"ENGINEERS DO IT WITH PRECISION"

ENGINEERING SOCIETY NEWS

PUBCRAWL

There hasn't been much going on in the Engineering Society. Everyone has just recovered from the "Middle of the fall Pub crawl". We decided that instead of informing you about what happened we'd show you; yes all the pictures from the pub are on display in Duffy. We would like to announce the winning group of the pub crawl and they are "The [sorry, no more alcohol endorsements] Liquidators" consisting of Tony Gallant, Duane, Mike Hall, Christopher Mattas, Scott MacIntosh, Duane Steward. The crawl was a complete success.

Fable for Friday

To show that Engineers are educated in more than just numbers and formulas, we would like to show you a little story that explains much about life and leaves you with some valuable words to live by.

Engineering Quote of the Week -- *Friends don't let friends take Arts!*

P.S.

Congratulations to the X-Press. They are batting 4 for 4 as they have managed to successfully screw up the 4th view from the top. Way to go... not!

IF YOU ARE UNHAPPY (AN IMPORTANT LESSON IN LIFE)

Once upon a time, there was a nonconforming sparrow who decided not to fly south for the winter. However, soon the weather turned so cold that he reluctantly started to fly south. In a short time, ice began to form on his wings and he fell to earth in a barnyard, almost frozen. A cow passed by and crapped on the little sparrow. The sparrow thought it was the end. but, the manure warmed him and defrosted his wings. Warm and happy, able to breathe, he started to sing. Just then a large cat came by and hearing the chirping, investigated the sounds. The cat cleared away the manure, found the chirping bird and promptly ate him.

THE MORAL

- 1 Everyone who SH*#'s on you is not necessarily your enemy.
- 2 Everyone who gets you out of SH*#'s is not necessarily your friend.
- 3 If you are warm and happy in a pile of SH*# KEEP YOUR MOUTH SHUT!
