Nomads Flash Offensive Power In Win Over Truro

The Charlottetown Nomads unleashed a powerful running attack here yesterday afternoon to wallop the Truro Bearcats 14-6 in a Maritime Rugby League game played at the Queen Charlotte High School field.

The Nomads repatedly ran for long gain during the first half as they gave the best offensive display of a City team for quite a number of years. With the scrum healing the ball about 90 per cent of the time the Nomads backfielders had more running chances in the first 30 minutes than they got during a whole season in past years.

And they made good use of many of those chances. The time and effort that Dr. Frank Jelks has put into the team this fall showed inself on Saturday as the Nomads handled that pigskin in almost flawless manner.

Flying quarter Freddy Driscoll and wingman Dave MacLeod crossed the line on scoring plays for the winners. Jack "Spy" Ready accounted for eight of his team's points on two converts and two penalty kicks.

Fullback Brick Cameron, the man with the "educated toe" got all six points for the Bearcats on three beautiful penalty kicks. He connected on two 35 yard kicks during the first half and scored again as the game ended.

The Bearcats lost the services of their starry picking quarter Blenis Nicholson about seven minutes before the end of the game. Nicholson suffered a head injury, not believed to be too severe, and was forced out of action.

The win gives the Nomads their first taste of victory in two starts in the M.R.L. They lost a squeeker 3-2 to New Glasgow in their opening game. For Truro it was their first start in league play.

The game was very few minutes old when Jack Ready sent the Nomads into a lead they never lost. Ready made good on a penalty kick from about 20 yards out and the Nomads were on their way.

The Nomads stormed their way into Truro territory continually on plays spearheaded by Dave MacLeod, Dick Carroll, Charlie Heustis, Charlie Ready, Acquinas Ryan, Fred Driscoll and Jack Ready.

Once Dave MacLeod raced down to the two yard line after taking a pass from aggressive Dick Carroll only to be pulled down by a fleet of Truro tacklers.

Freddy Driscoll scored the first try of the game at the 13 minute mark. From a set scrum on the Truro 20 the ball came back to hard working Dave Nicholson. Nicholson relayed the ball to Driscol who started out to set up his backfield for a passing play.

However he could not get his backfield engineered into position for a play. Rather than run around the Truro defenders he cut through and raced 20 yards right between the goal posts to make the score 5-0.

Jack Ready made good on the convert to give the Nomads a big 7-0 lead.

Truro got their first two points several minutes later when they were awarded a penalty kick. Cameron split the uprights from at least 35 yards away.

This served to spur the Nomads on and they roared back stronger than ever. Spy Ready and Freddy Driscoll came up with fine plays while Clee Gillis pulled off a couple of sparkline runs.

Their efforts paid off when the Nomads were awarded a penalty kick deep in Truro territory and Jack Ready used his tow to good advantage one more to put the Nomads up 9-2

Before the half ended the Nomads made two brilliant running plays both good for gains of 50 yards. Fred Driscoll, Clee Gillis and Claude Fields took part in the first run while Jack Ready, Dave MacLeod and Dick Carroll participated in the second.

However the Bearcats kept very much in the game and they climbed two points nearer the Nomads when Cameron again split the uprights on a 35 yard penalty kick.

The Truro forwards began getting their share of heelouts from the scrum during the second half and the game slowed down somewhat. The Nomads controlled the play but only once could they break through the Truro defences.

MacLeod raced close to the Truro line on one occasion but was hauled down on a smart tackle by young Randy Cameron. Joe Coyle barged his way to the four yard line and twice Gerard Burge was stopped on the Truro two yard line.

The only try of the second half was scored by Dave MacLeod after a beautiful play all along the halfline. The ball passed from Dave-Nicholson to Freddy Driscoll to Dick Carroll to Dave MacLeod who ran 20 yards through a maze of would-be tacklers to place the oval behind the posts. Ready again gained the extra two points on the convert.

On the last play of the game the Bearcats were awarded a penalty kick and Cameron made no mistake on the attempt.

The Nomads forwards played an aggressive game throughout and kept on top of the ball well. Ronne McIvor was his usual reliable self and again stood out on the two man scrums.

Standouts for Truro were Snook Tynes, Brick Cameron, Blenis Nicholson and Ron MacDonald.

The game was capably handled by Cy McIsaac and was watched by a good crowd of fans.

Doug MacLeod and Salmon

Local Angler Reports Good Salmon Catches

The closing of the trout season doesn't mean the end of fishing for Doug MacLeod. Charlottetown-he just shifts his gear and location, and gets salmon.

