Catarrh

The cause exists in the blood, it is what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. M. J. McDonald, Trenton, Ont., writes: "I had catarrh, my system was weak, blood was bad, and my liver torpid and inactive. I tried many medicines without benefit until I began taking Hood's Sarsaparilla. This medicine has completely cured me and I highly recommend it to all sufferers."
