THE DAILY EXAMINER.

MARCH 8, 1897.

NOTES AND COMMENTS.

—So it a pears that the Government has succeeded at Rome. Now for a settlement!

—Mail and Empire: The only fight Mr. Laurier is taking part in is a fight against his own pre-election statements.

—It is pleasing to hear that the Stanley will continue to run. We hope that no loss will result from the postponement of the annual cleaning.

—An Ottawa correspondent declares that the Government proposes to station an agent permanently at Rome to attend to the business of the Government.

—It is stated that the celebrated filibusterer, Laurada, has start d in another expedition against Spanish interests in Cuba. This is no immediate connection of our Laurier.

—The Famine Fund at the Montreal Star Office on the 1st of March, was upwards of $38,000. The Star is to be congratulated upon this exhibit, so creditable to the Canadian public.

—The Winnipeg Nor'-Wester says it has excellent reasons for stating that in order to extricate Mr. Laurier from the desperate position in which he is placed, the Greenway Government is prepared to pass a school bill conceding all that the Quebec hierarchy demands.

—An exchange remarks that looking at the Canadian Pacific from the purely financial point of view, it can be shown that it is worth to the people many more millions per annum than the interest on its money grant, which is no doubt paid out of added revenue from the country it traverses, costs us.

—We are in receipt from the Department of Marine of a set of tide tables for the approaching season of navigation. These tables are based upon direct observations of the tide at Charlottetown during last season, made by the Tidal Survey. The observations were obtained by means of self-registering tide gauges, which recorded the tide continuously, day and night, during several months, and are therefore more nearly correct than any that have been given to the public in the past. They will be published in THE EXAMINER from month to month.

—A bill introduced into the Nova Scotia Legislature by Attorney-General Longley proposes the complete reorganization of the supreme and county courts of the province. At present Nova Scotia has one chief justice and six puisine judges of the Supreme Court, and seven county court judges. It is proposed to have two chief justices, four puisine judges of appeal, and ten district judges. There would be two chief justices instead of one, and sixteen judges instead of fourteen. This means two new appointments, and probably more, as some of the present judges would be almost certain to be superannuated. Such is Grit economy when there are "friends" to fill the offices!

—At last we have the mails to day, with papers, etc., dating away back into February. In view of the fact that there have been but one or two days in which a crossing was not effected, and in view of the fact that the force of men and boats engaged at the Capes is now larger than ever it was in the history of the Province, the "slowness" of our mails this winter is very remarkable. While it is true that the couriers have crossed regularly, and as a rule arrived early, it is also true that there have been continuous and irritating delays of letters and papers. By the way, those good grits who used to hold up their hands in holy horror whenever the late Government found it necessary to send a train out on Sunday—what must they have thought yesterday when trains were careering to and fro throughout the country!

P. E. ISLAND HOSPITAL.

A meeting of citizens interested in the P. E. Island Hospital was held in the Masonic Temple on Saturday afternoon—Charles Palmer, Esq., in the chair. Doctors Taylor, Johnson and Warburton showed that more room was needed for convalescent patients, for private patients, and for the nurses, and argued that enlarged premises are absolutely needed. In this connection the generous offer of Dr. Brecken to give his premises at Kensington for the purposes of the Hospital, provided that the house shall be preserved as a memorial of his mother, was briefly considered, remarks being offered by Walter Matheson, Horace Hazzard, L. L. Beer and others. Upon motion of Dr. Taylor, seconded by Henry Cundall, Esq., the following resolution was unanimously adopted:—

"Resolved that this meeting is of opinion that a necessity exists for a new and more commodious hospital building in place of the present P. E. I. hospital, and that a committee of five citizens to act in conjunction with the trustees of the hospital be appointed to decide upon a site for a new building, and to deliberate on the acceptance of Dr. Brecken's generous offer."

The following gentlemen were appointed a committee in accordance with the resolution: viz. Messrs. Walter Matheson, Horace Hazzard, Richard Heartz, W. H. Aitkin, S. W. Crabbe.

CHRISTIAN WORSHIP. — The subject which Mr. Pope will open before the St. Paul's Church Club on Tuesday evening will be "Christian Worship." All are invited.

NOVA SCOTIA ELECTIONS.—It is anticipated that a general election will be held in Nova Scotia about the end of the present month.

