A Cure for Consumption, Scrofula, Coughs, Colds, Asthma, Bronchitis, Spitting of Blood, and all complaints of the Lungs.

PURE Cod Liver Oil has long been acknowledged to be the most efficacious article for the cure of Consumption and kindred diseases yet discovered, while the chemical properties of the PHOSPHATE OF LIME are also well known in medicine as being peculiarly healing. In cases where ulceration has taken place on the lungs, this article has been found by the most careful tests to supply the very ingredients necessary for the formation of cells, and the complete healing of this delicate part of the human system.

This preparation of the pure Cod Liver Oil and Lime robs the oil of its very nauseating taste, which renders it so repulsive, particularly to invalids. The thorough incorporation of the Phosphate of Lime with the Oil has been only accomplished by the adoption of the most perfect rules of chemistry, and a medicine has thereby been produced which is of inestimable value in a climate like ours.

A long array of certificates might be given here to prove the efficacious character of this medicine, but it is not deemed necessary. The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty, is sufficient proof of its unquestioned excellence.

For sale wholesale and retail, by Alex. B. Wilbor, Chemist 156 Court Street, Boston. W. R. WATSON, Agent for P. E. Island. November 6, 1854.
