Memorials To Canadians Are Dedicated At Ypres

YPRES, Belgium (Reuters)—Three memorials to Canadians who fell in the bitter fighting around Ypres during the First World War were dedicated at a ceremony here Sunday night.

More than 200 persons, including Charles Herbert, Canadian ambassador to Belgium, attended the service in St. Georges Memorial church, which is dedicated to the thousands of British and Commonwealth soldiers who were killed here.

A group of nine Canadian First World War veterans who came here from Canada especially for the ceremonies were present along with the Venerable Archdeacon Chancel C. Hepburn of Ottawa Cathedral. Very Rev. A. T. A. Naylor and Rev. Canon Wilker.

The main memorial is a modern heating system for the church, donated from funds raised by the National Council of Veterans Associations in Canada, to replace the old heating system which was damaged in the Second World War.

"All the cemeteries are beautifully kept and we owe this to the Canadian war graves commission," he said.

Bill Higgins, 68, of White Rock, B.C., who was wounded while serving with the 19th Battalion of the C.E.N., described Sunday night's ceremony as "very moving" and said it "will leave a lasting impression in our hearts."

"We talked over old memories with Belgian comrades-in-arms although it was a little difficult because we don't know much French and they couldn't speak much English."

British Force Challenges Rebel Tribesmen In Aden To Come Out And Fight

ADEN (Reuters)—A British task force pushed across the rugged, dusty hills of the western Aden protectorate after a series of attacks on convoys by rebel tribesmen.

RAF planes, scout cars and mortar and machine-gun teams operating with locally-recruited native troops launched an all-out effort to flush the tribesmen from hideouts in the hills.

The move is being made in an effort to bring peace to the western part of the 112,000 square-mile protectorate after a series of attacks on convoys by rebel tribesmen.

One party of Scottish Highlanders, flown here from the Suez canal zone, has already taken up position in Fort Atak on the western Aden frontier.

SKIRL OF PIPES
The skirl of the pipes rang out as the dusty troops clad in jungle dress entered the fort after their convoy had ground across 360 miles of soft, loose sand and through a blinding sandstorm.

The party, sweltering in the 110-degree heat, will form a forward base for the main offensive against the rebels, warriors of the Shamsal section of the Rabizi tribe who for the last 18 months have been attacking convoys along the uncharted border between the protectorate and the Yemen.

The striking force itself, now moving into Shamsal territory, is made up of native troops led by a British air force regiment and Arab officers, and is supported by mortar and machine-gun teams of three other British units.

Pope To Leave Shortly For Summer Residence

VATICAN CITY (AP)—The Pope, immensely improved from his grave illness, leaves soon for his lakeside summer residence at Castel Gandolfo.

Eight months ago the 79-year-old head of the Roman Catholic church would scarcely have hoped to make this trip again.

That was when the Pope returned Nov. 27 from his 1954 visit to the Alban Hills, 18 miles south of Rome. Then he was visibly a sick man. He cancelled a scheduled visit to the popular Trastevere section of Rome en route and went directly to the Vatican.

Faithful attendants stood by anxiously as he slowly descended from his automobile and thanked his veteran driver, Angelino Stoppa, for "a wonderful ride."

Only those near could hear the Pope say:

"May God grant that there may be more trips like this for me."

Jet Planes Make Attack On British Freighter

HONG KONG (Reuters)—Two jet planes believed from the Chinese Nationalist Air Force bombed and machine-gunned the British freighter Inchevlis Saturday morning in the Mue river estuary near the Red Chinese port of Foochow, Royal Navy headquarters here said.

British authorities are expected to protest to the Nationalist government on Formosa over the incident although the 1,896-ton freighter suffered only slight damage and no casualties.

The master of the freighter which was attacked shortly before noon by thunderjets said he was continuing his voyage to Shanghai.

