

To the timid and hesitating  
everything is impossible because it  
seems so.

Better had they ne'er been born  
who read to doubt, or read to  
scorn.

## U. S. INFANTRY UNIT REACHES BORDER OF MANCHURIA

### Supreme Court Hands Down Major Judgments

#### Army Planning To Create Reinforcing Battalions; Pay Boost Is Forecast

OTTAWA, Nov. 20 (CP)—The army is planning to create new battalions to handle the training of the thousands of reinforcements for the special United Nations force, officials said today. The reinforcements would be formed into a new brigade as the second of the three regular force infantry regiments represented in the one-brigade force.

- We are buying dressed fowl and chicken daily. Live Poultry on Tuesdays. It will pay you to finish before selling. We pay a commission on live poultry delivered at our warehouse on Tuesdays. Cakes supplied. E. J. McDougall, Yemassee.

#### Upsets 1947 Federal Order-in-Council

OTTAWA, Nov. 20 (CP)—The Supreme Court of Canada today upset a 1947 Federal order-in-council dealing with coarse grain operations. It also struck a major blow at "restrictive covenants" in property transactions. The Court declared that the Cabinet had no power to pass the section of its 1947 order which purported to give the Canadian Wheat Board authority to take possession of all oats and barley in commercial positions at that time. Several millions of bushels of grain were taken over by the Board, the seizures being part of a move to clamp down on speculative profit-making. The order itself expired more than three years ago. In the restrictive-covenant case, the Supreme Court declared invalid a section of a deed barring the sale of certain properties along Lake

#### Death Yesterday Of Archbishop Kingston

The Late Archbishop

TORONTO, Nov. 20 (CP)—Most Rev. George Frederick Kingston, 61, one of three native Canadians to become Primate of the Church of England in Canada, died today—virtually in harness. An energetic leader since he became Primate in 1947, he was taken to hospital with a heart attack a week ago. He had come to Toronto from his diocese of Nova Scotia for a busy round of church meetings—the Canadian Council of Churches and the Anglican House of Bishops last week and further Anglican meetings this week.

The funeral will be held in St. James' Cathedral here at 9 A.M. E.S.T. Thursday and will consist of the holy communion and the office for the burial of the dead. The body will lie in state from 9 A.M. to 9 P.M. Wednesday in the cathedral. During this 12-hour period, a watch will be kept at the four corners of the casket by clerical members of the Church of England in recognition of Archbishop Kingston's primacy. The body will be taken for cremation to St. James' cemetery. Rt. Rev. W. L. Wright of Sault Ste. Marie, Ont., bishop of Algoma and secretary of the house of bishops, who, in consultation with the metropolitan of the church's four ecclesiastical provinces in Canada, announced these arrangements, said it is requested that flowers not be sent. Most Rev. W. R. Adams, Bishop of the Yukon and Metropolitan of British Columbia, who automatically became acting Primate as senior Metropolitan, voiced the sorrow of the Church.

#### Toronto Society Woman Is Charged With Murder

OTTAWA, Nov. 20 (CP)—Mrs. Marion Sullivan, 50-year-old Toronto society woman, was formally charged in police court today with the murder of her husband, well-known lawyer. She was remanded a week for preliminary hearing. The nude body of Francis J. Sullivan, 52-year-old chief solicitor for the Ontario Lards and Forests Department, was found early Sunday. He had been bludgeoned to death in the bedroom of a luxury suite in the Chateau Laurier Hotel. Mrs. Sullivan was booked on a murder charge about 24 hours after her body was found while driving to Toronto. Rain fell heavily as she was driven from Carleton County jail to city police court, a few hundred yards from the Chateau Laurier. She was smartly dressed in grey tweeds and had a large ribbon tied in a bow at the side of her blue hat.

#### Island Gunner Would Like To Go To Korea

SHILO, Man., Nov. 20 (CP)—The gunners for Canada's special army force have shooed off for Fort Lewis, Wash. Two long troop trains loaded the 700 men of the 2nd Field Regiment, R.C.H.A., last night and headed for the west coast camp where the artillerymen will join other components of the special infantry brigade. Although official announcements have said only that the brigade, with the exception of the Princess Pats, will continue training at Fort Lewis, the impression was general among the gunners that Korea is their destination. Capt. Douglas MacKinnon, Ermscliffe, P.E.I., said he wants to go to Korea because he "never was there before."

#### Former PEI Pastor Called To Alberta

Rev. Edwin J. White, a former resident of this Province, has received a call to become minister of First Presbyterian Church, Edmonton, Alta. Mr. White's first charge was at Tyne Valley, P. E. I., and since that time he has spent five and a half years at the Presbyterian Church at Ormstown, Que., and nine years at St. Matthew's Presbyterian Church, Point St. Charles, Montreal. He received his education at West Kent School, Charlottetown, Prince of Wales College, McGill University and the Presbyterian College of the Montreal Presbytery. Mr. White and his family will leave for Edmonton on December 12, and it is expected he will be inducted in his new charge on December 15.

