Advance Party Of P.E. Island Scouts Arrive For Jamboree

(Special to The Guardian)

NIAGARA-ON-THE-LAKE, Ont., Aug. 7—With P. E. Islanders at 8th world jamboree of scouting—The Island's advance party arrived at sub camp Atlantic One of this great camp's 10 campsites Monday evening, after a pleasant trip through New Brunswick and the states of Maine, New Hampshire, Vermont and New York. They made the trip in two cars, sleeping and eating at the roadside along the way.

The first night we had a few showers but otherwise, day and night the weather was warm and clear.

The first night was spent 10 miles west of Bangor, Maine. On the second day the party crossed from Burlington, and to Port Kent, N.Y., on one of the Lake Champlain streamline ferries, we passed through Lake Saranac and bedded down for the night at the "Lookoff" 10 miles west of Watertown, N.Y. The third day at 3.30 we arrived at Buffalo, had a swim in the big "Y" pool and then drove on across "Rainbow" bridge to Niagara Falls, Canada.

Here we all took a trip on "Maid of the Mist", saw the Falls illuminated. Did some other sightseeing, then drove on to view the "tented city" at Niagara-On-The-Lake, where we arrived safely and settled in for our two weeks stay.

Tuesday morning everybody was up and about early and after a day of steady work we had raised a lot of canvas, taken in a lot of supplies, marked off all our contingent campsites and were able to let the boys take the evening off to visit the gayly decorated town of Niagara-On-The-Lake.

Some of us on staff visited around the camp area and were amazed at the size of the vast camp and the preparations which have been made already to accommodate approximately 11,000 people. There is a stadium to seat 10,000 people with a beautiful entrance centred by a Scout emblem floral bed bordered by the flags of all nations participating in the Jamboree, there are several large canteens and a big trading post, streets are neatly laid off in blocks, electricity is available in all headquarters tents; there is a telephone system especially installed to service this tented city and showers and water points have been liberally placed conveniently situated for all areas.

Already we have met boys and leaders from Nationalist China, India, France, Mexico, Cuba, Scotland, England, U.S.A., Dutch East Indies, and as the contingents start to move in Thursday we expect to meet and get acquainted with boys and leaders from many other countries.

By this evening (Wednesday) we expect to have everything in readiness for the arrival of the "Maritimes" special train tomorrow afternoon in order that our Island boys and all others to be housed in Sub Camp Atlantic will be able to get settled in as quickly and comfortably as possible.

Will Honour Memory Of Distinguished Islanders

The first Canadian governor of the Northwest Territories and a member of the United States cabinet, both Prince Edward Islanders, will be honoured this month. Chief Justice, the Hon Thane A. Campbell has announced that the following memorials, recommended by the Historic Sites and Monuments Board of Canada, will be unveiled by His Honour Lieutenant-Governor Prowse:

In honour of Hon. David Laird, at New Glasgow (on the direct road to Cavendish) on Sunday, August 21 at 2:30 p.m. standard time. The guest speaker will be the Hon. Mr. Justice Estey of the Supreme Court of Canada.

In honour of Franklin Knight Lane, on the main highway at DeSable, on Sunday, August 28, at 2:30 p.m. standard time. A paper on the life and work of Lane has been prepared by Dr. Elliot Cheetham, professor of law at Columbia University, New York.

The Hon. David Laird (1833-1914) was a journalist, founder of the Patriot, and an orator noted for his wit and effectiveness. "I deny," he once said in the Legislature, "that I called the hon. member a political blackguard. I said he acted like one."

Until 1873 he was one of the strongest opponents of Confederation, but afterwards served the new nation well. He had also strongly opposed the building of the P. E. I. railroad. Standing six feet four inches, he was an imposing figure.

One of the first six M.P.'s from this Province, he decided to oppose the Government on a critical measure and largely contributed to its fall. In the Government of Alexander Mackenzie he became the first Island cabinet minister at Ottawa as Minister of the Interior. He was appointed Governor of the North-

Loses Life In Truck Accident

TRURO, (CP) — One man was burned to death and two other persons were injured early Wednesday when a half-ton truck overturned and burned after striking a bridge rail at nearby Kemptown.

RCMP identified the victim as Lorne Bryson, 64, of Three Mile Plains, N. S. In hospital are Bryce Drysdale, 28, of Bedford, N. S. and Dorothy Cochrane, 18, of Great Village, N. S. Drysdale was believed in serious condition with burns and injuries while Miss Cochrane's injuries were minor.

RCMP said the two men apparently managed to shove the girl out of the truck in time to avoid the flames. An inquest was ordered.

SINGAPORE STRIKE

SINGAPORE (Reuters) — British and Malayan troops Wednesday took over Singapore's main services after 10,000 members of the city council employees union went on strike at midnight. The strike was called over wages, after the city council failed to meet the union's demand for more money.

