[*Continued from first page.*]

Hon. LEADER OF THE GOVERNMENT.—I did so.

Hon. Mr. DUNCAN.—I believe that it was the first transaction of that kind which the late Government had done, and therefore they did not know how it would pay. If the Government will tell us that they intend to bring in a Bill to relieve the people, I shall feel satisfied, for there ought to be something done to prevent their been forced to put the case in Chancery. From the Attorney General's Report, it seems that the surplus should be remitted; but I am really astonished that my hon. colleague (Mr. Davies) has not brought in a Bill for that purpose; for, if the Government cannot act on the opinion of the Crown Law Officers, it is a curious state of things. I have sent all the information I could obtain on this matter, to the people on the estate.

Hon. Mr. DAVIES.—Mr. Chairman, I did not cast any reflections upon the late Government on account of the way in which they managed the Selkirk Estate. They paid two shillings and four pence sterling per acre, which was a guide to all future transactions of that kind; and the price fixed upon the lands coincided with the the rate recommended by the Commissioners who inspected the Estate. The Conservatives did not know, when they went out of power, that the Estate would more than pay the costs and working expenses; and I have no doubt that the present Government will bring in a bill to relieve the people.

Hon. LEADER OF THE GOVERNMENT.—I do not think the Conservatives should have left the people of Belfast to the mercy of the present Government, for they knew that the amount which the settlers promised to pay was more than sufficient to cover all expenses. The present Government have no better criterion by which to judge than they had, for they knew perfectly well that there was more than enough due from the people. The hon. member (Mr. Duncan) need not be surprised that a Bill has not been brought down to this House to relieve the people, as he never troubled himself about the matter till he got into the Opposition. He now pretends that he did not know that the people had given bonds for the payment of a sum which was more than sufficient to cover all expenses. The Government will take the best means of remedying the evil complained of; but they had no more power of doing so last Session than the Conservatives had before they had resigned their places in the Government. The present Government will do more for the people on the Selkirk Estate than their predecessors have done.

Hon. Mr. DUNCAN.—I am free to admit that I did know there would be an overplus from this estate; but as the hon. Leader of the Government says that he also did, he is certainly culpable.

Hon. LEADER OF THE GOVERNMENT.—The late Government ought to have known it.

Hon. Mr. DUNCAN.—Does not the hon. Leader of the Government wish to see a large surplus on the Worrel Estate? Does he say that the sums due will all be received by the Government? The only difference between the two cases is that the people of Belfast paid up their instalments, and the people on the Worrel Estate did not. According to the valuation of the Cunard Estate, it will pay all costs and expenses; and we know much of it is selling at twelve shillings per acre. The Government have had some experience in purchasing the proprietory estates, and therefore in future they will know better how to manage them. We have discovered that those estates, which have large tracts of cultivated land, will pay better than wilderness lands. I have no doubt that my hon. colleague will do all in his power to relieve the people on the Selkirk Estate.

Hon. ATTORNEY GENERAL.—The hon. member for Belfast (Mr. Duncan) seems to be dissatisfied with the present Government, but he was quite contented with the state of matters concerning the Selkirk Estate when he was a member of the late Government, and knew whether the estate was self sustaining or otherwise. If they had carried out the Act according to its true spirit, the people would not have been charged so high a price for their lands, and the estate would merely have been made self-sustaining. This is the first Session of the present Government in which the matter could be brought forward, for they had no information concerning it last Session. The opinion of the Crown Law Officers was not known till about three weeks ago; but satisfaction will be given to all parties in this House, on the matter.

Hon. LEADER OF THE OPPOSITION.—There appears to be a difference between the hon. Leader of the Government and the hon. Attorney General, upon this subject. The former says that it was the duty of the late Government to have remedied the evil complained of; but does he think that a debt is paid when he sees the account on his books? if so I cannot agree with him on that principle of financiering. He says that he knew there was a balance in favor of the Government; then why did he not, as Leader of the Opposition, when the late Government were in power, bring this to their notice? He must have kept his thoughts within his own breast and allowed a false report to be sent to England, in order to obtain the proposed Loan, if he knew that the estates purchased under the terms of the Land Purchase Bill would not, on the whole, be self-sustaining. The hon. Attorney General, when trying to negociate a Loan in England, showed that there would be a balance of £2-000 sterling in favor of the Colony, on the estates which had already been purchased from the proprietors.

