

THE ELECTION OF THE new executive and an address by Dr. K. C. Charren, Ottawa, president of the Canadian Public Health Association, were the highlights at the opening day of the 11th annual meeting of the A.S.B. - P.E.I. Canadian Public Health Association at the Charlottetown Hotel A. panel discussion along with other addresses on the subject of child health were also heard. Slated for today will be more addresses on various phases of public health.

Public Health Ass'n Role In Various Fields Outlined

BY NICK FILLMORE
Guardian-Patriot Staff Writer

The Canadian Public Health Association, New Brunswick and Prince Edward Island Branch, moved through its first full day of programming at the Charlottetown Hotel yesterday with an approximate attendance of 85 delegates for the various panel discussions and talks.

Last evening's main attraction was the annual dinner at which Dr. K. C. Charren, Ottawa, president of the Canadian Public Health Association, was guest speaker.

Dr. Charren dealt with the role of the Canadian Public Health Association in the following fields: public health research; statements and policies on important public health matters; and the educational and scientific work of the association.

"With regard to public health research the association has established a research committee concerned with the stimulation and development of research projects," he said. "The first priority in the research area is the functional and activity studies of public health nursing, he said.

Yesterday's afternoon session was chaired by A. J. Cameron, P.E.I. department of health, and was highlighted by a panel discussion "School Health Service".

Panel moderator was Miss A. Carré, Charlottetown, liaison teacher, P.E.I. department of health, and panelists included Miss Alice Travers, P.I.N. Miss Nellie Andrew, D.I.E. Miss Mary Thompson, B.S., P.D.T., and Dr. Robert Esterbrooks, sanitary inspector, Charlotte County, N.B.

NEEPLISTS

The four panelists represented sanitation, nutrition, dental care and public health nursing. Dr. Esterbrooks, talking on sanitation, emphasized three main points to the audience. He complained of his own county of Charlotte having too many country "one-room schools", and criticized the ventilation, heating, water, sewer and sewage facilities of such schools.

The second point was that "students coming into new rural schools very often don't know how to properly use the modern facilities available to them", and his third was that the people who design the

Given For S.O. Building

Dr. St. Clair Duffy, MD, CM, who will receive an honorary Doctor of Laws degree from St. Dunstan's University, at the 13th year's commencement exercises next Tuesday, made the announcement yesterday, on his arrival in his native province, that he has donated \$250,000 to the university to assist in the erection of a new science building.

The announcement that a new science building would be erected was made several weeks ago by Right Rev. J. A. Sullivan, president and rector of St. Dunstan's University. The building will cost approximately \$500,000 and will be located close to an existing science building, constructed in 1939, which is overtaxed by expansion in the science centre.

ALWAYS INTERESTED

Dr. Duffy, in making the donation to St. Dunstan's, said that he has always been interested in the university, from which he was graduated in 1920, and that he would never do enough for St. Dunstan's for what it has done for him.

Dr. Sullivan said yesterday construction of the new building will be started within a year. Dr. St. Clair Duffy, a native of Kinkora, was educated at St. Dunstan's University, the Khaki University in Regina, England, and McGill University. Following his graduation from McGill Medical School in 1926, he spent three years of internship at the Montreal General Hospital before joining the staff of St. Mary's Hospital, Montreal, in the surgery department, where he remained until his retirement in 1961. He is still a consultant in surgery at St. Mary's.

During his week-long visit to this province, he will visit with friends and relatives, including his brother, Earl, at Kinkora.

Dr. St. Clair Duffy, MD, CM, who will receive an honorary Doctor of Laws degree from St. Dunstan's University, at the 13th year's commencement exercises next Tuesday, made the announcement yesterday, on his arrival in his native province, that he has donated \$250,000 to the university to assist in the erection of a new science building.

Editors Plan Meet Here

Plans for the Charlottetown session in 1964 of the Canadian Manuscript Editors' Conference are to be dealt with at an executive committee meeting at the Queen Elizabeth Hotel in Montreal, Friday. Burton Lewis, executive editor of The Guardian and The Evening Patriot, accompanied by Mrs. Lewis, is attending the meeting.

Members of the executive committee, managing editors of daily newspapers in Montreal, Toronto, Ottawa, Calgary, Edmonton, Vancouver, Hamilton, Victoria, Prince George, Brandon, Halifax, Moncton, Grandby, Quebec, Brantford, Kitchener, Kingston, Fall, North Bay and Mr. Lewis from Charlottetown.

