A WIDE field was covered at last night's meeting, held in the Charlottetown national employment offices, in connection with the 1962-63 "Do-It-Now" campaign, under the chairmanship of George Cheverie, branch manager.

Here members of the sub-committee of the local employment advisory committee discuss certain phases of the program with the chairman. Shown left to right are: George Chandler, Edward Acorn and Daniel McAskill, seated, with Mr. Cheverie standing.

Employment Advisory Group Plans 'Do-It-Now' Campaign

The local employment advisory committee meeting last night in the Charlottetown national employment offices, named a sub-committee, to assist the local employment office of the NES in promoting the winter employment campaign.

Those named are: George Chandler, Edward Acorn and Daniel McAskill.

Following a brief session last night's meeting was adjourned until Monday, Feb. 4 at 7:45 p.m., when it is hoped that there will be a full attendance of members.

This was decided upon, after a number of proposals had been brought up, on which it was deemed that no action should be taken without the concurrence of a larger proportion of members.

Several of the proposals covered various methods of promoting community projects to be undertaken in the "Do-It-Now" campaign. Other proposals were for trying to enlist increased community support of the campaign.

The only item that was given approval, was for the holding of a panel on the air, dealing with home improvement loans, their availability and how they should be used.

The panel members will be, R. F. Gagne, manager of the Moncton branch of Central Housing and Mortgage Corporation, M. J. Regan, accountant at the Charlottetown branch, Royal Bank of Canada, and George W. Cheverie, manager of the National Employment office.

Hillcrest Committee Will Be Liaison Group

SUMMERSIDE BUREAU OF THE GUARDIAN

The functions of the newly-formed Hillcrest committee will be primarily one of liaison with other groups and organizations, in matters of direct interest to Hillcrest residents.

This was announced yesterday by P. A. Torrens, a member of the RCAF, and information officer for the Hillcrest committee.

He said that the committee which has been formed is a temporary one until a permanent committee can be elected, and will concern itself with the most immediate problems of service personnel living off the base.

Election of a permanent committee will be held as soon as arrangements can be completed, and this committee will represent all RCAF personnel living off the base, and will be concerned with the general interests of this group.

As spokesman for the present committee, Mr. Torrens emphasized that the permanent committee will in no way duplicate the authority of the Summerside Town Council.

He said that whenever need is indicated, this committee will act in liaison between the citizens it represents and the Summerside Town Council or any other organizations.

This does not mean that individuals will be restricted in any way from contacting their town council representative or any other person, he said, however, where a large number of individuals are concerned with mutual problems the matter is often best handled through a committee.

In addition to matters of this kind, it is anticipated that the elected Hillcrest committee will sponsor or promote various projects that will be of interest and benefit to residents of this community.

Band Shell And Pee Wee Hockey Proposed At S'side

SUMMERSIDE BUREAU OF THE GUARDIAN

A band-shell that would serve as a vehicle for various types of entertainment to be constructed in the proposed centennial park and the inauguration of a Dominion pee-wee hockey competition in Summerside in March of 1964, were two proposals that were approved unanimously by a meeting of the Summerside centennial planning committee last evening.

The meeting was held in the civic building with the chairman, Edgar Cannon, presiding.

Keen interest has been shown in the proposed centennial park since it was first suggested as a permanent memorial of the centenary event several weeks ago. The site selected is a short distance west of the Summerside-St. Eleanors boundary fronting on the strait.

Last evening it was revealed the provincial government made plans some time ago to build a provincial park in this area and after discussion it was approved that the board of trade take the necessary action to have the area made into a provincial park. It is hoped this work can be done this year.

It was also approved, on motion, that a combination band-shell and outdoor theatre be constructed in the park as a project of the committee that would serve to provide band concerts, theatrical productions and other entertainment. It would also be used for arts and crafts.

PARK SITE

Town Manager J. A. Brophy was asked to explain the location of the site for the proposed park and showed the meeting a map of the area. Mr. Brophy said it was town-owned land, consisting of 80 acres with approximately a 4,400 foot frontage on the strait.

He said it was his understanding that the road from the western end of Summerside, which was started last fall, was to be built in two stages. The first stage consisting of construction of the road to the golf course road and the latter stage continuing it on to the Linkletter Road. The road will run fairly close to the shoreline.

Before a final decision is made on the proposed park site, the results of a sewerage disposal investigation is anxiously awaited and Mrs. Wilfred Perry, a member of the town council, told the meeting a report on this survey is expected by the end of this week.

She also stated the council agrees in principle to the area selected for the park but since it is town-owned land it wishes to have this site taken inside the town boundaries after which it would be donated by the government.

Ross MacKenzie said the site is within walking distance of the town for boating, swimming, picnicking and other entertainment and stated he felt it would be a wonderful centennial contribution for residents as well as tourists.

