

OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY

The Charlottetown Islanders who Saturday night ousted the Glouce Bay Miners in their best of nine semi-final series will not play a two-game, total-goal series with the Miners as ordered yesterday by the Maritime Major Hockey League.

"We won the series fairly and squarely and we're not going to play another game in Cape Breton this year," stated Islanders Coach Murphy Chamberlain last night in a telephone conversation from Sydney. The Islanders and Chamberlain have been grounded in Cape Breton since Saturday night.

"Three weeks ago the C.A.H.A. ruled that Grosse was eligible to play with us," stated Chamberlain. "Therefore he was eligible to play until five o'clock last (Saturday) night when word was received that he was ineligible."

Miss Jessie Bingham, a grade 11 student of the Summerside High School, has been selected by the Summerside Rotary Club to visit Ottawa in May. Attending there will be students from various parts of Canada, whose travelling expenses will be met by the local Rotary clubs, while the Rotary Club of Ottawa will be the host.

This gives students from all over Canada an opportunity to meet for a week and to visit places of interest in the nation's capital. Miss Bingham is the daughter of Mr. and Mrs. Fred Bingham of Summerside.

This project sponsored by Rotary is called "Adventure in Citizenship."

That all villages and towns of the Province should go about laying out parks and playgrounds before all the open spaces are gone, was the suggestion advanced in the Legislature Saturday by Hon. Eugene Cullen, Minister of Industry and Natural Resources, when he rose to resume his speech in the budget debate.

He noted that the original planners of this city showed great sense in this regard and he thought that the other towns and villages should make provision for future generations of children.

GLUCE BAY, N. S. (CP)—The Maritime Major Hockey League Sunday declared the semi-final series between Charlottetown Islanders and Glouce Bay Miners no contest and ordered a home-and-home series between the two clubs.

The M.M.H.L.'s decision followed a ruling by the Canadian Amateur Hockey Association Saturday that Grosse of Charlottetown was ineligible to play in the series. Grosse, an import from Quebec, did not appear in the Islanders' lineup Saturday when the Islanders won the best-of-nine series by defeating the Miners 5-3.

The league meeting at Sydney, ordered the clubs to meet Monday at Charlottetown and Tuesday at Glouce Bay in a total-goal round for the right to meet Halifax in the finals.

The midday at Gordon's Pond near Alberton washed out Saturday night in two places with the resultant loss of one of the best trout fishing locations in the district. Several days ago melting snow and rain raised the water level to the point of overflow but the dam considered safe. Saturday's continued rain again flooded the pond with water running over the dam in a steady torrent.

In recent years this pond was stocked with trout on several occasions by the Provincial Government. Members of the Prince County Fish and Game Association have been taking an interest in the pond and since the loss by fire and it is expected that an attempt will be made by this organization to have the dam repaired.

TUESDAY

Mrs. Lawrence Yeo of Sherbrooke observed her 100th birthday on Friday in the midst of her family, in the presence of many guests, and happy in the knowledge that the memorable occasion had been remembered by many from far and near.

The P. E. I. Potato Marketing Board yesterday decided to suspend indefinitely the existing control prices, as it was felt the factors now governing prices are beyond the control of any agency in this Province.

It is still hoped that Maine prices may show some firmness before the end of our shipping season," Board officials stated last night. "If that should happen, it should not be too hard to change the present trend of potato prices in this country."

The death of Mrs. W. W. Clark in her 91st year occurred in the P. E. Island Hospital on March 30, after a lengthy illness. The deceased was a daughter of the late Mr. and Mrs. John Robins, her father being on the staff of the Dominion Government Savings Bank in Charlottetown for many years until transferred to Ottawa, and her mother the former Miss Catherine Wyatt of Dunstaffnage.

Mrs. Clark's husband, who died about 25 years ago, was for many years City Clerk here and for some time local agent for the Plant Line Steamship Company when that company operated two steamers weekly between Charlottetown and Boston. One son, Percy, also died some years ago. Three brothers also predeceased her: Edward Robins in Honolulu, Dr. T. C. Robins and Mr. Fred Robins both of Charlottetown. Surviving relatives are two nieces, the Misses Wanda and Dorothy Wyatt of Summerside and a nephew, Dr. T. E. E. Robins, City.