Canadian Military Advisers In Indochina

Canada's three senior military advisers in Indochina are being replaced. Left to right: Brig. Michael S. Dunn, 50, replacing acting Maj.-Gen. W. J. Magill, DSO, Ottawa and Vancouver. Col. H. E. T. Doucet, 47, chief of staff eastern Ontario command, will take over from acting Maj.-Gen. T. E. D'O. Snow, Ottawa, in Cambodia. Col. F. L. P. T. Clifford, 41, director army personnel at headquarters, will succeed acting Maj.-Gen. R. H. A. Morton, DSO, Toronto and Winnipeg, in Laos.

Forest Fire In Muskoka Vacation Area

GRAVENHURST, Ont. (CP)—More than 50 men strove Sunday to keep control of the largest forest fire reported in the Muskoka vacation district for 20 years.

The fire, now in its third day, has covered nearly 300 acres of rugged bush country, assistant district forester R. W. Hummel said.

For some time officials feared it might reach cottages close to Silver and Gull lakes and many firefighters were concentrated in this area. Mr. Hummel said the cottages now are considered out of danger.

FARMER KILLED

GRAND FALLS, N. B. (CP)—Bertin Godbout, 26-year-old farmer at St. Andre, was killed Saturday when crushed under his overturned tractor. He was raking hay alone at the time. He is survived by his widow and three children.

Former Millionaire Con Man Ends Life A Pauper

LISBON (Reuters)—A Portuguese confidence man who became a millionaire overnight in the most daring bank fraud of the century died a pauper Friday with old newspapers serving as his bedclothes.

The crimes of 58-year-old Arthur Alves Reis pursued him to the grave and even blighted the lives of his two sons. Unable to obtain employment because of their father's notorious name, the sons lived with Reis in a shabby apartment lacking plumbing and electric light, and depended on charity for their food.

Two Men Killed In Quebec Plane Crash

ST. RAYMOND DE PORTNEUF, Que. (CP)—Sylvio Bergeron, 20, and Benoit Denis, 18, both of Quebec City, were killed Saturday when their single-engine plane crashed into Lake Simons near here.

The Fleet Canuck went down only 800 feet from the shore in view of some 150 swimmers at a public beach. The bodies were recovered from 40 feet of water.

Bergeron, the pilot, had rented the plane 30 minutes earlier from a flying club in Quebec City to take his companion on a pleasure flight.

Jet Planes Make Attack On British Freighter

HONG KONG (Reuters)—Two jet planes believed from the Chinese Nationalist Air Force bombed and machine-gunned the British freighter Inchevlis Saturday morning in the Mue river estuary near the Red Chinese port of Foochow, Royal Navy headquarters here said.

British authorities are expected to protest to the Nationalist government on Formosa over the incident although the 1,896-ton freighter suffered only slight damage and no casualties.

The master of the freighter which was attacked shortly before noon by thunderjets said he was continuing his voyage to Shanghai.

Scientists Sound Warning Abolish War Or Face Extinction

LONDON (Reuters)—The late Albert Einstein and seven other eminent scientists said in a joint appeal published Saturday that mankind must abolish war or face the risk of extinction by "slow torture" from radioactive dust and rain.

The warning to the world against nuclear weapons these scientists helped to make was disclosed at a press conference by British philosopher-mathematician Bertrand Russell, 83-year-old one-time pacifist.

Russell, who said six years ago he would prefer a third world war to Russian domination, announced he had sent copies of the appeal to leaders of Russia, the United States, Britain, France, Canada and Communist China. An accompanying letter urged these governments to "give public expression to the problem... the most serious that has ever confronted the human race."

Sees Russian Jet Better Than Sabre

TORONTO (CP)—A Canadian airman said Saturday Russia's latest jet-fighter, the MIG-19, appears to perform better than Canada's Sabre.

Edgar T. Alberts, vice-president of the Toronto Flying Club was interviewed on return from Moscow, where last week he saw the Soviet air show. He said 500,000 Russians witnessed the two-hour spectacle.

"They have some tremendous planes and they have lots of them," he said.

"It was superlative beyond words. I had no way of measuring the MIG-19's speed and, of course, the Russians were secretive about its details. But it looked faster than the Sabre—even with the Orenda engine."