#### Boy Amputates Hand Caught In Machine

SHERBURN, MINN., Nov. 20 (AP)—An 18-year-old farm youth cut off his own left hand with a pocket knife when the hand became entangled in a corn picker. The youth, Ralph Millard, is recovering in a hospital. The accident happened Saturday. He caught his hand when he tried to clean husks out of the machine. After trying vainly to attract attention for nearly a half hour, he managed to reach a pocket knife in the tool box. With his right hand, he cut off his left hand at the wrist. Then he walked some distance to a farm house before collapsing. He was brought to the hospital here where a doctor made a second amputation.

#### Hope For New Industries In N.S.

HALIFAX, Nov. 20 (CP)—Hope for the establishment of three, and perhaps five, new industries in Nova Scotia was expressed today by Industry Minister Wilfred T. Dauphinee as his return from a business trip to Boston and New York. The Minister withheld details, pending final negotiations with the parties concerned. He said, however, that at least three of the proposed industries "would employ a substantial number of persons." Mr. Dauphinee said United States interests were behind the proposed industries. He had attended conferences in New York and Boston last week, and the week previously conferred with industrial officials in Montreal.

#### Officers Hope For Decision In Korea Soon

SEOUL, Nov. 21 (Tuesday)—(AP)—U. S. 7th Division infantrymen reached the Manchurian frontier today in Northeast Korea. There was no report of any opposition. The 17th Regimental combat team, the first American unit to complete the border advance, arrived at the Yalu River near the Korean border city of Hyesanjin. Tanks and artillery were brought up in support. The combat team's commander, Col. Herbert B. Powell, said his force would not fire across the Yalu into Chinese Communist Manchuria unless the Reds "fire at us first." Maj.-Gen. David Barr, 7th Division commander, said his men, slowed more by frigid winds and snow-banked mountain terrain than by Communist firing, would pull back into nearby hill positions "and wait and see what happens." Elsewhere on the frigid battlefield Monday, South Korean forces advanced six miles in the northeast and up to three miles in the northwest. U. S. marines plodded warily along both the eastern and west rims of icy Changjin reservoir, an important link in Korean and Manchurian hydro-electric power networks.

#### Jets In Battle

In the air navy jets fought a six-mile-high battle with seven to nine Russian-built jets, the navy reported in Washington. The Communist planes were quickly put to flight across the Manchurian border with two of them trailing smoke. Hyesanjin straddles the Yalu River—the boundary line between Korea and Manchuria. The city nestled in mountainous North Korea, has been one of the supply bases through which Chinese Communist troops were funnelled into Korea. The spokesman, however, said the 7th Division had encountered only North Korean soldiers in its drive. The division landed Sept. 19 at Iwon on the northeast coast and sent a combat team driving inland to cut off the thumb of Korea where it juts up to the Siberian and Manchurian borders. Iwon is 105 road miles south of Hyesanjin. The division is being supplied by airdrops of fuel and rations. More

#### Promise To Consider Potato Support Price

OTTAWA, Nov. 20 (CP)—Two Maritime Premiers today placed before Prime Minister St. Laurent and a Federal Cabinet committee a request for support prices for Maritime potatoes. They were Premiers J. B. McNair of New Brunswick and Walter Jones of Prince Edward Island, who asked for a support price along the lines of those which operated two years ago. Mr. McNair said later that the Federal authorities promised to consider the request. The Cabinet committee included Agriculture Minister Gardiner, Labor Minister Gregg and Resources Minister Winter.

#### Plans For German Army In Peril

FRANKFURT, Germany, Nov. 20 (AP)—The plan of the United States to rearm Western Europe for defence in the reasonable future is in grave peril. This is underscored by week-end election returns giving a wide margin of victory to a German party, the Socialists, which opposes rearmament as now planned. The political problems of rearmament are complex and controverted. The military men agree that the essentials for rearmament are simple and unavoidable: 1. There can be no effective defence of Europe without both Germany and France participating fully. 2. Formation of defence armies must begin at once to be effective. It may already be too late. There appears no prospect of carrying out either of these military essentials in the near future.

#### Says India Will Defend Frontier

NEW DELHI, India, Nov. 20 (AP)—Prime Minister Jawaharlal Nehru told Parliament today that India would defend its northern frontier as shown on official Indian maps regardless of any Chinese Communist attempt to claim territory in the area. Nehru was asked whether he had seen a new map of Communist China from Peiping which appeared to conflict with India's claimed border. He replied: "Map or no map, the boundary shown on our map is the real one. That is our frontier."

