

Leaders, Teachers Of Teen-Age Girls To Hold Conference

Miss Margaret Webster, National Girls' Work Secretary will be one of the leaders at the Conference of Leaders and Sunday school teachers of teen-aged girls which will meet in Charlottetown on Saturday, October 28.

Representatives from all over the Province will attend the conference which will be held in the Charlottetown Baptist Church, and other leaders present will include Miss Beatrice Wilson, chairman of the National C.G.I.T. Committee and Miss Marjorie McBride, Maritime Girls' Work Secretary of the Maritime Religious Education Council.

The program will include addresses by Miss Webster and Miss Wilson, discussions on group work, a craft and project workshop, and a recreation period and banquet.

Has No Comment On Potato Plan

W.R. Shaw, Chairman of the potato promotional committee of the Canadian Horticultural Council, reported Saturday that, as chairman of the committee, he had received a communication from Ottawa, in relation to the recent study and presentation to the Federal Minister of Agriculture by that committee regarding suggested action to stabilize the potato market.

Mr. Shaw would not at present comment on this plan other than to state that no action would be taken or publicly given until the Department of Agriculture receives an official statement from the Hon. Mr. Gardiner. No communication had been received by the Department or has any official statement been released in this connection.

The most outstanding event planned was a dance to be held at the Holy Name Hall in the near future.

After the business meeting there was a musical and a question and answers quiz, with all the Sodality members participating in the fun. Prizes were awarded to the ones with the highest count. The winners were Florence McLaughlin and Katherine Doyle.

The Sodality hopes to have all their former members with them next month.

IN MEMORIAM

GEORGE B. STETSON It was with a feeling of sadness and loss that the residents of Brookfield received the news of the death of one of their most beloved and respected citizens, George Baxter Stetson, who passed away on August 12th, 1950, at the age of seventy-six years.

He was the son of James Stetson and Ann Drummond, being born in Freetown, P. E. I., in 1874. Early in life he moved to O'Leary and later to Brookfield where he resided since 1916. His wife, Alice (Dignan) passed away in 1930.

All who knew Mr. Stetson were impressed with his quiet manner and confident faith which made him a friend to be sought in times of trouble for he was a good listener and had a large measure of understanding sympathy. He was a faithful member of the United Church and took a keen interest in its life and activities.

As one of a large family, Mr. Stetson leaves to mourn five sisters—Ada, Mrs. John Bell of Alberton; Mrs. Fred Gamble of Cascumpeque; Nellie, Mrs. J. P. Duffus of New York; Belle, Mrs. H. F. Mitchen of New Jersey; Lucy, Mrs. H. Clark of Connecticut; and also two brothers, Henry at O'Leary and Vince in Vermont. Two sisters, Jane, Mrs. Rand Arling and Mary, Mrs. Rudolph Arling preceded him also two brothers, Llewellyn O'Leary and Artemus killed in a railway accident in Charlottetown in 1907.

Besides those of his own generation Mr. Stetson leaves to mourn a son Wilber of Brookfield and a daughter, Mrs. Percy MacRae of Charlottetown, also five grandchildren, Carrol MacRae, and Leith, Fernie, Joyce and Boyce Stetson.

The funeral was held from Hunter River United Church on August 14th. The service was conducted by Rev. Donald Nicholson in the absence of the minister, assisted by Rev. Donald Boothroyd and Layman H. Bryon a close friend of the deceased. Gordon Carew sang the solo "No Night There". The pallbearers were: Archie Johnstone, Walter MacLeod, Wilfred Wood, Robert Andrews, Alfred Carew, John Mobbs. The flower bearers were: Lloyd MacLeod, Lloyd Farrar, Marvin Bell, Wendall Johnstone, William MacLeod, Stirling MacRae and John Carew. The burial in Hunter River Cemetery was in charge of J. E. Andrews, undertaker.

CREW MISSING (Continued from Page 1) ported. After sending the SOS and giving her position, the freighter's radio went dead—shrouding her fate in mystery.