Major Shuffle Of Ontario Cabinet Is Announced

TORONTO (CP)—The Ontario cabinet Wednesday was strengthened by two new members following an announcement by Premier Frost of a major shuffle involving eight portfolios.

A. Kelso Roberts, 56, member for Toronto St. Patrick, was sworn in as attorney-general, and Bryan Cathcart, 58, member for Lambton West, as minister of travel an publicity.

Premier Frost gave up the post of provincial treasurer which he has held 12 years to former attorney-general Dana Porter, 54, a member of the provincial treasury board.

Hon. William Warrender, minister of planning and development, was replaced by Hon William Nickle, 58, who relinquished the portfolio of provincial secretary, Mr. Warrender, 47, becomes vice chairman of the Ontario hydro-electric power commission.

SEVERAL TRANSFERS

Hon. George Dunbar, 77, a member of the government since it came to power in 1943 and recently the minister of municipal affairs, became provincial secretary. Mr. Dunbar was ill several months last winter but resumed his duties during the latter part of the legislature session.

Mr. Dunbar's portfolio was taken over by Welfare Minister Goodfellow, 54. Hon. Louis Cecile, 50, travel and publicity minister, assumed Mr. Goodfellow's department.

The announcement, made by the premier at a press conference ended months of speculation concerning cabinet changes. Queen's Park observers had been anticipating a shuffle since the June 9 provincial general election.

Escaped N. B. Murder Suspect Recaptured

WOODSTOCK, N. B., (CP) — Soaking wet, tired and hungry murder suspect Daniel Giberson was recaptured at Jacksontown Wednesday, six miles from the jail from which he made good his escape less than 24 hours before.

The 25-year-old native of nearby Bath, N. B. is charged with murder in the Aug. 3 death of John Connors, 79, of Johnville, N. B. He told police he escaped to find evidence.

Acting on a tip from a rural resident, Royal Canadian Mounted Police raced to a farm where Giberson had been seen trudging through a field. He surrendered without a struggle and said he was on his way to give himself up.

ALL NIGHT IN RAIN

Giberson darted to freedom early Tuesday evening and spent the night in a rain-soaked bush in the jail area.

Tip-off of Giberson's whereabouts came after he asked a farmer the way to Centreville. The farmer recognized him.

The murder-suspect told police he escaped in an effort to locate a hidden box which contained evidence to clear him. He maintains that fingerprints on papers taken from the body of murder victim John Connors will incriminate "the real killer."

Scroll Presented To Charlottetown Man

ANNAPOLIS ROYAL, N.S., (CP) —Six Acadians were presented with special scrolls of achievement at ceremonies here Tuesday in connection with the unveiling of a plaque dedicated to the founders of old Port Royal.

Those honored were Chief Justice J. E. Michaud of the New Brunswick Supreme Court, Abbe Arthur J. Godbout, Dalhousie, N. B.; Ferdinand J. Robidoux, Shediac, N. B.; Abbe Jean F. Boute, Mount Carmel, N.B.; Edmund Arsenault, Charlottetown, and Dr. Albert H. Sormany, Edmundston, N. B.

Missing Plane Found; All Aboard Safe

EDMONTON (CP)—A commercial Norseman missing since Sunday in the Northwest Territories was reported found Wednesday. All aboard were reported safe.

Cause of the forced landing was not immediately known. Officials of Associated Ayrways Ltd., owners of the aircraft, said they have been in continuous radio contact with the aircraft since it disappeared. They said the aircraft did not have enough fuel to take off.

The aircraft made a forced landing on a 140-mile flight from Coctwoyto lake to Bathurst inlet.

The plane was on a survey of DEW radar line sites.

"SIMPLY BEAUTIFUL" IS COMMENT

The needlework and embroidery at the Women's Institute booth is "simply beautiful". Two ladies who no doubt have tried their hand at such work are seen examining one of the masterpieces on display. Anyone who fails to see this part of the exhibition is missing one of the finest exhibits on the grounds.

Saga of Raft Ends on Rocks

By GERALD FREEMAN
Canadian Press Staff Writer

ST. JOHN'S, Nfld. (CP) — The saga of the raft L'Egare—the Lost One—ended dismally early Wednesday on the kelp-cloaked rocks of Gull island point, a jagged finger of land on the southeast coast 100 miles from here.

It was the end of the line for three young men who set out early this summer to cross the Atlantic on a raft; the ocean pounded their flimsy vessel to bits.

The men who defied all human advice against their venture obeyed the sea—they called it quits.

ONE HAS LEG INJURY

Henri Badout and Paul LaPointe escaped unscratched. Gaston Vanackere's leg was injured. They were at the settlement of St. Mary's Wednesday night, apparently waiting to be taken 100 miles to St. John's.

