

UPENDED IN DITCH

Two almost identical cars ended up in the ditch Saturday night on the Western Road about a half mile east of Days Corner, after attempting to avoid hitting a half ton truck that was parked on the side of the highway with a flat tire. Its undercarriage was overturned, struck the truck before careening into the ditch and overturning while the other, a few yards to the east, ended in the ditch but on all fours. The occupants whose identities was not learned, were reported not to have been injured.