Accidents Totaled 154

Motor vehicle accidents in the province last March claimed one life, injured 19 persons and caused property damage of \$37,700.

Statistics released by the provincial motor vehicle branch this morning showed that there were 154 traffic accidents. In March last year, there were 111 accidents. One person was killed, 28 injured and property damage was \$39,780.

cars. "There are few places for the children of this age group to play," he said, "and future city planning should take this fact into consideration."

Dr. O'Hanley said that the main complaints that parents had about the health of children in this age group were that they had trouble sleeping or eating enough, that they had flat feet (often false), that they had tonsil trouble and that they had speech difficulties.

Dr. M. N. Beck, child psychiatrist, and director of St. Bernard's Hospital-School, Charlottetown, spoke briefly on the topic "Mental Health in Children."

WELCOME EXTENDED

Yesterday's welcoming address was given by Mayor Val Guindet, and Dr. O.H. Curtis, Prince Edward Island deputy minister of health.

Mayor Guindet, in his brief talk, offered every assistance possible to the association on behalf of city hall. He said he realized the great strides the association has made in the past 11 years, and concluded by inviting all of the New Brunswick visitors back to the Island for next summer's centennial celebrations.

Association president Alder LeBlanc, C.S.I., officially opened the meeting, and introduced and thanked the two speakers.

Yesterday morning's other features included the annual business meeting, and an education program chaired by James I. Higgins, Department of Health, Charlottetown. The program had scheduled a panel discussion, "Child Health", moderated by Dr. Alfred Bastarache, assistant director, regional laboratory, Moncton, N.B.

The meeting continues this morning with Dr. O.H. Curtis, C.M.D., D.P.H., acting as chairman. Dr. J.W. Morais is scheduled to speak at 9 a.m. on "Ocular Accidents in Children", and Dr. E.M. Found talks on "Tuberculosis in Children" at 9:45 a.m. Following a 10:30 coffee break, Dr. S.E. Acres will be the featured speaker with a talk on "Childhood Accidents."

Softball Meet Is Held At S'ide

SUMMERSIDE - Canon Mark Ferguson was re-elected president of the Summerside Softball League at a meeting held at CWRU last evening.

Joseph A. Gallant was re-elected honorary president and John McNeill, vice-president, and Carl Stark, RCAF, secretary-treasurer.

A discussion took place regarding the permitting of play to both softball and baseball, and the consensus was that this should be left to the managers of competing teams.

Jim Hogan, president of the Summerside Amateur Athletic Association and Councilor George A. Key were present and explained to the meeting that it was not feasible for the L.I. Leaguers and Men's Softball League to trade diamonds.

Eastern Lake Erie Trawler Association said that dozens of wells, drilled in choice trawling areas in the Lake Erie bay, are a menace to the deep trawlers.

OPPOSE DRILLING

PORT DOVER, ONT. (CP) - Commercial fishermen of the Long Point Bay area said Wednesday that if offshore gas and oil well drilling is not halted their industry will die.

The Port Dover Fishermen's Association said that it has received word from the Ontario government that it is planning to drill for oil and gas in the Long Point Bay area. The fishermen are opposed to this because they believe that the drilling will pollute the bay and destroy their fishing grounds.

Big Price On Potatoes Said Unlikely

Agriculture Minister Andrew MacIver suggested yesterday that a Dominion Bureau of Statistics estimate that there is 2,333,000 hundredweight of potatoes in storage in P.E.I. at May 1st which contrasts sharply with the actual 2,137,000 hundredweight here at the same time in 1962, is probably correct.

"But," he added, "I am not looking for a big price" though the market did strengthen some here in the past few days.

Several dealers here Wednesday reported prices of \$1.20 to \$1.25 per bag to the farmer for the contents, though one explained that Maine holdings were too heavy to expect any big price this spring.

The DBS estimate has the Maritimes potato holdings at 2,333,000 hundredweight from the \$,529,000 in storage a year ago.

Quebec holdings are up slightly, Eastern Ontario up and Western Ontario down sharply from a year ago. Total Canadian holdings of 4,712 thousand hundredweights compare with 4,658 thousand a year ago.

Mr. MacIver said yesterday his department is "reluctantly granting permission" to plant tablestock potatoes to a few people to whom it would be a hardship to purchase seed for planting, with the understanding that certified seed or better — there is Foundation and certain — will be planted next year.