PEE-WEE HOCKEY

Gordon Kelly, a member of the minor hockey committee of the Summerside Recreation Association, said that so far all special events planned are for adults. He stated that two years ago he proposed a pee-wee series with Natick, Mass., and these visits to the Island by the American pee-wee team and the return visit last year of the Summerside boys proved very popular and created wide interest. Mr. Kelly revealed the local boys have been invited to Natick again on March 6.

He stated the fourth international tournament at Quebec of pee-wee teams from various parts of Canada will be held in February. Last year the tournament attracted 100,000 spectators. He said the local team received an invitation to the Quebec tournament but declined because of the Natick invitation.

TOURIST DRAW

Mr. Kelly's suggestion was to hold a Dominion pee-wee championship competition in Summerside in 1964. He pointed out the numbers of people such an event would draw and suggested many would return home and plan a summer visit to the province, thus helping the tourist industry. Mr. Kelly said such a competition would have a large following as the teams that were eliminated would be greatly interested in watching the progress of their conquerors.

He said it is hoped that if such an event can be held, a national sponsor could be obtained to pay the travelling costs. Also National Hockey League referees and players would be present to participate in the event. This suggestion was enthusiastically approved and Mr. Kelly was given the green light to proceed with plans for such a competition.

LATE NOTICES

(Also see announcements in columns adjoining Classified Advertising section.)

COTTON — Entered into rest at 6 Park Terrace on Jan. 30, 1963, Alice Gertrude, beloved wife of Robert Cotton, in her 79th year. Resting at All Souls' Chapel today, Jan. 31. Funeral from St. Peter's Cathedral Friday morning, Feb. 1 with service commencing at 10 o'clock.

JAY — At the Watts Nursing Home, Wednesday, Jan. 30, 1963, Eliza Margaret Jay, widow of Crawford Jay, in her 75th year. Resting at the MacLean Funeral Home where the funeral will be held Friday, Feb. 1, with service commencing at 2 p.m. Interment in York cemetery.

MacDONALD — At the Prince County Hospital, Summerside, January 28, 1963, Mrs. James A. MacDonald of Richmond in her 77th year. Forwarded from the Rooney Funeral Home to her late residence from where the funeral will be held Thursday, Jan. 31, to St. Patrick's Church, Grand River, for Requiem High Mass at 10 o'clock. Interment in the church cemetery.

New London Rector Going To N.S. Parish

KENSINGTON — Rev. Ronald Parsons, rector of New London Anglican Parish for the past two years, will be leaving Kensington the latter part of April, to assume new pastoral duties in the Anglican parish of Tangier, N.S.

No new appointment for the New London parish has been announced.

Mr. Parsons will succeed Rev. George Ebsary, a former rector of Crapaud and Springfield parishes, who is moving to Chester, N.S.

Mr. Parsons, a native of Newfoundland, served with the Canadian Army in the Second World War. He is married to the former Ann Mills, of Pictou, and they have five children.

G. McMahon Is Prince Co. Prosecutor

SUMMERSIDE — George R. McMahon has been appointed Crown prosecutor for Prince County it was announced yesterday by Attorney - General Alban Farmer.

The appointment was approved at Tuesday's meeting of the executive council.

Mr. McMahon was the Crown prosecutor for Prince County for more than two and a half years before resigning from the position early last summer.

3,000 Potato Bags Burned At Miscouche

SUMMERSIDE — About 3,000 potato bags were destroyed by fire yesterday morning in a Miscouche warehouse of Simmons and MacFarlane Produce Ltd.

Some of the potato bags were new, others had been used only once.

The blaze broke out about 11.40 in the second storey of the warehouse. It was first discovered by Percy MacKinnon, who smelled smoke and went upstairs. Upon opening the door he found the pile of bags ablaze.

Mr. MacKinnon grabbed a nearby fire extinguisher and began to fight the flames. By this time the Miscouche fire department arrived on the scene and they had the fire out when a pumper from Summerside arrived, after a call for help had been sent in.

Apparently no damage other than the loss of bags and some water damage were incurred.

Cause has not been determined, but Mr. MacKinnon, who discovered the flames, said he thought it began somewhere around the flue or stove pipe in the top floor of the building.

PRESCRIPTIONS ADDED TO FUND

The Freeman Jackson Fund will soar well over the $3,000 mark shortly when a donation of $400 from the P.E.I. branch of the War Amputees of Canada is received.

This will bring the total collected to date through the fund sponsored by The Evening Patriot to more than $3,300.

Another donation was received from the United States yesterday from Neil Walker of West Palm Beach, Fla.

Other unusual donations are also being made. Mr. Jackson said that Hillard Toombs, proprietor of Johnston and Johnston Drug Store, has donated a free two-year supply of whatever prescriptions the family may need in that period.