Hon. LEADER OF THE GOVERNMENT.—The hon. Leader of the Opposition has made what he thinks a fair statement, but he knows that when I sat as Leader of the Opposition, I told the late Government that the Selkirk Estate would, at the rate at which the lands were priced, produce a surplus. They had the Books of the Crown Land Office to refer to, which would show this to be the case. To charge ten or twelve shillings per acre for lands which had been purchased at two shilling and four pence sterling, would certainly realize more than the first cost and expenses; but if I could have foreseen this, I would have framed the Land Purchase Bill so as to prevent the Government from fixing too high a price on the public lands, and thereby all this trouble would have been saved. A clause should be inserted in that Bill allowing the Government to charge the people only what would cover costs and expenses. The present Government had quite sufficient to engage their attention last Session, without enquiring into this matter concerning the Selkirk Estate. I think that the late representatives of the district should have made it their principal business to attend to the interests of their constituents, and to have prevented an overcharge from being made by the late Government. But instead of charging the people only what would cover costs and expenses, they boasted that there would be an overplus from this estate, and that they were making a profit out of the transaction.

Hon. Mr. DUNCAN.—It is quite evident that if the hon. Leader of the Government had foreseen that matters would turn out as they have, he would have framed the Land purchase Bill differently; but neither he nor any other member of this House knew that there would be an overplus from the Selkirk Estate. It appears that he did not understand the subject; if he did, the people did not get the benefit of his knowledge. Whatever faults he may find with my late colleague, I believe that gentleman did not know that there would be a surplus from the estate. If the hon Leader of the Government knew all this before the hon. Attorney General went to England, and made a Report on the land purchases, which have been made by the Governments of this Colony, he was greatly to blame.

Mr. BRECKEN.—I understood the hon. member for Belfast (Mr. Davies) to say that on the 31st January, 1867, only £240 were due from the estate. If the hon Leader of the Government knew that, why did he not instruct the Commissioner of Public Lands to take no more money from the people on that estate, than would pay all expenses?

Hon. LEADER OF THE GOVERNMENT.—I had no power to give such instructions.

Mr. BRECKEN.—He had power to do so as the Estate was only intended to be self sustaining.

Hon. LEADER OF THE GOVERNMENT.—I should like to know if the farmers who have paid all their instalments should have a part remitted to them.

Mr. BRECKEN.—It was the duty of the hon. Leader of the Government to instruct the Commissioner to cancel the Bonds received from the people, after a sufficient amount had been paid by them. Some of the tenants have paid more than others, and it will now be a hard task to give justice to all parties. Perhaps the richest class of farmers have paid all their instalments, and the poorest have not. I have no doubt that the business qualifications of the hon. member for Belfast will be sufficient to enable him to settle these difficulties satisfactorily.

Hon. Mr. HENDERSON.—I do not intend to consume time just now, as the subject will come in in another shape. The members of the present Government charge the Conservatives with insincerity in their acts in connection with the Land Question, and particularly with overcharging the people of Belfast, which district was looked upon as the very basis of the superstructure of the Conservative party. The very fact that the Selkirk Estate was more than self-sustaining proves that the Conservatives were honest in their endeavors to abolish the rent paying system. They fixed a price which would ensure no loss to the Colony.

Hon. Mr. LAIRD.—If the Conservatives had been honest they would not have demanded more from the people than was required to render the Estate self-sustaining. The hon. member for Murray Harbor (Mr. Henderson) proves by his own words that they were not honest in their intentions to settle the Land Question. It is clear that the abstraction of money from this Colony by the British Government is unjust and unfair, and as long as the cultivators of the soil are forced to pay an unjust debt there will be discontentment and hard feelings towards their oppressors. The only way now open to us, to redress the grievances of this much abused Colony, is to enable the tenants to become freeholders by means of the Land Purchase Bill, under the provisions of which the proprietory estates may be purchased. A few of the better class of farmers may succeed in purchasing their farms from the proprietors, but by far the larger number will be unable to do so. If the estates were purchased by the Government, the people would be allowed time to pay the instalments for their farms, and thus could become freeholders. The sooner the estates are purchased the better, for as long as the people believe their rent to be an unjust debt, there will be discontent and uneasiness. The paragraph under discussion says that justice and equity will be given to the people on the Selkirk Estate, and this is all that can reasonably be asked for. The Government would retain the confidence of the people by purchasing the estates of the proprietors, and I believe the tenants will perform whatever they engage to do, in paying the instalments for their farms. The very belief that justice will be done is an assistance to the people and will enable them to succeed and prosper, but the contrary belief discourages them, therefore the payment of an unjust debt has been an injury to this Colony.