#### Ruling Re Apple Board May Affect Powers Of Potato Boards As Well

##### Taking First Step Toward Joint Defence

Heading the Canadian delegation which will go to Washington, D.C., to discuss joint Canadian-U.S. defence co-operation is Maj.-Gen. F. Worthington. It is said that border areas will be the chief subject for mutual defence plans. Maj.-Gen. Worthington is Canada's co-ordinator of civil defence.

#### Island Poultry In Limelight At Royal Fair

By winning five prizes while exhibiting only eight boxes of poultry at the Royal Winter Fair, Island poultry producers Saturday gained into the limelight that Island swine breeders have been enjoying for the past few days. The eight Island exhibits were up against eleven hundred boxes of dressed poultry from across the Dominion but one of them, the Royal Packing Company exhibit, showed the best box of dressed poultry at the Fair. The Packing Company entry topped all exhibitors in the banner class of the show with their exhibit of twelve Barred Rocks. The eleven hundred Canadian entries were divided into different classes with the best being placed in the banner class. Fourth place honors in the banner class were won by Mr. Dingwell.

#### Former Teacher Here Passes

MONTREAL, Nov. 20 (CP)—Rev. Sister St. Mary of Calvary, a member of the Congregation of Notre Dame who spent half of her 50 years of teaching in Montreal, died today following a lengthy illness. The former Marguerite Adele MacDonald, Sister Calvary was born at Baileys Brook, Pictou County, N. S., and educated at Mount St. Bernard College in Antigonish, N. S. She entered the convent at an early age and taught at Charlottetown, Mount St. Bernard College and Villa Marie Convent here.

#### Drama Festival Dates Announced Yesterday

MONTREAL, Nov. 20 (CP)—Final competitions in the annual national drama festival will be held at London, Ont., May 14-19 when eight of 13 Canadian regions will compete for national awards. Dates of regional competitions were released today by Richard MacDonald, secretary-treasurer of the festival. He hinted that Newfoundland is a doubtful entry in the 1951 regional competitions. Mr. MacDonald, who recently completed a cross-country tour, said tentative dates had been set for the Newfoundland competition, but that he had suggested the Province wait another year before participating in the national competition. He said his recommendation was based on two factors—that weather in Newfoundland may not be suitable for competitions on the dates selected and that the Province's troupes need more training. Newfoundland held its own competitions last year at St. John's. Mr. MacDonald also said that Victoria, B.C., would be taking part this year after being out of competition since the end of the Second

#### KENTVILLE, N. S., Nov. 20 (CP)—The Nova Scotia Apple Marketing Board, which has handled selling of the Annapolis Valley crop since 1939, has had one of its powers removed by the Federal Government and officials say it likely will not be in operation next year.

L. V. Spinney of nearby Middleton, district Federal fruit inspector, said yesterday the apple Board has been deprived of its sole right to issue inspection certificates for fruit moved for interprovincial and export trade. What applies to Nova Scotia apple growers will also apply to New Brunswick and Prince Edward Island potato growers, it was believed here. Nova Scotia has no potato board.

The N. S. Apple Marketing Board operated for the first time this year without the assistance of the Provincial Government, which still requires the board's marketing inspection. Board president R. D. Sutton said if the Federal Agriculture Department has removed the body's sole control of inspection "there is nothing we can do about it, but it does not give us any chance to control the movement of apples outside the Province."

One prominent shipper said the Board would never attempt or even consider operating without the control with which it has been empowered during the last 11 years. The ruling, it is said, will have little effect this season as practically all growers are under contract. Next year, however, the Board, in order to keep track of apple movements, would have to "go into the detective or policing business."

Under Provincial law, apples for sale in Nova Scotia still have inspection certificates issued by the Board. TORONTO, Nov. 20 (CP)—Governor-General Viscount Alexander yesterday unveiled a stained-glass memorial window in the chapel of Sunnybrook Military Hospital, honoring members of the Royal Regiment of Canada who died in the First and Second World Wars.

#### HALIFAX, Nov. 20 (CP)—Official forecasts issued by the Dominion Public Weather Office at Halifax.

Synopsis—Skies were overcast throughout the Maritimes tonight and there was some rain. Temperatures ranged from the high 50s in parts of Nova Scotia to the 30s in Eastern Quebec. A storm centred near Quebec City was moving northeastward and causing strong southerly winds over the Maritimes. Colder air to the west of the storm will sweep into the Maritimes Tuesday. Then the winds will shift to westerly, temperatures will fall sharply, and the weather will gradually clear.

Regional forecasts, valid until midnight Tuesday. Prince Edward Island: Overcast, rain ending Tuesday morning. Clearing by evening. Extremely mild, turning colder in the afternoon. West winds 20. Low and high Tuesday at Charlottetown and Moncton 50 and 55.

High tide today at 8:30 A.M. and 8:35 P.M. Sun rises at 7:17 A.M. and sets at 4:30 P.M. Summertime tide eighteen minutes later than Charlottetown.