War Bride Wins Fight To Leave Czechoslovakia With Her Three Children

PRAGUE, Czechoslovakia (Reuters)—British war bride Mrs. Phyllis Sispara, 32, learned Saturday she has won a month-long fight to come home to England with her three children.

The news came after Britain had warned Czechoslovakia the case could seriously damage relations between the two countries.

"I cannot tell you how wonderful I feel," the attractive, blonde mother said after a British diplomat broke the news to her here.

"I can see before my eyes my beloved homeland again."

Mrs. Sispara comes from Thurston in Suffolk, where her 78-year-old father, Samuel Clarke, still lives.

Turncoats Freed By China Ready For Consequences

HONG KONG (AP)—Three former U. S. soldiers who chose life in Communist China and then changed their minds arrived here Sunday—ready, they said, to face the consequences.

They were captured in Korea. When the armistice came, they and 20 other Americans, one Briton and two Belgians decided to stay with the Communists rather than go home. Four months ago, three demanded to be repatriated.

Asked why he changed his mind, William A. Cowart, 23, of Dalton, Ga., said:

"A child decided not to go home—a man decided to go home."

Cowart, with Lewis W. Griggs, 22, of Jacksonville, Tex., and Otho G. Bell, 24, of Hillsboro, Miss., arrived by train from Canton to Hong Kong, ending two years in what Cowart called "a society built on fear."

Boy Titled Landowner

LIVERPOOL, England (Reuters)—A 16-year-old Canadian schoolboy arrived here aboard the liner Saxonia Sunday to look into the prospects of a life in Scotland as a titled landowner.

The boy, Sir George Grant-Scott, eighth baronet of a Scottish line which began in 1702, inherited his title in 1947 but didn't use it for fear of being teased by his classmates in Canada. He will visit Scotland to see his estate at Bala, near Perth, near Edinburgh.

During the three-month visit he will decide whether to settle permanently in Scotland.

Sir George has been living with his mother in St. George's, Nfld., and in Sussex, N.B., since inheriting the title from a cousin.

His father, Maj. George Grant-Scott, was wounded while serving with the British Army in the First World War and emigrated to Canada where he died two years after his son's birth.

Unification Of Germany Issue

By Ian Fraser
BONN, (Reuters)—Diplomatic sources here said Sunday the West is ready to compromise with Russia in German reunification in the coming east-west "summit" talks at Geneva.

They made their prediction as western diplomats watched expectantly for a Russian policy statement on the German question. The Union is expected to outline its stand on Germany this week before the Big Four meeting July 18 of Prime Minister Eden, President Eisenhower, French Premier Faure and Russian Premier Bulganin.

Under the reported western compromise plan, united Germany would be tied firmly into the western defence system. But the application of the defence system would be limited in what now is Russian-controlled East Germany.

Woods Fire Near Amherst

AMHERST, N.S. (CP)—Scores of firemen and volunteer pumped water through 5,000 feet of hose Sunday as a raging fire burned over 50 acres of tinder-dry forest on the outskirts of this northern Nova Scotia town.

The blaze was expected to be under control by early today. Flames levelled two barns and destroyed a quantity of machinery on the farm of Walter Newcombe before jumping to the wooded area. Firefighters managed to keep the fire from spreading to the Newcombe home.

Cause of the outbreak was unknown.

Boston Has Severe Storm

BOSTON (AP)—Six persons were injured, scores of homes were damaged and utility lines were felled Sunday night in one of the worst electrical storms in greater Boston in recent years.

Five were injured at Pine Bank's Park on the Malden-Melrose line when lightning ripped through a shelter in which 150 persons had taken refuge.

A man was injured when felled by a bolt in his home in Revere. The storm, with winds up to 38 miles an hour, dropped 2.93 inches of rain and snapped a projected shaker in the storm along the coast.

War Bride Wins Fight To Leave Czechoslovakia With Her Three Children

PRAGUE, Czechoslovakia (Reuters)—British war bride Mrs. Phyllis Sispara, 32, learned Saturday she has won a month-long fight to come home to England with her three children.

The news came after Britain had warned Czechoslovakia the case could seriously damage relations between the two countries.