EILEEN OGE.—Rehearsal tonight at 7 o'clock in St. Patrick's Hall.

TURKEY AND GREECE.

Russia Hopes That Greece Will Bow to the Will of Europe.

The semi-official Journal de St. Petersburg publishes a long statement to the effect that the imperial cabinet is animated by an ardent desire to expedite the work of Cretan appeasement, and took the initiative in proposing the scheme formulated in the identical notes to Turkey and Greece: "There is reason to hope that further difficulties will not arise, and that Greece will prove her wisdom by bowing to the mighty will of united Europe. In the common interests of peace and legality, Greece cannot desire to endanger her future by acts of imprudence calculated to compromise it. The Greeks may be happy in the knowledge that their kinsmen will in future enjoy local autonomy, assuring their welfare and tranquility. Russia, who has ever had at heart the interests of the Christian people of the east, will regard the suggested solution with all the greater satisfaction, as it is in harmony with her desire for universal appeasement, and is in the spirit of equity by which the imperial government is constantly inspired."

ATHENS, March 5.—Advices received this afternoon show that the Christians who are investing Heraklion number 15,000 men. The insurgents have stopped all communication with the town by land. It is certain unless foreign war-ships actively intervene in behalf of Moslems the town will shortly be compelled to surrender. Small detachments of sailors and marines landed from the various warships still occupy the town. Without the aid of fleets they could make but a feeble defence against the overwhelming numbers of the insurgents. The greatest activity is being displayed at Athens in making preparations to give battle to the Turks should they cross the Greek frontier. There is no sign anywhere of king and government receding from the position they have taken. It is claimed that in the face of the threat of combined Europe warlike preparations are being carried on with feverish activity. They know in the event of war the whole of southern Europe would be set on fire. It is believed the powers, seeing the chance of their becoming involved in a general war owing to their conflicting interests, will make haste slowly in attempting to force the Greeks to withdraw their support from the Cretan Christians.

MARRIED IN BOSTON.

A very happy social event took place in Boston on the evening of March 1st, which will long be remembered by those who had the pleasure of attending. The occasion was the celebration of the marriage of Miss E. M. Blake, of Waterbury, Conn., to Mr. P. B. Gaudet, the popular book-keeper of the Cunningham Iron Works Co. The ceremony, which was performed by the Rev. Dr. Mullen, took place in Boston Cathedral, and was witnessed by a few of the most intimate friends of the contracting parties. The bride was elegantly attired in a costume of Dresden silk, with trimmings of chiffon and ribbon. Miss Margaret Daly was maid of honor, while Dr H. F. MacLeod, the young and popular South End physician, attended to the wants of the groom.

In the evening a grand reception was held at No. 20 Dwight St., the future residence of the happy pair. Upwards of one hundred couples attended. Messrs. John Leithem and Frank Murphy acted in the capacity of ushers. The magnificent dresses of the ladies present coupled with the beautiful decorations of the different rooms presented a spectacle not soon to be forgotten.

The popularity of the happy couple was attested by the number of costly presents which they received, almost every household necessity being found among their gifts. After the reception the happy couple, accompanied by the good wishes of all, left for an extended tour through the Southern States, and were present at the inauguration of President McKinley in Washington on the 4th inst. Mr. and Mrs. Gaudet have THE EXAMINER'S best wishes. They will be at home on Tuesday evenings after April 18th.

THE COURT OF CHANCERY.

The Court of Chancery met on Saturday last to deliver judgments as follows:

Alex. McGregor and another Trustees vs. W. J. Scott and others. This was an action to establish a will and codicil of the late W. Scott. The defence admitted the will but denied the capacity of the testator to make the codicil. The Master of the Rolls gave judgment establishing both will and codicile.

Machin vs. Estate of late Charles Young The bill in this case was demurred to on the ground that the action should have been brought at law.

The Master of the Rolls dismissed the bill, holding that the proper course was to apply by petition to open up the accounts of the estate, and liberty to do so was given, but the plaintiff to account for the neglect to file the account in proper time.

The Court then adjourned.

HIGHEST GRADES, ENGLISH, CANADIAN, AMERICAN.

