

GM Output Has Increase

TORONTO (CP) — General Motors of Canada, the industry's giant, continues to show the way to higher Canadian auto production this year, the weekly report of the Canadian

Motor Vehicle Manufacturers' Association showed Wednesday GM has produced 143,865 cars and trucks so far this year, compared with 121,438 in the similar '64 period, and is the only large producer running ahead of last year's figures. Output of all companies will be reduced this week because of the Easter holiday. Scheduled car production this

week, and total production to April 10, with figures for last week and the comparable 1964 period in brackets: American Motors 640 (816); 11,187 (10,562); Chrysler 1,041 (2,578); 22,559 (29,141); Ford 3,040 (4,185); 49,145 (49,929); GM 6,076 (8,872); 120,605 (104,818); Studebaker 432 (456); 5,955 (3,086); Volvo 60 (75); 863 (661).

The Guardian, Charlottetown, Thurs., April 15, 1965. 9

'65 Studebaker

CANADA'S OWN CAR

KING-SIZE comfort in a low-priced car

The 1965 Studebaker is a common-sense car in styling as well as engineering. No wasted space in front, for easier road viewing. No excess space in the rear, for easy maneuverability. Studebaker puts all its attention to COMFORT in the middle — where the passengers are. Plenty of length for legs. Plenty of height for hats as well as heads. Plenty of width for hips. Six adults can sit comfortably on foam padded seats — full sized seats. And the floors are flat for easy getting-in and getting-out. Come in — take a look, take a drive, make a deal.