Four vessels in the area, the Prins Alexander, the Selma Thordsen, the Island Connector and the trawler Blue Foam, criss-crossed the area without finding a trace of the freighter.

Formerly operated by Newfoundland interests as a sealing vessel, the North Voyager was carrying 500 tons of coal to St. John's from Philadelphia. Built in Rostock, Germany, the

Central Council Of N.Y. Clubs Is Organized

Mr. Albert Johnston was elected President of the Central Council for N.Y. Clubs which was formed at a conference held over the weekend at the Charlottetown Y. M. C. A. Approximately thirty-five members were in attendance, representing the Alpha, Acmy, Delta and Beta chapters of the N.Y. Under Mr. Johnston, the Central Council will work to tie in the functions of the four Charlottetown Chapters, and will handle the more important work of the organizations.

The conference was called by the Fall conference in Moncton, in order that members might be brought up to date on that conference and on the earlier one at Lake Couchiching, Ontario.

Discussion groups were held on Saturday afternoon which were followed by a banquet. Discussions were resumed in the evening and a dance at the Y. M. C. A. concluded the program for the day. Mr. Arnold Ward, Toronto, National Secretary for Adult Programs of the Y. M. C. A. was present during the day to assist in the discussions.

Yesterday morning the delegates attended Trinity United Church in a group and in the afternoon enjoyed a social time at Holland Cove Camp.

Two Immigration Officials Visit This Province

Two immigration officials, Messrs. C. C. Wallace, Immigration Attache, Canadian Embassy, The Hague, Holland and A. A. Ewen, Immigration attache, Canadian Legation, Stockholm, Sweden paid a week-end visit to the Province on the last lap of a Canada-wide survey of industries, labour and farm settlements.

The two Canadian officials were viewing prospects for future settlers here and in other parts of the Dominion. Their six months coast to coast tour completed, they will return to Ottawa today and leave for Europe early in November.

They were in contact with National Employment Service officials here during the visit and were shown portions of this province's farmlands. Mr. Chris Belyea, Unemployment Insurance Officer, Moncton, accompanied the visitors. Inquiries about the possibilities of importing bulb experts from Holland was made to the officials from several Islanders, it was learned from Mr. J. B. Murley of the National Employment Service. Other Dutch experts have done well in the bulb business in Ontario during the past few years. It was stated and it is believed that soil conditions here will permit the healthy growth of bulbs.

In viewing agricultural lands the officials visited the nearby farms of Premier J. Walter Jones, Col. F. I. Andrew, East Royalty, and Mr. Guy Rodd, Brackley. They saw high class Holstein, Ayrshire and Guernsey cattle on the respective farms.

They visited the potato warehouses of Mr. Lorne MacFarlane Summerside and several farms in Kings where large quantities of potatoes are being grown.

They also viewed several aspects of the fishing industry, visiting in Bentch Cove, Prince County where the oyster catches are bountiful. In King's County the officials viewed the fish packing plants in Montague and visited Souris.

Mr. Wallace is well posted on conditions in Germany and Russia and Mr. Ewen has learned considerable about Russia from interviews with Estonian refugees who have passed through his office in Stockholm.

Mr. Ewen states that living conditions in Sweden are as good as, if not better than those in Canada. The Swedes have made great progress in their farming and forestry industries and blessed with peace during the last war have become quite prosperous.

The Dutch, however, do not enjoy the same high standard of living that prevails in Sweden, it was learned. Many of their business and university people are seeking opportunities to come to Canada.

Food conditions in the country section of Germany were described as good. German domestic help is expected to be available for Canada shortly, it was learned from Mr. Murley.

41-year-old vessel was sold to Bonicas Brothers, a Greek line last summer by Clarke Steamship Company of Montreal. She sails under Honduran registry.

Northwest winds of 25 miles an hour were reported in the area tonight, the tail end of a 40-mile an hour gale which lashed along the coast yesterday.

