

BULLDOZERS POISED FOR BIG PUSH

# Highways Minister First To Cross W.R. Causeway

After some tense moments that caused engineers and contractors to scratch their heads, the causeway at West River was closed at 9.20 yesterday morning. Hon. J. George MacKay Minister of Highways a few moments later became the first person to cross the causeway in his automobile.

Engineers report that the closing was quite uneventful. On Wednesday an attempt was made to shut off the fast flowing waters but Nature on this occasion proved more powerful than the efforts of man.

Since then efforts were concentrated on holding what fill was in the causeway until greater stock piles could be built up.

Yesterday morning ten bulldozers on the south side and five on the north side of the opening started about an hour before low tide to dump tons and tons of fill into the gap. One hour and twenty minutes later the flow of water was stopped and for the first time in history, New Dominion and Meadow Bank were joined together by direct land communication.

A sixty foot bridge will carry the total watershed. The distance from land to land at this point is 1,800 feet.

Mr. MacKay expressed keen satisfaction that the project had been brought to its final stages of completion. He said it would be the beginning of a new era for the people of Cape Cove, Nine Mile Creek, Rice Point, South Shore, Fairview, Rocky Point and New Dominion.

These places, he noted, have for years been deprived of a ready outlet to markets and were thus at a disadvantage to other parts of the Island. Mr. MacKay said the road from the TCH to the bridge would definitely be paved this summer and preparations will be made for the paving of more road on the south side of the bridge this year with a view to continuing the work next year.

**STUBBORN RESISTANCE**  
The job of bridging the West River at this point offered stubborn resistance to construction workers since it was first started in 1955. In the beginning a wooden trestle bridge 900 feet long with long approaches was started. However it was discovered that the piles penetrated the sandstone further than originally anticipated. The use of longer piles that would reach a solid base was thought to be too risky.

A proposed causeway was objected to by the Department of Fisheries. After some consultation, the Fisheries agreed to a causeway with a forty foot opening. The Highways Department decided they should be on the safe side and as a result made the bridge 80 feet long.

Curran and Briggs have had the contract of building the causeway by County Construction Co.

About a half million dollars worth of equipment was used yesterday in closing the gap. Mr. MacKay said he was very happy with the way in which various contractors co-operated in the effort.

**WORKED TOGETHER**  
Besides the equipment used by Curran and Briggs, the machines of County Construction, Matheson and MacMillan, Poote and Beer went into action for the final windup of the closing.

The general supervision of the work fell to R. Gordon White, deputy minister of Highways. In charge of the north fill was engineer Malcolm Reeves. Tom White was engineer in charge of the south approach. The contractors general superintendent was Willard Fox. Inspector for the Department was Peter MacEachern.

## Heavy Docket Yesterday In Queens Magistrate's Court

Two Charlottetown youths, one a resident of Upper Queen, the other of Chestnut Streets, were given two-year suspended sentences on Friday afternoon when they appeared before Magistrate Gilbert A. Gaudet in County Magistrate's Court on two charges each of break, entry and theft.

Magistrate Gaudet, in meting out the sentence warned the two boys that the sentence could have been a jail term but considering their ages and the lack of any previous convictions, he was giving them a suspended sentence and each was ordered to sign a \$500 bond to keep the peace for that period of time.

The boys, aged 16 and 17, were charged with breaking into two cottages at Rocky Point and stealing a number of articles.

Three Cape Breton youths appeared in court, also charged with break, entry and theft into a home at Stanchel. Two North Sydney youths and a Sydney Mines youth are charged with breaking into a farmhouse, the home of Mrs. Mildred Kelly, and stealing a number of articles totalling \$15. They all elected trial by magistrate.

One of the brothers and the Sydney Mines boy pleaded guilty to the charge and were remanded for sentence until Wednesday, June 11th. The other boy will appear for trial on the same day. He pleaded not guilty.

A Bedford man was fined on charges arising out of an accident in Dunstaffnage last week. He was fined \$20 and costs or 30 days for causing a disturbance in a public place and \$25 and costs or 30 days for obstructing a police officer in the line of duty.