Messrs. W. A. Weeks & Co. received and opened on Saturday last their first shipments of spring prints, five hundred pieces of English, 400 pieces of Canadian, and have a large lot of American on the way. In our retail department we are making a big show of the English prints, comprising dress prints, apron prints, pinafore prints in small spots, sprigs and flowered patterns. The goods are printed on the finest cottons, lawns, nainsooks and crepons. The regular summer prices for these goods would be 14 to 20 cents per yard. Buying them early and in large quantities buys them cheap. Weeks & Co. offer them for quick sale at 10, 12 and 14 cents. Fast colors and very best wearing goods. Pretty patterns.

Other goods that we are selling low: at the people's store are a 50 dozen lot of gents' linen collars, 4 ply, standing and laying down, worth 20c, at 10c each.

Gents' unlaundried and white shirts from 39c up. Gents' heavy linen collars, 4 ply, latest style, regular 20c to 25c quality, at Weeks' for 15c each or $1.75 a dozen.

Gents' 4 ply linen cuffs, square or round corners. Other stores ask 30c to 35c. The people's store sells them at 22c a pair or $2.50 a dozen pairs.

36 gents' white shirts, with collars and cuffs attached, only sizes 14 and 14½, $1.25 was the price; clearing them at 50c each.

29c takes your choice of Weeks & Co's. best four-in-hand neckties; prices were 40c to 50c. Every day we are pushing our goods out cheap to make room for our big spring stock, which is now being selected in the best markets.

MAGIC LANTERN ENTERTAINMENT.

The free entertainment given by Wm. Grant & Co. at their place of business on Saturday night, March 6th, was quite a success. The fact that this firm recently imported via the S. S. Boston City eight tons of the best tea in the English market, the price of which they have reduced 20 per cent. during the month of March, shows that they mean to give their customers the benefit of their enterprise.

The magic lantern show of leading views of New York City, such as Broadway, Fifth Avenue, New York World building, Post Office, etc., also views of the dark side of that great city, such as Five Points, Cherry Street, views in the vicinity of the Bowery, etc., as well as several local views, the first of which was that of Wm. Grant & Co., groceries, provisions, etc; W. A. Weeks & Co., the People's Store; S. S. Elliott discharging a cargo of coal at Capt. R. McMillan's wharf, Watson's Drug Store, Goff Bros. Duchemins factory head of Steam Navigation Co's. wharf; Haszard & Moore's New Book Store Sunny Side. The exhibition was under the management of Professor Gillis, who visited New York and had those views taken from real life in that city. The Professor's abilities in explaining the different views won the marked attention of his very large audience. Mr. A. McNeill, auctioneer, being present, was called upon to give a short opening address which he did in his usual happy style. He spoke briefly of the business reputation of Grant & Co's firm, their large country as well as town trade, secured by them as the result of honest industry, and close attention to business. A quintette from the League of the Cross Band enlivened the proceedings by playing "General Grant's March" and other favorite tunes.

The Revenue Still Falling.

OTTAWA, March 8.

The new branch of the Post Office Department, to be known as the Railway Mail Service branch, goes into existence on the first of next month.

Wm. Smith, ex-Deputy Minister of Marine, is dead.

Voting in Wright will take place on March 23rd.

The Revenue for February fell off $278,675.

SITUATION IN THE EAST.

The Tail Waggling the Dog.

Some Conflicting Statements.

LONDON, March 8.

The News claims to be able to announce the hope of a speedy solution of the Cretan trouble. It says that Greece's reply to the powers will leave a door open for further negotiations, though she won't accept the conditions laid down by the powers.

A Radical meeting, held in Hyde Park yesterday, gave voice to the popular feeling in favor of Greece.

CANEA, March 8.

It is believed here that the reply of Greece to the demands of the powers will be a positive refusal to obey, and a bloody struggle is therefore inevitable unless the powers recede from their position.

The School Question.

MONTREAL, March 8.

It is understood that Senator Landry will introduce a remedial measure into the Upper House during the coming session, and that its provisions will be similar to those of the Dickey bill.

Up to a late hour last evening no word whatever had been received from Rome, either at the Archbishop's palace here or in Quebec, in confirmation of all the official documents published in La Patrie, and now people are asking if it was not a bluff to influence the Bonaventure election.

Papal Ablegate Appointed.