Well Known In Gulf The North Voyager, formerly named the Gaspeia and the Alexandra, was a First World War German prize vessel and for three decades operated as a passenger and coastal trader in the Gulf of St. Lawrence.

During the Second World War the 252-foot craft carried passengers between Montreal, Quebec and Corner Brook, Nfld.

As a sealer operating among the northern ice floes, the North Voyager carried more than 200 men—about 180 fishermen in addition to her regular crew members.

Four Highway Accidents Reported

Four highway accidents, two of them hit and run kept Royal Canadian Mounted Police officers here busy last night. There were no injuries in the four accidents.

Both hit and run accidents occurred on the Charlottetown-Summerside highway between 7:30 and 8 o'clock, one took place near Milton and the other near Hunter River.

In both cases the hit and run car or cars was travelling west. The two cars struck were badly damaged with damage estimates ranging between two and three hundred dollars in each case. The offenders were being sought by the R. C. M. P. but had not been taken into custody this morning.

The other two accidents were minor mishaps involving four automobiles. They occurred near the Belvedere Service Station and resulted in little damage to the vehicles involved.

Enjoyable Lecture On Theatricals

A highly educational and entertaining lecture was heard by a large group of representatives of the Dominion Drama Festival, Charlottetown Little Theatre Guild and others on Saturday evening in the Prince of Wales College.

Speaker for the evening was Mr. Reginald King, who titled his subject "Footlights and Greasepaint". Mr. King is at present on a speaking tour across Canada, and has had wide and varied experience in the professional theatre in the United States.

He highlighted his lecture with many humorous anecdotes, and gave his listeners an excellent picture of the so called "easy life" of the theatre. Talking on stock companies, of which he has been a member for the past eight years, he gave the usual day's routine as follows: "At the theatre in the morning for rehearsal from ten until one o'clock, lunch from one to two, then back to rehearsal until approximately six or six-thirty, then supper and back for the performance at seven-thirty. The day at the theatre concluded after the evening performance, maybe at eleven-thirty, and then the actors go home to memorize lines for the next play." In this manner a play is memorized and rehearsed each week in order that the regular stock company schedule of a different play each week might be maintained.

13 Regional Drama Festivals Are Planned

OTTAWA, Oct. 22 — (CP) — The first of 13 regional drama festivals will be launched in Canada next January under the watchful eye of the United Kingdom drama expert, Robert G. Newton.

The Elton and Cambridge graduate, who has served as a drama adviser to Miss A. K. National Council for Music and Drama, has been selected to adjudicate the 1951 regional festivals by the Dominion Drama Festival.

Mr. Newton, one-time member of stage groups in various London theatres, probably will begin his task Jan. 29 in St. John's, Nfld.

From there, he will swing across the country, appraising the best of the regional offerings in each of the Canadian Provinces, picking the winners who will appear in the Dominion Festival to open in London, Ont., possibly May 14-19.

Officials of the Dominion Drama Festival still have not selected the man who will adjudicate the final theatrical contests, although they say they have someone in mind. (In a dispatch from Toronto Friday, the Canadian Press erroneously reported that Mr. Newton would adjudicate the Dominion Festival.)

Dates of the various regional contests have been tentatively set as follows: Newfoundland, Jan. 29-31; Nova Scotia, Feb. 5-7; New Brunswick, Feb. 7-10; Prince Edward Island, Feb. 12-13; Eastern Quebec, Feb. 15-17; Western Quebec, Feb. 28-March 3; Eastern Ontario (French) Feb. 19-21; Eastern Ontario (English), Feb. 22-24; Western Ontario, March 5-10; Central Ontario, March 10-17; British Columbia, March 26-31; Alberta, April 2-4; Saskatchewan, April 5-7; Manitoba, April 9-10.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE ASK "WHAT KIND OF INSULATION?"