Alarming increases in civic expenditures, necessitating increased taxes, are due not only to the need for meeting expanding community requirements but also to "the bad government of our predecessors," declared Coun. E. C. Johnstone, Acting Mayor and Finance Committee chairman, at a special meeting of the City Council last night.

The seriousness of the problem and the reasons for imposing higher taxes were strongly emphasized by several speakers, particularly by Coun. F. J. Storey in a detailed report which appears elsewhere in today's issue.

All the Council members were present at the meeting, excepting Coun. Keefe, who is ill in hospital. There was also a good attendance of citizens. A number of these, including Mr. B. Earle MacDonald, M.L.A., former Mayor, and Lt. Col. K. S. Rogers, took part briefly in the discussion.

Simon Louis Paoli and John Lemuel McDougall, two University Naval Training Division students, of Saint Dunstan's University and Prince of Wales College respectively have been selected to attend the Coronation ceremonies of Queen Elizabeth, June 2nd, it was learned yesterday.

Dennis Albert Saunders, Marshall, an active member of the Reserve, Queen Charlotte, has also been chosen to make the Coronation cruise.

Officer Cadet Paoli is the son of Mr. and Mrs. Simon Paoli, 2 Water Street, Charlottetown. He joined the R.C.N.R. Cadets 26th November, 1952, and is in his freshman year at St. Dunstan's.

Officer Cadet McDougall is the son of Mr. and Mrs. L. A. McDougall, 208 Euston Street, Charlottetown. He joined the R.C.N.R. Cadets 27th October, 1952. He is a third year student at Prince of Wales College.

D. A. Saunders is a son of Pitt. Lt. and Mrs. Saunders, Marshall. He is a stoker mechanic on the active reserve of H.M.C.S. Queen Charlotte, and will sail from Halifax May 7th on H.M.C.S. Ontario for the United Kingdom. He will return on H.M.C.S. Quebec. The ships will take part in the Naval Review by the Queen off Spithead.

A native of England, Saunders is looking forward to an opportunity of visiting his grandparents and other relatives while overseas.

Another surplus ranging up to \$200,000 for the coming year was predicted by Premier J. Walter J. Jones when he rose to take part in the budget debate yesterday. He did not believe that the deficit budgeted for by the Provincial Treasurer would materialize.

Premier Jones called the Opposition "prophets of doom" regarding the debt of the Province and stated that the Island was no further in debt than it was 10 years ago when he assumed office because of the increased value of the dollar.

The death of Northam's oldest resident, Mr. James E. MacLean occurred yesterday, March 31, at his home.

He was 93 years of age on March 15th last. The late Mr. MacLean was born at Tyne Valley on the farm now owned by his nephew, Mr. Ivan MacLean.

The late Mr. MacLean, the last surviving member of a family of thirteen, was the son of the late Donald and Sarah MacLean. When he was twenty-four years of age he moved from Tyne Valley to Northam where he was residing at the time of his death.

Although a farmer by occupation, he was employed by the C.N.R. on section work for almost twenty years.

His wife predeceased him about 14 years ago.

He leaves to mourn one son, Laughlin, on the homestead. Two daughters, Ethel, Mrs. (Rev.) Andrew Brown, now of Northam, and Miss Emily MacLean, also of Northam. Funeral arrangements will be announced later.—S.

The decision came after a long meeting here in an attempt to find a solution to the mix-up which has shrouded the future of the series since last week-end.

It followed a point-blank refusal by Islanders to agree to a sudden-death game with the Miners to decide the finalist.

The Glouce Bay Miners and the Halifax Atlantics go into the Maritimes' last M.M.H.L. series tomorrow night leaving behind them turbulent scenes, and woeful displays of inefficiency on the part of the governing hockey bodies.

Also left behind are the Charlottetown Islanders, who won a disputed series from the Glouce Bay Miners last week, and who now face a very uncertain future as a hockey club.

For the Maritime Major Hockey League, under the guidance of President J. Elliott Hudson, last night elected to overrule the M.A.H.A. and order a sudden-death game to decide the Islanders-Miners semi-final series. The Islanders refused to play the game and were by-passed.

The M.M.H.L. ignored the ruling of the M.A.H.A. after talking to the individual members on the at-large Hockey Association did not conduct a proper vote on the play-off controversy.

