The bishop declared that it was clearly the duty of Christians of always helping their country to fight for the right at whatever cost. The existing excitement was more likely to increase than diminish, but Christians need not trouble themselves for they were in God's hands, who was sure to work out his eternal purpose through the action of mankind.

For the Good of Ireland. DUBLIN, Jan. 8.—A committee of representatives of the various sections of the Irish parties, to discuss measures for the general good of Ireland which may be submitted to parliament, met in this city yesterday in the committee oratory, presided over by Hon.
