# THE PREMIER VS. LIBERAL CANDIDATES

It is a well known fact that this province is on the verge of, if not already in, bankruptcy.

The cause of this serious situation is the refusal of the Federal Government to recognize our fiscal needs and the neglect of our Federal Liberal representatives to press our claims and insist on fair and just treatment under the tax-sharing agreements.

The seriousness of our situation was bluntly stated by Premier A. W. Matheson at the last session of the Provincial Legislature as follows:

"It would be no good for all the members of this Assembly, headed by the Speaker, to go to Ottawa; our financial position has been made known in the Capital and it is up to our representatives . . . . I do not mean our Senators . . . . to press for Island rights . . . . I am convinced that we will get no more at the present time. Last year the Premiers spent a whole day with the Minister of Finance and the answer was No. I do not think that anything could be gained if every member of this House were to go and sit on Ottawa's doorstep. It must come from our Federal Members".

## BUT

Our Federal Liberal candidates don't agree with Premier Matheson's statement and claim that this province is being very well looked after by the Federal Government. Mr. Cecil A. Miller, in a radio address over CFCY on April 20th last, stated as follows:

"The financial settlement given our province is most generous"

Mr. Neil A. Matheson has also strongly defended the Federal Government and highly praised it for its "Generous" treatment of this province under the tax-sharing agreement.

If that is the attitude of the Liberal candidates, what hope is there for this province if a Liberal Government should be returned to power?

## A PROGRESSIVE CONSERVATIVE GOVERNMENT IS PLEDGED TO

Immediately convene a Dominion-Provincial conference to bring about a settlement of all financial arrangements between the Federal and Provincial Governments.

Provide for a more equitable share of tax yields for the provinces and municipalities.
