

BIOLOGY CLUB

BIORHYTHMS

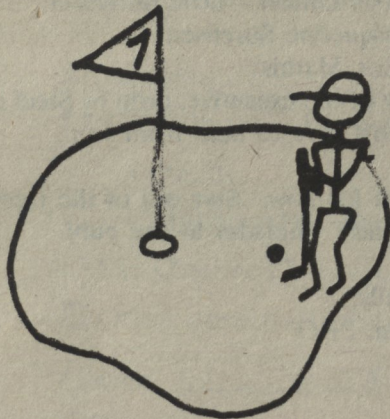

90!

Attention all Biology students!

We need your help in breaking a record. The most members that the U.P.E.I. Biology Club has ever had is 125. This year we stand at 90 so far. I'm sure there are at least 35 biology students who are looking for a good reason to join the club. Well this is it. Every week we'll give you a membership count so you'll know just how close we are to breaking the record. So keep watching, and for goodness sakes - join!!

The Golf Tournament is going to be Friday afternoon, the 28th, at 12:30. the teams have all signed up, so head out to Rustico Resort and watch these pros in action. It will certainly be an entertaining way to start the weekend.

BIO.PUB!!!!

Any Biology Club members who are interested in helping out with the Pub Committee, your assistance would be greatly appreciated. Just leave your name with Paul, Lynn or Tanya at the next meeting. Lynn is the head of the committee and would love to have lots of help.