The fourth member of the expedition stayed ashore at the French island colony of St. Pierre et Miquelon last week because he

PAYROLL STOLEN

TORONTO (CP) — While employees at a city bakery were piling bread Tuesday night thieves in an adjoining room forced open a steel locker and escaped with the firm's $4,500 payroll, police said Login Worona, manager of the Beaver Bread Company, said the money represented the pay which 80 employees should have received Wenesday.

Will Address Maritime Trade Bd. Meeting Here

Canada's Minister of Finance, the Hon. W. E. Harris will head up the list of speakers, panelists and discussion leaders during the two-day annual meeting of the Maritime Provinces Board of Trade scheduled for September 12-13 at the Charlottetown Hotel, Charlottetown. In making the announcement, M. P. B. T. President, Alan H. Holman, Charlottetown, who will preside over the annual convention, stated that Finance Minister Harris would address the delegates at the annual dinner on Monday evening, September 12.

On hand to welcome delegates at Monday's luncheon will be His Honor, T.W.L. Prowse, Lieutenant Governor, Hon. A. W. Matheson, Premier, and His Worship Mayor Stewart. Among others to be heard during the convention will be Dr. Frank MacKinnon, principal, Prince of Wales College; Lt. Col. F. J. Storey, chairman, Charlottetown Centennial Committee and W. J. Sheridan, Montreal, assistant general manager, Canadian Chamber of Commerce.

A panel discussion on the Atlantic Provinces Economic Council will be a highlight of the business sessions with APEC president, R. Whidden Ganong, St. Stephen, heading a group of APEC Directors and Maritime businessmen who will act as panel members. G. G. Anglin, C.B.E., Saint John, will lead a discussion Forum on future activities of the M.P.B.T. from which it is expected a 1955-56 program of work for the organization will be drafted.

The lighter side of the convention will feature entertainment fitting into the Charlottetown Centennial celebrations as well as special programs for the ladies arranged by the Charlottetown Board of Trade, convention hosts.

Move Expected In Dispute With Portugal

NEW DELHI, (AP)—Prime Minister Nehru may appeal to the western powers to try to persuade Portugal to give up its territories in India, authoritative diplomatic sources said Wednesday.

That he will make some new dramatic move in the next few days is regarded as a certainty following Monday's "non-violent march" into Goa and other Portuguese settlements which resulted in many deaths to Indian nationalists.

A dispatch from Belgaum, less than 50 miles from Goa's northeast frontier, said 800 Indian Nationalists who had missed Monday's "peaceful invasion" were marching toward the Portuguese colony's border. They intended to cross at Banda, despite the killing and wounding of many marchers who entered there Monday. The new group had trudged through rain for 72 hours.

CALCUTTA PARALYZED

At Calcutta, where a general strike sponsored by Communists, Socialists and other leftists paralyzed business activities, Nationalists held an open air meeting to demand military action against Goa.

Bombay returned to normal Wednesday after serious rioting. Official reports said 206 persons were injured, including 27 hit by rifle fire; 150 buses, 40 street-cars and some trains were damaged. The authorities made 123 arrests.

At Nova Goa, capital of Portuguese India, Gov. Gen. Paulo Benard Guedes expressed regret for the Indian casualties Monday. He said the Portuguese police had tried to avoid isolated shooting incidents. He declared Portugal will continue its course of "patience and firmness."

Nehru's insistence on a peaceful approach toward the Goa issue has not gone well with many Indians and the prime minister, who is seldom criticized, is drawing almost unprecedented blasts.

With his government and his Congress party remaining aloof from the anti-Portuguese satyagraha (peaceful demonstration) campaign, Nehru's political opponents — Communists, Socialists and Hindu rightists — have been making political hay.

The opposition is seeking to have a parliamentary debate on Goa. One of their previously rejected motions reflected the theme with which they are appealing to the country.

The motion said the Nehru government's policy was "unhelpful and harmful toward the Indian strugge for Goan freedom," and "contributed to the massacre of peaceful Indian Satyagrahis by the Portuguese."

This argument was taken up by speakers throughout India in demonstrations and mass meetings.

India's biggest newspaper, The Times of India published in New Delhi and Bombay, joined editorialy Wednesday in suggesting Nehru's peaceful approach policy is "appeasement" of the Portuguese and "provocation" of the Indians.

Twelve Hours Of Judging Top Holsteins Yesterday

From eight o'clock yesterday morning until almost eight o'clock in the evening a continuous parade of black and white cattle came before Mr. Douglas Dunton of Brampton, Ontario, who had the unenviable task of judging this large class at the Provincial Fair.

Mr. Allison Profitt with "Blackford Duke", a three-year-old bull took the male grand championship. Cyril Jones of Pownal with "Crown Point Senator Abegweit" took the grand made reserve championship. In the junior female championship, Mr. Profitt reversed positions with Mr. Jones who won with "Crown Point Deanna" while Mr. Profit took the reserve with "Willow Farm Penny".

