## Civil Obedience

A group of workers were discussing how smart their dogs were.

The first was an IBM worker who said his dog could do calculations. His dog was named "T Square". He told "T Square" to go to the blackboard and draw a square, a circle, and a triangle, which the dog did with no sweat.

The second worker was a Ford worker and he said he thought his dog named "Sliderule" could do better. He told "Sliderule" to go fetch a dozen cookies and bring them back and divide them into four piles of three, which "Sliderule" did with no problems.

The third worker was with the Telephone Company and he said the other two dogs were good, but his dog named "Measure" could do much better. He told "Measure" to go and get a quart of milk and then to pour seven

ounces of it into a ten ounce glass, which measure did with no problems.

All three workers agreed that all of their dogs were very smart. They then turned to the fourth worker who was a Civil Service worker and asked him what his dog named "Coffee Break" could do. The civil service worker called "Coffee Break" over and said "show the fellows what you can do Coffee Break".

"Coffee Break went over and ate the cookies, drank the milk, screwed the other three dogs, claimed he injured his back, filled for Workmans' Compensation and then left for home on sick leave.

## Greetings

Welcome to the Business Society Page! This is the first time that our Society has had a weekly page in The GEM, so we intend to use the space wisely. Through this page we hope to inform, enlighten, and entertain our readers (occasionally offend - but never intentionally).

## Joke Of The Week

Did you hear about the engineer who put a condom on backwards? He went!!

Dear Aunt Pius

Hello boys and girls, I'm your sweet Aunt Pius, The Business Society Counselor.

If you have a personal problem, whether academic or social, psychological or perhaps sexual, I would like to offer my advice to you. I'm experienced in almost all of these fields. You can drop your letters in the Society Suggestion Box located on the main floor of Kelley building.

Don't be shy boys and girls, I know that you freshmen have many phobias, and seniors you will soon be experiencing anxiety from Policy projects. Remember boys and girls Auntie Pius loves you all!!

### We offer a university education and a career to make the most of it.

#### Ask about the Canadian Forces Regular Officer Training Plan for Men and Women.
