ATTENTION:
POTATO GROWERS

The attention of all farmers is directed to an amendment of the Prince Edward Island Potato Production Act passed by the Legislature in 1962 whereby all persons planting one-quarter acre or more of potatoes must plant those of the "Certified" class or better.

Potato growers are advised to procure their requirements while stocks of seed potatoes are available.

As many producers of good seed potatoes are now disposing of their crops on the tablestock market, it should not be difficult for all farmers who grow potatoes to arrange for their seed requirements for this year.

The failure to comply with this regulation will render the grower liable to a minimum fine of $50.00.

Reports On Khrushchev Conflicting

By ANDREW WALLER

MOSCOW, (Reuters) — Conflicting reports are circulating in Moscow as to weather Nikita Khrushchev, 71-year-old deposed Soviet premier, was ill in hospital.

Usually reliable sources said he was being treated for kidney stones in the Kremlin hospital, in a suburb of Moscow, and had been in the hospital "several months."

Other sources, claiming contacts with his family, said he was no longer in hospital, but had been twice last year.

As usual with reports concerning the former premier, there was no way of checking them officially.

SAID IN GOOD HEALTH

Khrushchev's daughter, Mrs. Rada Adzhubei, said in September he was in good health after a spell in hospital for tests normal for a man of his age.

She could not be reached Thursday.

Ford Co. Net Income Sets Record

DETROIT (AP)—Ford Motor Co. reported its net income for 1965 was a record $703,000,000, equal to $6.33 a share.

Henry Ford II, board chairman, said the firm's consolidated sales, net income and vehicle sales set new records in 1965 for the fourth consecutive year.

Consolidated sales totalled $11,500,000,000 compared with $9,670,000,000 in 1964.

Worldwide sales of Ford vehicles totalled 4,595,357 units, 16 per cent higher than the old mark of 3,952,727 sold in 1964.