S'side Police Seeking Driver

SUMMERSIDE — Summerside town police are seeking the driver of a car that struck a fire hydrant Tuesday night on Notre Dame Street at Central.

The hydrant was broken off completely at its base and guard poles nearby were also broken.

Police believe they have the license number of the car and are tracing the driver of the vehicle.

Car Hits Pole At S'side

SUMMERSIDE — One motor vehicle accident was reported to Summerside police Tuesday.

About $500 damage was caused to a car driven by Donald Doran of Portage when it struck a hydro pole on Notre Dame Street near Greenwood Drive.

The mishap occurred about 7 o'clock. Mr. Doran was not injured.

S'side Liberal Women Elect

SUMMERSIDE — The annual meeting of the Summerside Liberal Women's Association was held Tuesday evening with the retiring president, Mrs. William E. Smallman presiding. Mrs. Lloyd G. Lewis was elected president for the coming year.

Dr. Roy Grant, guest speaker, was welcomed to the meeting and introduced by Mrs. Adie Mulligan, the provincial president.

Dr. Grant, in his address, dealt at considerable length with organization and the value and importance of being well organized particularly at the poll level.

Mrs. Mulligan, who was introduced by Mrs. Smallman spoke on federal issues, referring to unemployment, deficits and the nuclear arms dispute.

The new slate of officers are, president, Mrs. L.G. Lewis; vice president, Mrs. Wilfred Callaghan; second vice- president, Mrs. Gordon Ramsay; third vice- president, Mrs. Henry Landry; secretary, Mrs. Donald O. Stewart; treasurer, Mrs. William Jenkins. Executive committee, Mrs. James MacGregor, Mrs. Edmond Doucette and Mrs. Clifford Ramsay.

A delicious lunch was provided by the ladies under the capable convenership of Mrs. Gordon Ramsay.

SEVERAL hundred students from St. Dunstan's University participated in the torchlight parade through the city last evening, signalling the opening of their first winter carnival which will run for four days. The parade got underway in Market Square, and is shown here as the snake-like procession of happy, singing torch-carrying students made their way north on Great George Street, headed for the campus and the official opening by Mayor A. Walthen Gaudet.

Winter Carnival At SDU To Feature Many Events

By JEAN MacISAAC
Guardian - Patriot Staff Writer

Nippy winter weather, with a touch of snow, promises a favorable setting for St. Dunstan's University's first winter carnival, which got underway at seven o'clock last evening.

John Dunphy, carnival chairman, said "I would emphasize that the Charlottetown people are most welcome to attend and we hope that students and others will get out to as many events as possible."

TORCHLIGHT PARADE

A torchlight parade from the market square in Charlottetown to the college signalled the opening of the four-day carnival. Such a parade is traditional for a carnival, and this one included 400 torches.

Mayor A. Walthen Gaudet officially opened the carnival at the University gym at 9:00 p.m. Then it was off to the football field for a bonfire, singsong, and refreshments.

Everyone's feet then had a chance to get warm again at a sock - hop in the gym. Events included limbo and twist contests. If enough snow falls, sleigh rides will be taking place at the same time.

Today is St. Dunstan's Day at the University, and also the first full day for the carnival.

MAIN ACTIVITIES

Main activities on the agenda will include Mass in the University chapel, a banquet, and the Red and White variety show in the evening.

Friday will be another big day, with the main event being the Carnival Concert, featuring the Journeyman, a popular American singing group, at Birchwood High School auditorium at 8:30 p.m. Tickets for the performance will be on sale at the door, Mr. Dunphy said.

The Carnival Queen will be crowned at the Carnival Ball on Saturday night. Four co-eds and two nursing students will vie for the title. Judges are Mrs. WC. Hoyt, best dressed woman of the year for the province, as chairman; J. Alfred Hennessey and Alan Holman.

On Saturday afternoon, St. Dunstan's will engage in an intercollegiate hockey tussle with Dalhousie University with game time at six o'clock.

Darnley Lady Dies At 88

SUMMERSIDE — Mrs. William Cousins of Darnley passed away at Prince County Hospital on Tuesday, Jan. 29, in her 89th year. She was the former Elizabeth MacKay of Sea View.

As a resident of Darnley she had been active in the work of the Keir Memorial Church in Malpeque, and the WMS of that church.

She is survived by one son Robert, at home, and a sister, Florence, Mrs. Harry Ramsay, of Saugus, Mass.

Also surviving are 10 grandchildren and 18 great- grandchildren. Her husband predeceased her.

The funeral will be held from her late residence today, Thursday, at 2 p.m. Burial will be in People's cemetery, Malpeque.

Pilot Dies, Passenger Takes Over

CHEYENNE, Wyo. (AP) — The pilot of a small plane died at the controls but one of three passengers, not a pilot, guided the plane to a safe landing.