Record Construction Underway in Citown

BY NICK FILLMORE
Guardian-Patriot Staff Writer

Value of construction in greater Charlottetown is expected to total more than \$10,000,000 in its high point this summer, an increase of more than \$1,000,000 over the same period last year.

Construction now in progress in the greater city area totals more than \$11,000,000, including seven major developments. Additional work scheduled for 1963, \$5,475,000 are expected to swing into operation very soon, and another \$1,500,000 worth of work going on.

The largest project is the Confederation Memorial Building, being constructed in the heart of Charlottetown. Due to completion next spring and the estimated cost is \$8,059,000.

TO START JULY

The largest new addition will be the Provincial Building, scheduled to start in July. The building will cost approximately \$4,500,000, and will take another nine to ten months to complete. The cost of either the Confederation Building or the Provincial Building would be approximately \$5,500,000, an increase of \$2,500,000 over the previous year.

Included in the summer's \$10 million total, but issued permits in 1962 are for a \$1,500,000 addition to the Sisters of St. Martha, (\$1,500,000).

Essso Prizes Are Awarded

KENSINGTON - Teresa MacLellan, Barbara Dunphy and Fred Payton were presented with their awards for winning first, second and third place respectively in the "Care of the Eyes" essay contest, sponsored by the Lions Club of Kensington, at a meeting of the Kensington Lions Club, held at the Kensington High School, and entered by Dr. Mrs. Svend Johnson.

The dinner took form of a father-children banquet attended by the Lions and their families.

Theresa MacLellan, winner of the first prize is a daughter of Mr. and Mrs. Bernard MacLellan, Indian River, and her teacher is Miss Sheila Dunphy. Barbara Dunphy is a daughter of Mr. and Mrs. James D. Dunphy, Kensington, and her teacher is Miss Sheila Dunphy. Fred Payton is a son of Mr. and Mrs. E. M. Payton, French Point, and his teacher is Mrs. Dorothy Meek is his teacher.

The essays were written by grade seven students.

Costume to be Worn by 'Candida'

Shaw Festival Costumes Designed, Produced Locally

The sketch above is one of the original designs for "Candida" which will open the Shaw Festival at Charlottetown, July 13, and the costume above will be worn by "Candida", the leading character in the play.

This part of the festival work is being coordinated by Sterling Walker of Charlottetown.

Importance he places on this part of the stage work that combines with the other requirements of a successful production.

From an original design by Lionel Dixon, provincial drama director, the final sketch above was painted by Mrs. Leonora Arsenault of Summerside in this manner the patterns and designs are made, and the costumes completed.

Mr. Dixon said yesterday that the festival has an urgent need for people with dress making and tailoring experience to assist in this most important part of the production.

The accident occurred around ten in the morning and accused that he was arrested shortly after noon hour. Noonan told the court the only drink he had was shortly before the RCMP arrested him at Cape Traverse.

PA System Presented By Hi-Y Club

SUMMERSIDE - The presentation of a public address system was made last night by the Summerside Hi-Y Club to the Y's Men's Club "Y-centre", with the presentation being made by Harold Mittum, on behalf of the Hi-Y Club members.

The Summerside Y's Men, and after introductory remarks showed color slides which will include the nesting of ducks on P.E.I.

Mr. Bartlett was thanked for his talk and slide show by Charles A. Letter.

A letter was read from the president of the Y's Men of the Philippines for the contribution the Summerside club sent during floods experienced there.

The meeting last night was presided over by David Morrison, with Robert Schurman as song leader. Devotions were conducted by Canon Mark Ferguson, with E. A. M. as a pianist, and music by Miss Margaret, James Rankin and Roy O'Crannin.

PROVINCE IS

(Continued from page one)

Simons, reminded the graduates that they could be proud of the fact that they were the only auxiliary mounted police force in Canada. He said the province and the Island division of the RCMP eighty had a share in this pride.

He told the squad that during a period of four years it is planned to train a squad each winter until the strength of the auxiliary force is equal man for man to that of the permanent RCMP force in the province.

Inspector McNeil, congratulated both the squad and its instructors. The showing made at the graduation reflected favorably on the work and industry that all concerned had put into it.

"Your appearance even, reflects a proud force," he said, "a force that has been in existence for 90 years."

At the conclusion of the address, a brief reply was made by Aux. Capt. W. R. Letourneau.