In the senior female section it was a close decision between Cyril Jones and Lewis Bros. of York. Jones took the championship and grand championship with "Crown Point Jill". Lewis Bros. took the reserve grand with "Beverley Pontiac Abbekirk".

Max Thompson's senior calf, "Romandale Re Echo Sovereign" was winner of the junior male championship while S. C. Stewart and Son of Dunstaffnage took the reserve with a senior yearling male, "Abegweit Royal Blue Blood".

For Cyril Jones of Pownal it was a signal day in his life when in addition to the prizes referred to above he was able to walk off with 10 first prizes. Bunbury farms collected five red ribbons,

Outstanding Exhibits At Women's Institute Show

"A tremendous success" was the general phrase being used to describe the result of the recently completed judging at the Women's Institute Exhibition division of the Provincial Exhibition and Old Home Week celebrations. Most of the new entries in this year's show, showed marked improvement in color blending design, workmanship, artistry, etc., as compared with previous displays.

Some exceptionally fine exhibits were entered with the class of home sewing being judged as nothing short of excellance. This class was so perfect that the exhibits were judged on a basis of minor imperfections only. Favorable weather conditions previous to the start of the show made the flower display a thing of beauty unequalled in exhibitions of other natural objects. An addition of several new shelves gave the home cooking exhibits a new look and one could tell at a glance of the eye and from the aroma throughout the building that the ladies of the Province are experts in this field.

FINE NEEDLE WORK

Although the competition was of the best in all classes, high-lights of each could be readily spotted. Mrs. Lois MacDonald of the P. E. Island Hospital exhibited some outstanding work in Afghans while an exceptionally good cut work table runner was displayed by Mrs. Andrew Johnston of Long River. A beautiful patchwork quilt in the Oklahoma Dogwood pattern by Mrs. Francis Drake of Vernon captured a first prize. The ladies' dress exhibit made a difficult choice for the judges and could be classed with any professional display. A pink linen pattern trimmed with Guippure lace made by Mrs. John Ashley, Union Road high-lighted this section.

A most interesting exhibit in the comforter display was a small block design coverlet composed of

COAL MINER KILLED

SPRINGHILL, N. S., (CP)—Eighteen-year-old coal miner Gerald Boutilier was killed today when he was caught in a stone belt at the Cumberland Railway and Coal Company mine here just a little more than a month after he first started to work in the pit.

Father And Son Are Electrocuted

CHAUMONT, N. Y., (AP) — A father and son were killed by electric shock Tuesday when they touched a charged water pipe while swimming in Lake Ontario. Police said John E. Friederbach, 38, died in an attempt to pull his son, Jay, 10, from the pipe, which was connected to a water pump in a neighboring cottage. Authorities said a short circuit in the pump apparently charged it.

Damage From Hurricane Reported Only Slight

RALEIGH, N. C. (AP) — Hurricane Diane, after eight days of fierce travel up the Atlantic, struck the mainland Wednesday and wrought only minor direct damage. But her fringe winds kicked up high tides that flooded sections of towns in northeast North Carolina.

The mile-wide Pasquotank river, swept by 60-mile gusts in early afternoon, rose to depths of more than a foot into stores along waterfront streets at Elizabeth City.

High tides rose into streets at Washington, on the Pamlico river, and civilian defence officials ordered National Guard trucks to stand by for possible use in evacuations. Flooding conditions also were reported from Edenton, on Albemarle sound, and at Hertford, on the Perquimans river.

A weather bureau advisory at mid-afternoon located Diane's centre a short distance south of Raleigh, her winds diminished to an average of 35 to 45 miles an hour with a few gusts up to 58 m. p. h. Her forward movement was toward the north-northwest at 15 miles an hour.

The bureau said she was expected to remain on that course for the next 12 to 24 hours at a speed of 15 to 18 miles an hour. Interests to the north and northeast of the storm were advised to continue precautions for strong winds and gales and moderate to heavy winds as far as 200 miles from the centre.

This second hurricane to hit North Carolina within a week, crossed Wilmington, Cape Fear river port, at 7.20 a. m. ADT and continued on a north-northwest course toward Virginia in an ever-weakening condition.

Since she had formed Aug. 9 near Puerto Rico, Diane, fourth hurricane of the season, had worked her wind strength up to 115 miles an hour. But before her landfall her central winds were down to gusts of 100. As she blew over Wilmington the winds had dropped to 74 m. p. h.

Beaches in the Wilmington area which last Friday were badly beaten by wind and wave of hurricane Connie got off Wednesday with good soakings, trifles of damage here and there, and a good scare.

The weather bureau, meanwhile was taking a hard look at a "relatively low pressure area" east of the Leeward islands for possible signs of a new hurricane.
