Summerside Area May Get Sports Complex After All

By GEORGE CONDON
Indications are at present that the Eastern Canadian Age Class

Track and Field Meet will be held in Summerside after, even without ARDA assistance which has now been termed "hopeless."

N.B. who will serve until the permanent appointee arrives. Here, two of the trainees, Mrs. Richard Gauthier, and Mrs. Reuel Gunther, both of North Rustico, work at the preparation of vegetables.

WEATHER

Table with columns for location (Dawson, Snag, Victoria, Vancouver, Edmonton, Regina, Winnipeg, Toronto, Ottawa, Montreal, Quebec, Fredericton, St. John's, Nfld.) and observed temperatures.

Construction of the necessary sports complex for the meet was originally planned under the ARDA program, but was rejected last week as not being "a suitable project under the plan."

He said, however, that the project would include the track, landscaping, facilities for the different jumping competitions, and provision for showers and dressing.

HALIFAX (CP)—The weather office says all three Maritime provinces were reporting clear skies late Monday evening as temperatures dipped to below zero in New Brunswick.

At a cabinet meeting yesterday it was agreed that the provincial government would provide 50 per cent of the total cost of the project if interested committees, service clubs and others would provide the other 50 per cent.

Dr. McNeill was hopeful that the project would be started immediately and could be included under the winter works program. This program, he said, usually ends at the end of May, but it is believed that it will be shortened by one month this year and there might be some "difficulty in completing the project before the end of April."

Members Of The ELECTRICAL INDUSTRY Attending CANADA'S ELECTRICAL DAY to be held in Charlottetown today!

This year the Province of Prince Edward Island celebrates one of the most important dates in Canadian history—the 100th anniversary of the First Confederation Conference of Canada.

The high adventure of Confederation was embarked upon in Charlottetown on September 1, 1864. Top statesmen from Upper and Lower Canada joined with leaders from Canada's seaside colonies, who were actually gathered to discuss Maritime Union, and steered the deliberations in the direction of a broader union. The proposal resulted in the joining, three years later, of all British North American colonies into a vast Federal entity stretching from the Atlantic to the Pacific Ocean.

We welcome you to Charlottetown... The Birthplace of Confederation. May your deliberations be fruitful.