CARLTON'S CONDITION POWDERS FOR HORSES COWS, SHEEP, & ALL STOCK.

FATTENING STOCK.

Farmers will find it a saving to them of many dollars by using these Powders. When fattening stock, by mixing a little of these Powders with the food, you will find that they will fatten quicker, and the flesh will be firmer and better in every respect.

The many

DISEASES OF HORSES

an almost all be *prevented or cured* by these Powders.

One Powder drives out Worms.
One Powder cures Bots.
One Powder puts a Horse in condition.
One Powder makes a Horse shed his coat.
One Powder gives a soft and glossy appearance to the hair.
One Powder cures the Horn Distemper in Cattle.

CARLTON'S CONDITION POWDERS,

given according to directions, are the best thing in he world to strengthen a horse, and restore him to ealth and vigor after severe exposure or hard driving.

These Powders cause a healty action of the digestive organs, and purify the blood of animals, thereby equalizing the circulation of the blood and imparting vigor to the whole frame. This soon demonstrates itself by an improvement in the apparance of the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrifty.

CARLTON'S CONDITION POWDERS

will be found a perfect tonic and restorer after attacks of any acute diseases, such as Influenza, Stangles, Inflammation of the Lungs, Nasal Gleet, etc

Every one who owns Stock

of any kind should use this Medicine. It is always BENEFICIAL, and is so HARMLESS that it can always be given without fear.

Farmers who are FATTENING their stock should use these CONDITION POWDERS. They will keep all kinds of stock healthy and in good heart, and make them fatten much easier and quicker than they otherwise would. Find the signature of

Such testimony

CANNOT BE DISCREDITED.

From the mass of evidence in our possession we select the following:—

From L. J. RACINE, Esq.,

of *La Minerve*, Montreal. "Having experienced the most gratifying results from the use of *Dr. Wistar's Balsam of Wild Cherry*, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam from which I found *immediate relief*, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy *par excellence*."

A CURE FOR WHOOPING COUGH.

ST HYACINTHE, C.E., Aug. 21, 1856.

Messrs. SETH W. FOWLE & SON.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with *Whooping Cough* in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of *Dr. Wistar's Balsam of Wild Cherry*. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.

Yours, P. GUITTE,

Proprietor of the *Courrier de St. Hyacinthe*.

Clergymen, Lawyers, Singers,

and all those whose occupation requires an unusual exercise of the vocal organs, will find this the ONLY REMEDY which will effectually and instantaneously relieve their difficulties. This Remedy, unlike most others, is extremely

PLEASANT TO TASTE.

A small quantity allowed to pass over the irritated part at once removes the difficulty.

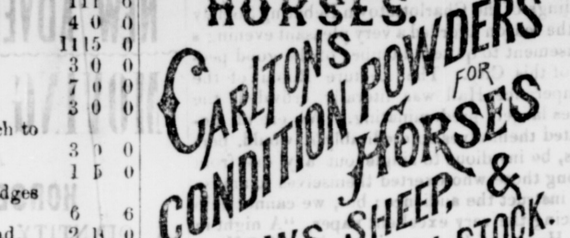
The Most Reliable Friend!



Holloway's Ointment.

Its Searching & Healing Properties are known and recognized throughout the World.

The number of years this invaluable Ointment has stood the test of public opinion, (and the longer known the better appreciated) is a testimony of itself more convincing than anything that could be written in praise of its truly wonderful healing properties. In the cure of bad legs, bad breasts, sores, wounds, and ulcers, its effect is marvellous. For ring-worm, scald-head, scrofula, and diseases of the skin generally, there is no remedy to be compared to it. When assiduously rubbed upon the skin (previously well bathed in warm water) this Ointment is quickly absorbed into the system, and cleanses, in its passage, every part to which it is applied.

Glandular Swellings, Mumps, Bronchitis, Quinsey, Sore Throats and Diptheria.

