Shipyard Providing Club Meeting Space

GEORGETOWN — The Georgetown Lions Club met in the council chambers on Tuesday night, with King Lion Howard S. MacLean presiding.

Reports were received from several committees including the committee in charge of hockey pools and Lion Allan MacPhee reported for the Sight Conservation Committee. Two volunteer members were added to this committee, they were Lions, W.J. Fitzgerald and Paul Batchilder.

Both the secretary's and treasurer's reports were presented and adopted. Correspondence was dealt with, including letters from Lions International and District. Lion, Martin Yeatman informed the meeting that the Georgetown Lions Club would be welcome to hold their monthly meetings in the Office Building of Bathurst Marine Limited.

This cooperative offer on the part of the company is greatly appreciated by the Georgetown Lions and the thanks of the club and its members was conveyed to Lion Yeatman by King Lion MacLean.

Lions Eric Wood and J.W. Lavers were appointed auditors. A nominating committee was appointed to bring in a slate of officers at the April 28, meeting. Comprising this committee are: Lions; James McConnell Jr., Richard Landry; Sonny Johnson; Charles McConnell and Harold Publicover.

The question of providing a float for the Lions District Convention in Charlottetown was dismussed and it is hoped that definite plans in this matter will be presented at the next meeting. This float could also be used on Georgetown's Centennial Day on July 22.

Sight Conservation Commitee chairman, Lion Allan MacPhee received notification from The Canadian National Institute for the Blind announcing the winners in the essay contest "Care of Your Eyes", written by grade seven pupils in a designated area of Kings County. Attended to the Georgetown Lions Club who are giving three prizes for the three winning essays.

Winner of the first place is Roger Nicholson of Montague Elementary School., whose teacher is Christine Blue; Second prize goes to Genevieve Praught of Summerville School, whose teacher is Charlotte Praught; the third place winner is Nicholas Easton of Georgetown High School, whose teacher is Mrs. Rita MacIntyre.

It is hoped that at some future meeting of the Georgetown club that the three winners and their teachers will be invited to attend and read their essays and be presented with their prizes.

The prizes to be awarded are for first prize $10; second prize $5 and third prize $3. The CNIB informed the club that this was a very successful essay writing year and that more essays were received than last year. During the past 11 years 6,000 pupils throughout the province have written the essay "Care of Your Eyes". The CNIB, also expressed their thanks to the local club for cooperating with them in the contest.

Festival Contestants In Trial Run

MONTAGUE — Montague music festival contestants will have a trial run tonight as they present their pre-festival concert at the Montague Regional High School auditorium at 7 o'clock.

This concert will enable the parents to be sure the children know the words of their songs, and will iron out any difficulties the smaller children might have in getting on and off the stage. The concert, too, will make it possible for the teachers and children not participating to see all the Montague contestants, and during the festival class-room activities are continued.

Both high school and elementary school pupils will be taking part and the evening will include chorus, Rainbow bands, solos both vocal and instrumental, duets, trios etc.

The concert is being sponsored by the Home and School Association and proceeds will go to this group.

H.J. Robichaud Slated To Speak

The 19th annual meeting of the Fisheries Council of Canada opens in Charlottetown, Sunday, April 19 and runs to Wednesday of that week.

Hon. H.J. Robichaud, minister of fisheries will visit the province at that time to speak to the convention. Other guests will speak at the convention on topics ranging from research to the role of the government in the fishing industry.

N.B. Resident Is Fined $125

Thomas Paul McGrath, Logieville, N.B., charged with drunken driving, pleaded guilty to the lesser charge of driving while impaired and was fined $125 and costs or 30 days when he appeared before magistrate A.J. Haslam, QC, in city police court yesterday.

Lee Steele, 22 Granville Street, city was fined $25 and costs or 20 days on a charge of being drunk and disorderly.

Three men charged with being drunk and incapable appeared, one being fined $20 and costs or 10 days, another $10 and costs or 5 days and the third being remanded without bail for a week.

VIGILANTES FOR BORDER

EAST BERLIN (Reuters) — East Germany is to use politically-reliable civilians as "vigilantes" to help its border guards, a government decree stated Wednesday.

Centennial Committee Bares Plans And Elects New President

By J.W. LAVERS

GEORGETOWN—The Georgetown Centennial committee and a number of interested citizens met in the Council Chambers on Wednesday night to further plans for the celebration of Georgetown's Days' on July 22.

