

**RED SEAL**  
HOME  
WIRING  
M'LEAN & SON

W. HAYDEN M'DONALD

MR. AND MRS. EARL L. Hume, officially receive the "Red Seal" Certificate of Standard Wiring from His Worship Mayor Edwin C. Johnstone at their home on Goodwill Avenue yesterday. Mr. and Mrs. Hume are one of the first owners of a "Red Seal" home on Prince Edward Island. Their new home, which is as

"modern as tomorrow" was wired by MacLean and Son, Electrical Contractors. Those attending the official opening yesterday were, from left to right, A.D. Cameron, General Manager of Maritime Electric Co. Ltd.; H.B. Bugden, secretary of the Electric Service League of Prince Edward Island and His son, representative of Canadian

General Electric; A.E. MacLean, wiring contractor; W.R. Brennan, Public Utilities Commissioner; Major W. H. Poole, Chief Electric Inspector; Mrs. Hume. Mr. Hume, Willard Burke, Chairman of the Electric Service League of Prince Edward Island and His son, representative of Canadian

Electric Limited; H. B. Bugden, Secretary-treasurer of the Service League; Gilbert Wilson, re-

representative of the Canadian General Electric; A. E. MacLean of MacLean and Son Electric; —W. R. Brennan, Public Utilities Commissioner; and Major W. H. Poole, Chief Electric Inspector.

**OFFICIAL OPINION**

Earlier this year the Provincial Fire Marshall, Earle T. MacLeod, expressed his opinion on the adoption of the Red Seal Standard of wiring in this province.

"We wonder," Mr. MacLeod said, "if the people of our Province realize that annually in Canada about 6,500 fires start from electrical causes, resulting in a property loss of almost \$11 million. By far the largest factor are over fusing and Do-it-yourself wiring.

"The adoption of the Red Seal Standard of adequate wiring could entirely eliminate the first of these hazards, and help to wipe out the second," he stated.

**BOOST INDUSTRY**

LONDON (CP) — London County Council has launched a £13,500 publicity campaign to attract new industries to the "overspill" towns established to house London's surplus population on the city's outskirts.

**CONTENTED PIGLET**

WOODSTOCK, Ont. (CP)—An unwanted piglet is enjoying a dog's life here. Lassie, a police dog nursing seven pups, also adopted the piglet.

**Present Red Seal Wiring Certificates First Time**

For the first time in the history of Prince Edward Island Red Seal standard of wiring certificates were presented yesterday afternoon to two home owners.

Mr. and Mrs. Melvin Jenkins, North River Road and Mr. and Mrs. Earl L. Hume, Goodwill Avenue, who are the owners of the first Red Seal homes on P.E.I., were presented with the certificates by Mayor Edwin C. Johnstone, on behalf of the Electric Service League of P. E. I.

Among those present at the opening ceremonies yesterday of P.E.I.; A. D. Cameron, General Manager of Maritime Electric

of the Electric Service League were: Willard Burke, Chairman

**We Recommend**

The "RED SEAL" Standard of Adequate Wiring in all our CUSTOM BUILT homes.

**THE PROVINCIAL ELECTRICAL INSPECTION DEPARTMENT**

recommends:

- All defective Electrical Equipment be replaced or repaired.
- Fusing arrangements be checked regularly. (All household lighting circuits must be protected by 15 amp. fuses).
- Consult a competent electrician before buying any major appliance.
- Contact your Electrical Inspection Dept., if you have any electrical problems.

**NO! IT'S NOT TOO EARLY FOR ANTI-FREEZE**

**PERMA-FILL**

FULL STRENGTH 100% APPROVED

**ETHYLENE GLYCOL ANTI-FREEZE**

—With COOLING SYSTEM CONDITIONER

**PLEASE NOTE**

Our new service department is now open where we can install mufflers, tail pipes, batteries, tires, etc., purchased from us. Enquire at main counters for information regarding prices on parts and labor.

**What Is COOLING SYSTEM CONDITIONER?**

The Special Cooling System Conditioner is the EXTRA that is built into the Full Strength 100% approved Ethylene Glycol Anti-Freeze.

**WHAT DOES IT DO?**

The Special Cooling System Conditioner in Perma-Fill actually improves engine performance, inhibits the formation of power-robbing deposits and scale on water jackets and radiator core . . . lubricates the water pump. Can't harm car fluids and it's kind to rubber hose and gaskets.

**More Than Just Another Good Anti-Freeze**

. . . Perma-Fill 100% approved Ethylene Glycol Anti-Freeze will give you greater protection than you'll ever need . . . will protect your car all the way down to 62° below zero . . . that's protection!

Perma-Fill — the world's finest — with Special Cooling System Conditioner (made exclusively for Canadian Tire by the largest manufacturer of Ethylene Glycol) stands up to heat as well as cold — prevents freeze-ups, rust and corrosion. Won't boil away in warm weather. Use with any thermostat — never needs testing — stays up to full strength. Fill up with PERMA-FILL this week-end at our special reduced price. You can pay more, but you can't get more protection.
