

**DOMINION COMMAND SCHOLARSHIP PRESENTED**

The Dominion Command of the Royal Canadian Legion scholarship for Prince Edward Island has been split this year between two applicants. Miss

Mary Emma MacDonald, daughter of Mr. and Mrs. Charles MacDonald, Poplar Point, shares the \$800 award with G. Vernon A. MacDonald. Miss MacDonald is in the freshman class at St. Dunstan's University. Miss MacDonald is shown

receiving her certificate from the provincial president, Mercier Mullin (second from left). Looking on are her father, Charles MacDonald (left) and J. Hamilton Douglas, past president of the legion.

REV. J.H. BISHOP

**Former P.E.I. Minister Is Moderator**

Rev. J.H. Bishop, B.A., formerly of this province, was elected moderator of the Winnipeg Presbytery of the Presbyterian Church in Canada on Sept. 12. He was also elected moderator of the 80th Synod of Manitoba of the Presbyterian Church which was held Oct. 1-3 in Portage la Prairie.

Mr. Bishop was also appointed chairman of the advisory board of the Presbyterian Fellowship House, Chestnut Street, Winnipeg. Besides this Mr. Bishop is president of the Winnipeg branch of the Canadian Protestant League, chairman of the committee investigating the possibilities of a 1965 Winnipeg Billy Graham Crusade, a member of the executive of the Winnipeg general ministerial, and a member of the temporary Ashram committee in Winnipeg. He is minister of St. James' Presbyterian Church, Winnipeg.

**Pearson Silent On Pension Plan**

OTTAWA (CP)—Prime Minister Pearson declined in the Commons Tuesday to say whether the government's portable pension plan will be proceeded with at the current session of Parliament.

Stanley Knowles (NDP—Winnipeg North Centre) asked for the commitment "in view of disquieting rumors" about a life insurance company campaign against the plan. Mr. Pearson said the government intends to proceed with the pension plan legislation "as soon as possible."

Did that mean at this session of Parliament, asked Mr. Knowles.

"That depends on how long the Commons takes on legislation now before it," replied Mr. Pearson.

**Business Briefs**

OTTAWA (CP) — Production of sawn lumber in British Columbia dropped four per cent in August to 581,791,000 board feet from 608,076,000 in the same month last year, the bureau of statistics said Tuesday.

Production in the January-August period was up seven per cent to 4,474,147,000 board feet from 4,192,358,000 in the comparable 1962 period.

Producers' shipments of dry common salt increased 20.7 per cent in August to 232,057 tons from 192,229 in the same month last year. In the January-August period, production was down 4.9 per cent to 1,350,598 tons from 1,419,749 a year earlier.

Production of leather footwear in August decreased 8.3 per cent to 4,062,767 pairs from 4,431,628 in August, 1962.

**Gas Processing Plant Building In Alberta**

EMPRESS, Alta. (CP)—Construction of a \$53,300,000 project to extract and market liquids from the trans-Canada natural gas pipeline has passed the halfway point.

The Pacific Petroleum Ltd. project includes a \$22,000,000 extraction plant near this Alberta - Saskatchewan border and a 157-mile, \$11-million, 500,000 six-inch liquid petroleum gases pipeline from the plant to Winnipeg.

A company official said the plant, largest of its kind in the world, is about 40 per cent completed and the pipeline about 75 per cent completed. The project is expected to start operating early next year.

**COVERS 20 ACRES**  
The plant will cover 20 acres and receive natural gas from the Alberta gas trunk pipeline near its junction with the trans-Canada. After processing and removing gas liquids—propane,

butane and others—the gas will be returned to the trans-Canada line and some of the liquids transported through the pipeline, which will run parallel to the trans-Canada line.

The plant will process about 1,000,000 cubic feet of gas daily and production can easily be increased to 1,500,000,000 cubic feet daily.

A company spokesman said initial production of liquids will be 11,000 to 12,000 barrels a day, increasing to 20,000 as trans-Canada increases its throughput.

The Empress plant, located roughly 80 miles southeast of Medicine Hat, will employ 40 persons.

Propane and butane will be the only liquid petroleum gases which will be transported through Pacific's pipeline. Other liquids will be transported by truck and rail.

Two terminals on the pipeline, at Regina and Winnipeg, also will have truck and rail facilities to handle the liquids while four terminals will be serviced only by truck.

Pacific is building a 500,000-barrel storage facility in an underground salt cavern at Rich-

**CUBA MOURNS DEAD**  
HAVANA (Reuters)—The Cuban government declared three days national mourning Monday for the estimated 1,000 victims of hurricane Flora which pounded Eastern Cuba five days last week.