In any of the above diseases, immediate and permanent relief is obtained by effectually rubbing this detergent Ointment, twice a day, upon the neck, chest and back. Its acts upon the very mainsprings of life; for through the glands pass all new matter required for the body's reparation and all old particles detrimental to its preservation. The Ointment, used conjointly with Holloway's Pills, will act so searchingly and certainly as to effect cures in the most hopeless cases.

Rheumatism, Lumbago, Contracted and Stiff Joints.

Many thousands of martyrs from the above complaints have found life almost unsupportable; yet, if Holloway's Ointment be briskly and perseveringly rubbed upon the parts affected, ease may be safely guaranteed, especially if the pores of the skin be previously opened by fomentations with warm water. The gross humors require expulsion from the system; it is therefore necessary to have recourse to Holloway's admirable Pills, which, by purifying and strengthening the system, greatly assist the operation of the Ointment and facilitate and confirm the cure.

Bad Legs, Bad Breasts, and Ulcerations of all kinds.

There is no medicinal preparation in the world which may be so thoroughly relied upon, in the treatment of the above ailments, as Holloway's Ointment. Nothing can be so simple or safe as the manner in which it is applied, or its action on the body, both locally and constitutionally. The Ointment, rubbed around the part affected, enters the pores just as salt enters meat. It quickly penetrates to the source of the evil and drives it from the system.

Erysipelas and Scrofulous Sores.

In all irritations of the skin, sores, ulcers, burns or scrofulous enlargements of any kind, Holloway's Ointment presents a ready and easy means of cure. It manifests a peculiar power in restraining inflammation, removing stagnation, cooling the heated blood, and checking all acrimonious and unhealthy discharge.

Diseases attendant on Childhood.

Diseases incident to early life fall more under the management of the mother than the medical man. Holloway's Ointment should therefore be regarded by her as a "Household Treasure," as it never fails in bringing out the rash in measles and scarlatina; and for the removal of all skin diseases its effect is miraculous. In cases of whooping cough and croup, this invaluable Ointment should be rubbed twice a day upon the throat and chest, and the youngest invalid will derive therefrom the most soothing relief. Two or three of Holloways's famous Pills, reduced to a powder, will augment the curative powers of the Unguent.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (soft)	Rheumatism
Bad Breasts	Cancers	Scald Heads
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions	Elephantiasis	Sore Throats
Bite of Moschetoes and Sand Flies	Fistulas	Skin Diseases
Coco-bay	Gout	Scurvy
Chiego-foot	Glandular Swellings	Sore Heads
Chilblains	Lumbago	Tumours
Chapped Hands	Piles	Ulcers
		Wounds
		Yaws

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and **can say, in confidence and truth** of it, what we have never been able to say of any other medicine—**never has it failed, in a single instance, to effect a cure,** when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter **"what we do know,"** after thirty years' experience, **and pledge our reputation for the fulfilment of what we here declare.** In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most **experienced and skillful nurses** in New England, and has been used with **never-failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world,** in all cases of **Dysentery and Diarrhœa in Children,** whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—**do not let your prejudices, nor the prejudices of others,** stand between your suffering child and the relief that will be **sure—yes, absolutely sure**—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of **CURTIS & PERKINS, New York,** is on the outside wrapper.

ROGERS'
MEDICINES!

AFTER A TEST OF

FOUR YEARS

before the public, are still increasing in popularity, because they continue to make cures

UNPARALLELED

in the history of Medicines, as abundantly appears by the following, among hundreds of similar testimonials, from people of the highest respectability from all parts of the Lower Provinces.

There is no longer any reason why the most hopeless cases in any disease arising from impurities of the blood may not be cured, as well as

GENERAL DEBILITY,

FEMALE WEAKNESSES, &c., &c.

OUR

ALTERATIVE SYRUP

is beyond all controversy unsurpassed as a purifyer of the blood and invigorator of the system. This, no man can doubt, who will look over the following

CERTIFICATES:

Cancer of the Womb Cured.