The meeting elected Mr. Alex Arsenault as president, the former president, Mayor Dr. A. Kennedy, felt that the many and demanding duties in his capacity as mayor would not allow him the time necessary to act as chairman of the Centennial committee.

Mrs. Joan Easton who is committee secretary brought the meeting up to date on recent correspondence received.

A sample display of the decorations for the town was shown those present. They include three Red Ensigns, 30 Centennial plaques for attaching to electric light and telephone poles in the town and 50 strings of pennants, with 30 pennants on each string.

It is planned to place the plaques in position on the first of May and the pennants will be strung across the various streets about the first of June.

It was decided to canvass the residents of the town to have them place their colored Christmas lights on the outside of their homes, to add to the town's decorations.

One hundred pennants were ordered for sale as souvenirs. These pennants will be white in color and blue on them the Centennial Crest and the name "Georgetown" printed on them in red lettering.

To assist in temporary financing of the celebration the committee are requesting the Town Council to make the amount of $300 available to the committee.

ALEX ARSENAULT

It was decided to build a float and present plans call for one which will depict the fishing industry of this community.

Application will also be made for the 50 cents per head of the Town's population to be used on a permanent Centennial project. It was suggested that this amount, which will be approximately $372, could be used to erect a permanent flag staff and base on the Georgtown High School grounds but the committee was informed that the School Board have already decided to erect such a flag staff.

It was then decided that the money received for the permanent project could be used to landscape and beautify the school grounds.

A special committee comprised of, Earl Walsh, as chairman; Mrs. William Murphy; James McConnell; and Mrs. Marcellus Gotell was appointed to administer this grant and decide on the work to be done.

The committee will hold regular meetings on the first and third Mondays in each month from now on, with the next meeting to be held on Monday, May 4.

The offer of John Holmes of Charlottetown to provide rides and swings for the entertainment of the children on Georgetown's Day was accepted. It is planned to have a boat race in the harbour and swimming events. These events will take place in the morning, immediately following the Parade, which is tentatively scheduled to start at 10:00 a.m.

The afternoon will see the carrying out of the track and field events, sky divers, possible a baseball game and other events.

Meals will be served in the rink from noon on throughout the day and evening and canteen service will also be provided. A mammoth dance will be held that night.

The committee is to request all merchants to close their places of business for the day.

The various committees in charge of sports are to have definite information at the next meeting as to the number of classes and events to be run off, so that prizes can be ordered.

Council Meeting Called To Weigh Gillis' Claims

A special meeting of city council has been called for this evening at 7.30 at the request of Councillor Allison Gillis. Mayor A. Waltheu Gaudet said last night.

The mayor stated purpose of the meeting was to let Mr Gillis give council his further views on the matter he introduced at last Monday night's meeting regarding a local reporter being paid to give some information given publicity. At that time he intimated the funds for this purpose were coming from the Water Commissioners.

Chairman of the Commission of Sewers and Water Supply, S.E. Green and Commissioners Earl Taylor and Joseph McKenna have been invited to attend the special meeting.

Mr. Green stated last night there was no truth in the statement that commission funds were being used for the benefit of certain city councillors and there was nothing secret at all about the matter involved.

He stated the commission had hired a public relations man to study and interpret highly technical reports such as the Pitometer Report, in order that the commissioners might be better able to present the facts regarding the serious water situation to the public. Appointment of such a man, he said, had been duly recorded in the minutes of commission meetings and a definite understanding reached that it was a part time occupation entirely apart from the man's normal reporting duties.

A native of Derby, England, Mr. Ashmole was educated at Cotton College and Ascott College in England and St. Augustine's College in Toronto.

He will take up his duties here after a period of training.

Conduct First Aid Workshop

CARDIGAN — A team of first aid instructors consisting of Bruce MacLaren of Charlottetown, assisted by Mrs. MacLaren and Norman MacLeod, conducted a First Aid Workshop in the Cardigan Parish Hall on Tuesday evening, April 14, sponsored by the local Women's Institute.

During the evening an accident scene was simulated in which Bobby and Kenneth, young sons of Mr and Mrs. Alban Brothers, were the victims. Working as a team, the instructors treated their injuries, explaining why and how emergency treatment was given.

The audience was then divided into three groups, with Mr. MacLaren demonstrating care and transportation of injured persons, Mrs. MacLaren explaining reasons for and application of various methods of artificial respiration, and Mr. MacLeod demonstrating care and control of bleeding in accident victims.

Following the meeting Mrs. Alvin Myers thanked the instructors on behalf of the Women's Institute, and lunch was served by the members.