Two men, both residents of Charlottetown, were fined \$50 and costs or 30 days each when they appeared before Magistrate Gaudet charged under the Income Tax Act. They were charged with being two days late getting their T-1 slips for 1956 in after receiving a substantial warning. They were fined at the rate of \$25 a day.

A Grafton street east man and a St. Catharines, Ont., man were fined \$20 and costs or 30 days each when they pleaded guilty to a charge of illegal possession of liquor.

The remainder of the docket were charges arising out of motor vehicle violations.

A resident of Crapaud, another from Halifax, and a Vernon youth were charged with speeding. The first two mentioned were fined \$10 and costs or 10 days, while the latter, clocked at 85 m.p.h., was fined \$15 and costs or 10 days.

A Charlotteville man was also fined \$10 and costs or 10 days for speeding. A Summerside man was fined \$10 and costs or 10 days for passing two cars on the curve of a hill. A similar fine was meted out to an Allen street man charged with failing to register his vehicle for the current year.

Fines of \$5 and costs or five days were handed out to a York Point man for operating a motor vehicle without an operator's license and to a city man for failing to yield the right of way as shown on the sign where Belvedere Avenue joins the Trans-Canada Highway.

**Red Cross Clinics Held**  
70 children from various parts of the province attended the Orthopaedic Clinics held at Red Cross, Charlottetown and Summerside, this week.

Following the clinics, five children were admitted to the Prince Edward Island and Charlottetown Hospitals for treatment. Two children had very neck operations, two had corrective surgery for club feet and one for bow legs. These children will remain in hospital for approximately a week when they will go to their homes where their follow-up treatment will be supervised by the family doctor and the Red Cross.

These clinics, arranged and supervised by the Red Cross Society are financed by the Junior Red Cross, the Charlottetown Rotary Club and the Montague Masons. The examining and administrative team consists of Dr. T.B. Acker, Orthopaedic Surgeon, Miss Kathleen Jackson, Physiotherapist and Miss Verna Darach, R.N.

**Liberal Action Is Dismissed**  
TORONTO (CP)—A libel action against The Globe and Mail by an unsuccessful candidate in the 1957 federal election was dismissed with costs Friday in the Supreme Court of Ontario.

Mr. Justice W. F. Spence ruled in a written judgment that there was no evidence of libel for the jury to consider in the case brought by John Boland, Independent Conservative candidate in the Toronto riding of Parkdale, concerning an editorial.

Mr. Boland sought \$50,000 damages.

Mr. Justice Spence said in his judgment:

"I have come to the conclusion that a federal election in Canada is an occasion when a newspaper has a public duty to comment on the candidates, their campaigns and their platforms. Canadian citizens have an honest interest in reading their comment and it therefore is an occasion of qualified privilege."

**Are Critical Of Report Of Central Bank**  
EDMONTON (CP)—The reputation of the Bank of Canada—the Central Bank—is described by two Ottawa professors as being endangered by the bank's own "ambiguous and misleading" annual and statistical reports.

The contention was made Thursday before the annual meeting of the Canadian Political Science Association by Professors H. Scott Gordon and Lawrence A. Read of Carleton University.

Mr. Pearson envisaged changes in the party's executive, but he did not specify them.

**"HIGH ENOUGH"**  
A young man who was a flyer in the last war, was speaking to a church group on his flying experiences in Europe. In the course of his description, he spoke one startling sentence, which carried a gleaming idea. He said something like this: "I was shocked to find out how alike all the world looks from the sky. As a boy in school, I saw by the map that France was pink, Germany was yellow, and Italy was green. I guess I was sort of looking for a rainbow. But from up there it's all alike. IF YOU GET HIGH ENOUGH, ALL THE FENCES AND BOUNDARIES DISAPPEAR."

"If you get up high enough!" This is the center of the Christian gospel. It is the truth that God, the Father of ALL men, loves ALL men, and in Christ saves ALL men. At the proper height all man-made fences of border, creed and birth vanish. Then we really know the meaning of "the wideness of God's mercy."

The Bible Society was founded on the idea of the brotherhood of man and knows no boundaries of race, creed or color. Its efforts are only limited to its material resources . . . and sad to say, at this time it faces serious curtailment, due to shortage of funds in the face of rising costs.

We help through our contributions and also by purchasing our religious supplies at the Bible House.