"All I did was steer the thing and follow instructions," said Lester Peterson, 38 - year old assistant project manager for the American Bridge Company.

"He did a real beautiful job," said Lou Domenico, a flight instructor who directed the landing from the Cheyenne control tower. "He kept his head."

Pilot Edgar R. Vankeuren, 56, of Rapid City, S.D., slumped over the wheel as the single-engine Cessna 180 started to land Tuesday at a missile construction site 45 miles northeast of here.

Peterson, who was sitting in the co - pilot's seat, shook him and he keeled over.

"That's when we found out we were in trouble," said Peterson. "I grabbed the controls and pulled the nose up to avoid a crash landing."

Peterson climbed to 7,000 feet while his companions, engineers Lester Laun and John Pavlack, experimented with the radio and throttle.

Domenico talked down the plane after radio contact was established.

The plane touched down at 125 miles an hour, about 22 miles an hour faster than normal landing speed. It bounced hard, spreading the landing gear. Another bounce blew a tire. The propeller dug into the ground and spun the plane around but it did not overturn. None of the men were injured.

Cabinet Meetings Slated In Various Island Centres

By DON MacLEOD
Guardian-Patriot Staff Writer

Premier Walter R. Shaw said yesterday that "during the coming summer, I propose to hold cabinet meetings in various centres of the province" so that local people will be given an opportunity to meet with the men who comprise the cabinet and present statements of urgent requirements and progressive ideas, involving local and provincial interests.

The premier said "it is the facts are aside altogether from political considerations and will be undertaken in a sincere attempt to bring about a co-operative atmosphere in which this province with its limited resources may reach a greater level of prosperity and well-being for all."

The premier said "It is the intention of the government to keep in the closest possible touch with the people of the province during the present year. This not only includes direct contact from the premier and ministers of the various departments, but also through tours to every part of the province so that intimate relations on the needs of our people and the development of our opportunities may be fully explored."

Commenting on past tours of the province, the premier said "I found these contacts of great value and from the associations and knowledge so acquired, our present resources program gradually developed."

TO CONTINUE TOURS

The premier said he had been very impressed by his former tours of the province and "it is my intention to arrange for visits to every portion of the province to begin as soon as road conditions are satisfactory."

Premier Shaw said that "conferences with our people individually and in groups are now all the more necessary in the light of our resources organization, which involves practically every locality and deals with the problems of every region, and plans through which the needs of our citizens may be more fully developed."

Commenting on the resources development program, the premier said "the whole province will be set up in three units by counties and the over-all provincial development council will be reorganized on the same basis by counties for more effective work. The program will be under cabinet supervision, with suitable personnel in the resources department, having close liaison with all extension departments and workers for top effective direction in the field.

"Not only will staff members be in close touch with all problems of extension and development through the province, but myself and my associate cabinet ministers, forming top cabinet direction of the program, will be in touch with the re-organized resources council and all who may be interested in any way with the program throughout the field."

Premier Shaw said "no other province in Canada has as complete a plan of close association with the problems of their citizens in the economic, cultural and recreational fields as we have now in action in this province. The people working closely with the government and its component staffs under our present plans has set a standard and target that can bring to our people the greatest forward movement on record."

Young People's Unions Meet

SUMMERSIDE — The Trinity United church Young People's Union, Summerside, last night were host to a large group, representing five other unions in the town, for a social evening of fun and games.

Representatives attended from the young peoples unions of Church of The Nazarene, Baptist Church, Anglican Church, Church of Christ and from RCAF Station Summerside.

April 1 Deadline Set For Vacating

It was learned yesterday that April 1 is the tentative deadline, set by the Crown Building Corporation, for home owners to vacate their properties on the site of the proposed provincial government office building in the former West Kent School area.

Buildings involved are those that have to be removed for phase one of the new building. This phase runs along Rochford Street from Kent Street to Fitzroy Street.

Already four buildings, those advertised for sale by tender by the corporation, have been sold. Other buildings are still occupied.

Robinson Gains Split Decision; Crowd Boos

MIAMI BEACH, Fla. (AP)— Sugar Ray Robinson, the faded 42-year-old ex-champion, was awarded an unpopular split decision over Ralph Dupas of New Orleans Wednesday night in a 10-round match at the Miami Beach Convention Hall.

The crowd booed lustily when the decision was announced, for the 27-year-old Dupas had applied constant pressure to the six-time champion.

There were no knockdowns

HAIL ROYAL ROMANCE

ATHENS (Reuters)—Greece's Crown Prince Constantine, 22, and his fiancee, 16-year-old Princess Anne-Marie of Denmark, were greeted by a 21-gun salute Monday when they flew in following announcement of their engagement. Thousands of school-children crowded the airport and the 12-mile route to the palace waving Greek and Danish flags.