THURSDAY

A Federal public health bursary for training as an electroencephalograph technician has just been awarded to Mr. Charles Mullin, St. Peters, P. E. I., according to an announcement yesterday by Hon. Paul Martin, Minister of National Health and Welfare, Ottawa.

An electroencephalograph, public health officials explained, is an apparatus used for the diagnosis of mental illnesses, particularly those of organic origin.

Mr. Mullin will take a year's training in various Nova Scotia hospitals where the instrument is used, and on his return will join the staff of Falconwood Hospital. The bursary is valued at more than \$2,200.

A strongly worded resolution objecting to the change made in the minimum size of lobsters permitted to be taken by fishermen was passed at the quarterly meeting of the P. E. Island Fisheries Federation held at the Queen Hotel yesterday.

The resolution substantiated at greater length the protest forwarded to Ottawa last week. The dinner meeting, which was held at 1 p.m. was presided over by Mr. Lorne Noonan, president. The resolution was prepared for distribution to the Minister of Fisheries, the Fisheries Council of Canada, the P. E. Island Members of Parliament at Ottawa and the Hon. Eugene Cullen, Provincial Minister of Industry and Natural Resources.

OTTAWA, April 1 — (Special) — Prince Edward Island may participate in a Federal-Provincial water conservation plan, it was intimated in the House of Commons here today by Resources and Development Minister Winters. The Minister when sponsoring a bill for overall conservation of water resources was asking if any provision was contained in the bill to aid small projects such as the rebuilding of old dams which held former millponds. He said that while Prince Edward Island had no large rivers and no grave flood problems such as are found in other provinces, it nonetheless had water conservation needs.

Faced by M.A.H.A. suspension threats and the return to the hockey scene of Islanders' ex-President Dr. F. C. Dougan, the Halifax Atlantics and the Glouce Bay Miners have postponed plans for the opening of their series on Halifax ice tonight.

Walter Lawlor, President of the M.A.H.A., yesterday threatened the two clubs with suspension if they went on the ice to open their series. Lawlor, earlier in touch with George Dudley, Secretary-Manager of the C.A.H.A., had been told that the C.A.H.A. would back the M.A.H.A. on such a suspension.

One of the most heated discussions of the session began in the Legislature yesterday afternoon when an amendment to the Marketing Act which had previously passed the committee stage was brought back for minor changes.

The bill was being piloted by Mr. Harvey Douglas, Second King in the absence from the House through illness of Hon. C. G. Baker, Minister of Agriculture. Several members, particularly on the Government side of the House, took strong exception to the proposals.

Hon. Keir Clark, Minister without Portfolio, Third King, asked how the Legislature knew that the general farmers of the Province wanted it when there were only approximately 2,200 in the Federation of Agriculture out of the 8,000 here. He would favor the proposal in the absence of the farmers, really asked for it, but said he wanted to see the result of a clear plebiscite before he would support it.

The amendment deals with pow-

ers to be given to the Potato Marketing Board to "fix and collect service charges from persons producing, packing, transporting, storing or marketing the regulated product; and for this purpose to classify such persons into groups, and fix the service charges payable by the members of the different groups in different amounts having regard to the volume; and to recover such service charges by action."

DEATHS

HOOPER — At 315 Regent Street, London, Ontario, on March 29th, Benjamin Reagh Hooper, formerly of Milton, P. E. I.

CLARKE — At the Prince Edward Island Hospital on Monday, March 30, 1953. Mrs. W. W. Clarke in her 93rd year.

BELL — At the Prince County Hospital on Monday, March 30, 1953, Sophia Jane Bell, wife of G. W. Bell, Summerside.

NELSON — At Boston, on Tuesday March 31, 1953, Mrs. Marjorie Nelson, widow of C. Hammond Nelson.

JESSEN — At the Prince County Hospital, Summerside, on Tuesday, March 31, 1953, Niels P. Jessen of French River in his 45th year.

MORRISSEY — At the Charlottetown Hospital April 1st, Mr. Matthew Morrissey, formerly of Earnscliffe, in his 84th year.

MACEachern — At Rossberry on Saturday, March 23, Mrs. Mabel MacEachern, aged 61 years.

BERNARD — At Charlottetown, on March 29th, Eliza Bernard formerly of Kensington in her 90th year.

ARSENAULT — At the Sacred Heart Home March 31st, Mr. Joseph Arsenault, formerly of Mont Carmel, in his 94th year.
