1883. THE EXAMINER. 1883.

NOW IS THE TIME

—TO—

Renew Subscriptions and to Subscribe.

Having faithfully redeemed our promises for the years that are past, we now again confidently appeal to the public, and ask for THE DAILY EXAMINER and THE WEEKLY EXAMINER AND ISLAND ARGUS a continuance of popular favor and support.

During the coming year, as heretofore, THE EXAMINER will advocate, to the best of its ability, the maintenance of every good institution now in operation on the Island, and the introduction of every improvement calculated to advance the interests of the people.

Notwithstanding the result of the Legislative Council election, THE EXAMINER is still in favor of reducing the Local Legislature, consolidating the Local Civil Service upon a sound and permanent basis, maintaining a policy of rigid economy in the administration of local affairs, and of applying the public money more particularly to the advancement of the agricultural and industrial interests of the Province.

THE EXAMINER'S policy shall be, as it has been: first national, then political,—first for the Province, next for Canada, and then for the Party by which both are governed.

Articles on Practical Agriculture will be a prominent feature of THE EXAMINER during 1883; and our columns will, as heretofore, be well filled with news and interesting miscellany.

The publication of a series of lively stories, by one of the best English authors, will be commenced at once, and continued throughout the winter months.

THE WEEKLY EXAMINER AND ISLAND ARGUS will contain a larger quantity and greater variety of matter than any other weekly paper published in the Island.

The subscription price is only ONE DOLLAR a year, positively in advance.

Subscriptions received up to the end of the present year will be placed upon the list at once, but will date from the 1st of January, 1883.

All communications should be addressed to

W. L. COTTON,
MANAGER.

THE DAILY EXAMINER.

NOVEMBER 18, 1882.

Editorial Notes.

—The rules of closure are meeting with strong opposition in the British House of Commons, yet they pass slowly but surely with slight amendments. Mr. Gladstone, to all appearance, stands up to his work with energy, and meets the objections to his measure adroitly and effectively, while his strongest opponent. Sir Stafford Northcote, is compelled to seek the breezes of the Mediterranean to recuperate his failing health.

—By THE EXAMINER'S special despatch, it will be seen that another of the persons in the celebrated Maamtrasna murder has been sentenced to death. Since Thomas Casey turned approver in the case, the ends of justice are being speedily met, and the court does not seem slow to do its work. The murderer sentenced yesterday to pay the penalty of the law is a brother of the approver above mentioned.

—Though the weather of the past fortnight has been exceptionally fine, there are signs of Winter coming with quickened steps. The Red River is frozen over at Winnipeg and the Manitobans during the past week are enjoying the luxury of sleigh drives. The Upper Mississippi is closed and the New Yorkers are preparing for the early closing of the Hudson and the suspension of canal navigation. To-day the small ponds of this Province are well coated with ice, indicating that Winter may rush upon us at any moment.

—Our City Fathers were busy yesterday. They had a grievance in the morning which in the evening proved imaginary. The Railway officials in order to add to their official convenience, [illegible] about connecting their private residences and the Railway offices by telephones. A number of citizens objected having unsightly telephone posts before their doors. They appealed to the Council to restrain their construction and a meeting was convened yesterday morning to discuss the matter. The following resolution was passed:—

"Resolved,—That complaints having been made by citizens of damage to their property by telephone posts, and, in order to ascertain what right telephone posts are now being put on the streets of this City, the City Surveyor be instructed to issue a summons against the persons sinking such holes, and test the legal right so to do, without the consent of the Council.

Shortly after this hasty resolution was passed, our Fathers discovered that the parties sinking the holes without assent of the Council" have undoubted right to do. Not only can they encroach on the property but on private as well. The genial Surveyor, therefore, will not have to pass through the ordeal of testing the rights of telegraphic or telephone companies to erect telegraphic poles in the streets of Charlottetown.

—On the 31st of October, 1881, the balance to the credit of depositors in the Charlottetown Savings Bank was as follows:—

Bearing 4 per cent. interest	$664,437.20
" 5 " "	209,900.00
Total	$874,337.20

On the 31st of October, 1882, the balance stood as follows:—

Bearing 4 per cent interest	$1,001,011.34
" 5 " "	199,200.00
Total	$1,200,211.34

The total withdrawals for the same period of the amount bearing 4 per cent. interest was $375 498.49, of the amount bearing 5 per cent. interest, the sum of $10,700 was withdrawn. The total deposits for the same time was $712,-072 63, showing the marvellous net increase for the twelve months ended Oct. 31, 1882, of $325,874 14. When the Island entered Confederation, July 1st, 1873, the amount in the Savings Bank was $249 941.40. The present figures show an increase since that time of $950 269 94, or an average yearly increase of $105 585 54.

—Full returns of the Legislative Council election in the Second District of Queen's County, gives Mr. Nicholson a majority of one hundred over his opponent Mr. Munn. The following statement shows the vote cast in Fort Augustus and Belfast:—

A MAN DESERTS HIS WIFE AND FAMILY.—Among the passengers by yesterday afternoon's train, says the *Transcript*, was Mrs. Kelly, who, with her husband and ten children from P. E. Island, were on their way to Bangor, Me. The husband, whose name is John Kelly, got drunk on the way and departed at Painsec Junction as the train was leaving. He had the tickets in his possession, and the family were obliged to remain at Moncton until the midnight train came along. Mr. Jarvis, the train despatcher, very thoughtfully telegraphed to Painsec to have the inconsiderate husband forwarded by the next train.