Messrs. Rogers & Co,

GENTS.—I have been cured by your wonderful Medicine of one of the worst of diseases, as follows, viz:

I had been afflicted for several years with an internal Tumor, and four years ago I was taken sick with a fever; the old complaint also revived. I had a Doctor attending me, but continued to get worse, we sent for another Doctor. He pronounced it a hopeless case, and said I could not live long. He said the Tumor was then as large as a pint bowl, and was assuming a cancerous nature. I suffered more than tongue can tell. My friends expected me to die daily. They were called in to see me die, and I was reduced to a mere skeleton. I suffered in this dreadful manner for upwards of two years. I at length, as a forlorn hope was induced to try your medicine. The first lot seemed to make me worse, and I became discouraged; but the Rev. A. W. Borss advised me to continue. I did so, and soon began to improve, and I am now well again, and a wonder to myself and neighbors. I feel as one raised from the dead. I am a young woman of 26 years of age. I state these things for the benefit of suffering humanity, and I cannot begin to describe the severity of my case—it is widely known in the County of Yarmouth, Nova Scotia.

Yours, with much gratitude,

LOIS A. HATFIELD.

We, the undersigned, friends of Miss Hatfield, have much pleasure in endorsing all she says above, and much more might be said of this most extraordinary case.

MARY L. MCCORMIC.

ULCERATED CANCER CURED!

Who needs better proof than the following voluntary testimony of

MRS. HANNAH BALMAIN, OF WICKHAM, N.B.

Some four years since there came a lump in my breast, and at the time I did not know what it was—but on showing it to three Doctors, they told me it was a "CANCER," and for which the knife would have to be applied; then again, I went to a female doctor, who has been in the habit of curing Cancers by drawing them out, but she informed me that it was deep in the flesh and too long seated, and therefore could not help me. Knowing that something must be done, I concluded to try your medicine, which I saw advertised in the *Visitor*. Accordingly I sent for a can of *Ointment and Powders for making the Syrup*, which I used without the slightest change at the time. I began to think it was a failure, but concluded to give it another trial; consequently I procured another can of Ointment and Powders, and from its use it gathered and broke in two places, and discharged very freely for about six months, after which time it broke again in another place, and one of the old Ulcers healed up, the remaining two still remaining, one of which ran for two and a half years, the other healing up in about two months after it broke, during which time I used your medicine regularly. I may here state, that the last Ulcer healed up about thirteen months ago, since which time I have enjoyed good health. Yes, I may say better health than I have enjoyed for several years.

I remain yours, respectfully,

MRS. HANNAH BALMAIN.

EXTRACT OF A LETTER.

FIVE ISLANDS, Nova Scotia, October 21st, 1867.

Messrs. Rogers & Co,

GENTS:—My daughter is nicely, and you have done wonders, for I never thought you would make a cure as you have done. Her leg appears to be quite strong, but it itches a little.

Yours, &c.,

EDWARD CORBETT.

The above was a very severe case of Scrofula of four or five years standing, and after having baffled the skill of the best Physicians and almost every other Patent Medicine, and the child appeared to be on the verge of the grave, and the parents having lost confidence in everything in the medical line, we undertook the cure for a certain sum, and if we failed we were to get nothing: but we succeeded, as we do in every case of Scrofula we undertake. Nearly the whole of the bone from the knee to the ankle came out in pieces from time to time.

ROGERS & CO.

Mrs. Edwin Starratt, of Port William, Nova Scotia, after having lost the use of her limbs for upwards of three years, has been fully restored to her former health by the use of our medicine. Any one wishing to know the particulars can correspond with Mrs. S. who will give every information.

R. & Co.

Mr. Allen, Editor of the Liverpool *Transcript*, Nova Scotia, has been cured of a very bad Scrofulous sore on his leg, of several years standing, after every other means failed.

R. & Co.

Miss Miles of Milton, Queen's Co., Nova Scotia, was for upwards of three years suffering from a general derangement of the system. Suspension of the menses, bleeding at the lungs, &c., &c., and to all appearance was fast sinking to the grave. Medical skill and every other means proving ineffectual. In a few months our *ALTERATIVE SYRUP* restored her to her usual health.

Persons wishing to know the truth of this case can drop a line to the Rev. JOHN HUGHES, Baptist Minister at the above place. We could easily fill pages of newspapers with the relation of such cases, but we deem the above sufficient for the present.

R. & Co.

It usually takes from six to twelve months to effect a cure in cases of long standing, and will cost from thirty to sixty dollars. The cheapest way for such cases is to order a $29 box at first, which can be had in New Bruswick by ordering from

JOHN CHALONER, ESQ.,

Corner of King and Germain Street, St. John. But may be had at all the principal Drug Stores by Retail, or address