Before insulating your home, compare any other kind of insulation with a Johns-Manville Longfibre Super-Felt Rock Wool Batt. Feel how resilient it is and note how the extra-long fibres of rock wool are firmly felted. A J-M Batt won't crumble or lump up; even with rough handling it holds its shape and thickness, fits perfectly between rafters without gaps or thin spots. Nor can J-M Batts ever burn or rot. Once installed, they are good for a lifetime. Year after year, they'll save you to 30c of every fuel dollar. Don't gamble on just "any" insulation. For new construction, insist on J-M Longfibre Batts — for existing homes, specify J-M "Blown" Rock Wool. For more information, write to Johns-Manville, Sun Life Bldg., Montreal, or see your nearest J-M dealer.

Turn Down Potato Marketing Plan

KENTVILLE, N. S., Oct. 22 — (CP) — The Nova Scotia Marketing Board has rejected establishment of a potato marketing plan for the Province, directors of the Kings County Potato Growers Association were told at a week-end meeting here.

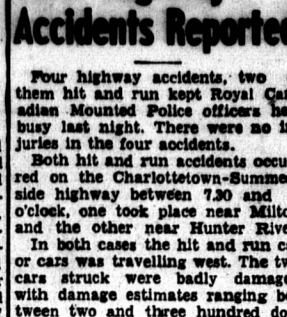

Secretary H. L. Parker read a letter from board chairman R. J. MacSween which outlined the results of a vote in Kings and Colchester counties on the proposal.

Of more than 600 eligible to vote, only 202 cast ballots. Of these, 167 were in favor and 35 against. Mr. MacSween said that in view of the small proportion of growers who voted, and of the large percentage not favoring the plan, the Marketing Board could not approve establishment of a marketing plan at this time.

Meagre Salaries Little Theatre Groups

Mr. King divided the theatre into three classes: the Legitimate Theatre, Stock Theatre and the Little Theatre. He was most enthused about the work being done by the Little Theatre movement, and urged the local group to present children's theatre. He stated that this form of entertainment did much to build up many Little Theatre groups throughout the United States. Types of plays he suggested for this purpose include many of the well known fairy tales which have been adapted for stage, and recommended that they be played by adults to an audience of children.

Chairman for the evening was Mr. T. Harry Morris, President of the Charlottetown Little Theatre Guild who introduced Mr. King and gave the audience a brief outline of Mr. King's background. This included character leads for the Boston Stock Company at Brattle Hill Theatre in Cambridge, Mass., teaching in the drama and speech department of Tufts College, Medford, Mass., and lecturer-consultant at Eastern Washington College of Education.

Following the lecture an informal reception was held in the teachers' room of the college.

Enemy Resistance In North Korea Collapsing

SEOUL, Korea, Oct. 22 — (AP) — Korean republican forces drove within 50 miles of the Manchurian border today, chasing Korean Communist army remnants in a campaign that had become a rout. In their flight, the desperate, disordered Communists massacred many American prisoners—68 in one group—but more than 100 were reported liberated by U. S. troops near Suncheon, 30 miles north of the fallen Communist capital of Pyongyang.

On the front to the north, an American headquarters spokesman said North Korean resistance had reached its lowest ebb since the Reds invaded South Korea June 25.

The Commonwealth brigade made up of British and Australian troops encountered brief stiff resistance Saturday before pushing northward to join American 'chutis near Suncheon. The skirmish was near Yongju, on a highway eight miles south of Suichon.

While both American ground and air forces concentrated on attempting to rescue as many prisoners as possible, three South Korean infantry divisions thrust within a two-day march of the border of Communist Manchuria.

Field reports said Red resistance had collapsed so rapidly that enemy ground forces tried to surrender to Allied reconnaissance planes flying overhead. American artillery and motor units with 800 men parachuted Saturday into the Suichon-Suncheon area, 30 miles north of Pyongyang, reinforcing 4,100 men of the 18th Airborne Regiment who had parachuted there Friday.

The original parachute operation trapped an estimated 28,000 Reds south of the Juma area, but American officers conceded that many of these North Korean troops probably would discard their uniforms and melt away.