THE Educational Institute of Charlottetown met last evening in West Kent Street School, for the purpose of reorganizing for the present season. The following officers were elected for the year:

President—J. D. Seaman.

Vice-Presidents.—J T. Mellish, M. A., and Miss Emma Barr.

Secretary and Treasurer.—Miss, Mary F Cox.

Executive Committee.—Dr. Leeming, Chairman; R. E. Gaul, Thos. McKinlay, J. McL. Duncan, Miss E E McKinnon, Miss Maria Lawson, Miss Alice Finnessey.

HANLAN has returned to Toronto and denies the rumor that he intends setting in New York. He intends renting his hotel on the Island, and will be ready to meet Ross, Kent Kelly or any other man next season.

HON. DR. CAMPBELL, member of the Nova Scotia Assembly for Inverness, died on Wednesday, at his residence, Port Hood, after a severe illness, aged 37 years.

ST. ANDREW'S DAY.—A Dinner will be given at the Rankin House, under the auspices of the Caledonian Club, on the evening of the 30th instant (St. Andrew's Day).

THE Department of Marine and Fisheries has instructed Professor Macoun to proceed to the Maritime Provinces for the purpose of collecting Algae and rare birds and invertebrate. They will be sent to the International Fisheries Exhibition.

THE Canada Pacific Railway Company are about commencing the construction of four or five steel vessels to be put on the Lake Superior route. They will cost in the aggregate $600,000 or $700 000, and it is, we believe, not yet settled where they will be built.

SIX summonses have been issued against parties for violation of the Scott Act. Two are for parties in Crapaud, two for parties in Mount Stewart, and two for parties in Charlottetown. The country cases will be tried at the office of James Curtis, Esq., on Monday.

"THE PEDIGREE OF THE DEVIL" is the title of a new work shortly to be issued by Tuber & Co, London. The book is to be "an investigation of the various sources from which the modern idea of the arch enemy of mankind has been built up, and an analysis of the ramifications of his genealogy."

MONTREAL pays $1.90 per thousand for gas, and twenty-five out of twenty-seven aldermen there say there must be a reduction made. In Moncton they pay $3.25, and in Charlottetown $3 50. Still, coal and labor is cheaper in Charlottetown than they are in Montreal. There is evidently something wrong.

LAUNCHED.—On Thursday, the 16th inst., from the shipyard of Kimble Coffin, Esq., Mount Stewart, a very handsomely modelled and well finished brigantine of 250 tons register, to class nine years at Lloyds, named the "Zara." This vessel was built for Peake Bros. & Co. and is lying at their No. 2 Wharf, Charlottetown.

WE are glad to again welcome to this city Prof. Eastty of elocutionary fame, whose recitals so pleased the citizens of Charlottetown seven years ago. Prof. Eastty appears in the Y. M. C. A Hall, on Thursday evening, and as we consider him the best public reader we have ever heard here, we advise all our readers to attend and hear him.

MESSRS. BREMNER BROS, the enterprising stationers of Queen Street, will, on Monday next, open the store adjoining their premises in order to give those who intend buying Christmas presents, cards, etc., a chance of selecting from their handsome and valuable stock. Their advertisement will be found in another column. Read it.

SERIOUS ACCIDENT ON THE I. C. R.—A man named Nickerson, coming from P. E. Island to Thompson's Station—a depot between Truro and Pictou—met with a very painful accident about 10.30 o'clock, on Wednesday night. He, it seems, was taking leave of some friends as the train was leaving the station, when he made a mis-step and his right foot touched the car wheels which passed over it. A doctor who happened to be on hand, managed to save the foot, but found it necessary to amputate the toes.—*Moncton Times.*

WE observe by the New Brunswick *Royal Gazette* that Lewis Carvell, of Hampton, Charles H. Wilder and Amos Henry Chandler of Moncton, Charles C. Foster, of Boston, Mass., and Jedediah S. Carvell, of Charlottetown, have filed in the office of the Provincial Secretary a memorandum of association for the incorporation of a company to be styled the "Canadian Prospect Mining Company." The objects of the company are to purchase or otherwise acquire mines and other deposits of gold, silver, copper, coal, Albertite, coal oil, and all other minerals; to sell or otherwise dispose of the same; to work the said mines or other deposits; to crush, smelt, reduce, amalgamate and concentrate and produce of said mines and deposits, and render marketable the same; to sell the produce of said mines and deposits; to develope the resources of said mines and deposits; to search for such mines and deposits by boring or otherwise; to crush, smelt, reduce, amalgamate and concentrate the produce of any mines or beds of any minerals whatsoever, whether belonging to the company or not; to analyze, assay and test all ores and minerals whatsoever, whether belonging to the company or not; to acquire by purchase or otherwise, to hold, and to dispose of by sale or otherwise, all lands, tenements, hereditaments, chattels real and personal, and all property whatsoever necessary to carry into effect the foregoing objects, and to do all such things as are incident to the attainment of the above objects; with a capital of one hundred thousand dollars, to be divided into twenty thousand shares of five dollars each; and that the office or principal place of business is to be at Moncton.—*Telegraph.*
