MENT'S

IN MAKING THIS RESTAURANT ONE OF THE FINEST
 IN THE MARITIMES.

WE ARE PROUD TO HAVE BEEN CHOSEN AS THE
 GENERAL BUILDERS FOR THIS
 FINE BUILDING.

E. WARREN HOUSTON

BUILDER

36 Rochford St.

Dial 3196

Mr. A. Menton (Ment) Whitlock, owner of the new restaurant which opens Monday at 217 Queen Street is pictured above. Ment, as he is familiarly known operated a popular restaurant business on Queen Street until his restaurant was destroyed by fire last June. His new restaurant, which he designed himself is ultra-modern in every respect and fully equipped to promptly and efficiently serve the public.

MENT'S FROM THE OUTSIDE

Ment's new restaurant with its attractive appearance and modern equipment for the serving of the food will open its doors to the people of the Province on Monday morning.

And while it may seem like old times in as much as the name Ment's is again in the restaurant business there have been so many changes in this new restaurant that in reality only about two things have remained the same. The unchangeables are the name Ment's and of course the fine food and fast service always provided.

Getting to first things first, Ment's have a brand new building in a new location. They have built a restaurant, second to none in appearance and in facilities for preparing good food in a short time.

The restaurant is located at 217 Queen Street, next to the Fire Hall. Its not on account of any fear of fire that the restaurant is located so near the Fire Hall because everything in this new establishment is fire proof.

Getting behind the scenes for a moment one of the features that will prove popular, especially with customers in a hurry, is the fact that this restaurant has two kitchens.

There is a kitchen for counter service and also one for booth and table service. This means that anything on the menu can be prepared promptly and efficiently for counter service.

And speaking of good foods it might be well to stress the point here that tasty snacks and meals depend to a great extent on a good chef and in this respect Ment's are most fortunate.

They have procured the services of Mac Hardy, a highly regarded chef and connoisseur of fine foods. Mac has had a great deal of experience in restaurants in the United States and Canada. He has worked in the Southern U. S. A., specializing in Southern foods. He specializes in preparing steaks.

The restaurant has a seating capacity for 98 persons. 20 people may sit around the counter at one sitting while 36 can be accommodated at the booths and 42 at the tables. The tables may

be so arranged that a large group forming a party may all eat together.

The counter is located to the right as a person walks through the door. It extends for about 36 feet towards the back of the restaurant in which part are located the booths and tables.

The booths are located along the wall on the left side and the tables in the centre and right side.

An attractive color and lighting scheme adds much to the appearance and atmosphere. The walls are flamingo colored with grey trimmings and the wall board is of chanton. An indirect fluorescent lighting system provides a very quiet, soft effect.

The floor is completely covered with sanitary Tarraza tile and the front of the restaurant finished in pastel bricks and glass gives a very attractive appearance.

Everything in the kitchen is made of stainless steel. It is equipped with a modern bake oven, ranges and walk-in refrigeration.

The lunch counter, complete with fountain service, is fully equipped to provide speedy lunches.

The entire building is air conditioned. This will allow patrons to eat in a most comfortable atmosphere. Patrons will also have the benefit of good music with 120 selections available through high fidelity wall boxes.

The business was founded 16 years ago by A. Menton (Ment) Whitlock.

During the intervening years the restaurant became a very popular eating place and was one of the best known and most frequented restaurants in the Province until fire destroyed the building last June 17.

The new restaurant has been built and will be operated by Mr. Whitlock, assisted by his son Wendell "Bud" who has worked with his father for several years.

MAYORAL COLLAR

ST. CATHARINES, Ont. (CP)—Mayor John Smith is to have a chain of office. The ceremonial collar will be presented to the mayor by the Lincoln county historical society.