On Saturday Doug captured two weighing 8 lbs each and measuring 29 inches and yesterday he landed another 8 pounder, finishing up with the 35-inch male salmon pictured above which weighed 11 pounds.

Mrs. MacLeod, who is also an ardent follower of the sport landed one 4½ pound salmon on both days of their fishing.

Doug makes no secret of his catch naming the Morell river, a Mickey Finn bucktail, a lot of luck and the know-how when they strike.

Students Cause $500 Damage

TORONTO (CP)— University of Toronto officials estimated Monday that Queen's University students caused more than $500 damage by splashing paint on stadium stands before Saturday's Queen's-Varsity football game and by ripping steel goalposts out of six feet of concrete after the game.

Phil Loosemore, secretary of the Varsity Athletic Association, said: "The goalposts will cost between $450 and $500 to replace. It will take a while before we learn how much the paint job has cost us."

The tearing down of the supposedly indestrictible goalposts at the north end of Varsity Stadium came during a melee after the game in which Varsity beat Queen's 11-6. Police did not interfere. A few punches were reported thrown by Varsity and Queen's supporters but no one was injured.

Noted Lecturer To Speak Here At Audubon Meeting

A distinguished scientist, artist and administrator Dr. Walter J. Breckenridge, Director of the Minnesota Museum of Natural History, will lecture at the Queen Charlotte High School on Wednesday, October 19 when the Audubon Society begin the first of a series of meetings and lectures during the coming months.

The Audubon Society meetings are being sponsored by the Queens County Fish and Game Association. As well as lecturing at the first meeting Dr. Breckenridge will show a film entitled "Paul Bunyan Country."

The Audubon Society feel very fortunate in being able to secure the services of Dr. Breckenridge for their first round of meetings. He is widely known for his contributions to the field of ornithology, herpetology and eneral zoology as well as for his work in building the splendid habitat group at his museum.

His bird paintings and etchings are of outstanding merit and have appeared in many ornithological works.

He was born in Iowa and received his undergraduate training at the University of Iowa and his master's and doctor's degrees at the University of Minnesota.

An interesting interlude in Dr Breckenridge's career was an expedition to Hudson Bay collecting museum material and scientific data on mammal and bird diseases. Another rich experience was a long visit with Major Allan Brooks, collecting in the field and studying his bird art techniques.

Along with his other scientific and artistic accomplishments Dr. Breckenridge is an accomplished wildlife photographer. His film "Paul Bunyan Country", which he will show at the meeting here, is a wildlife study of Minnesota a brilliant color motion picture of the wilderness world. It portrays the region made famous by Paul Bunyan legends.

The film shows Minnesota to be land of rivers, lakes and forests, ol swamps and interesting geological formations. Much of Minsota is high land and it is here that three great continental rivers have their origin. These are the Red River, the Minnesota and the mighty Mississippi.

A large part of the virgin forest has been cleared or lumbered but there still remains great areas of second forest growth, inhabited by many varieties of birds and mammals. The cool fastnesses are favorite nesting places of birds which many of us see only as spring or fall migration visitors.

"Paul Bunyan Country" presents this high north country and its wildlife inhabitants not only as they appear during open weather but also during the bitter grasp of winter. Minnesota in all its year-round glory, rugged, rich and real in beauty.

Large Crowd At Hazelbrook Meet

The largest crowd for the season gathered at the Hazelbrook raceway yesterday to witness some fine racing. Seventeen horses were entered in the various classes.

The jovial starter, Thomas McKenna, was in his place as usual doing a fine job. The fastest heat for the day was paced by Buddy Watson in 2.21. This horse s owned by Elmer Clow of Meadow Bank. A specal feature of the Hazelbrook raceway in the canteen which attracted many people. Congratulations are extended to Mr. Lawson Wood, owner of this track for his community spirit and good will.

Rollie's Arrows Win Is. Intermediate B Trophy

Rollie's Arrows, after dropping the first game of a doubleheader at Tignish on Sunday afternoon, rebounded in the second game to degeat the West Prince County Stars 8-6 and to win the Island Intermediate "B" Baseball Championship. The Stars won Sunday's opener 14-7. The Arrows took the series two games to one.

The first game of the doubleheader produced heavy hitting by the Prince County boys and poor fielding by the Charlottetown entry. Lloyd MacCallum started on the mound for the Arrows and was relieved by Frank Roberts in the sixth inning with the score 7-2. MacCallum and Roberts both gave up seven runs.

Gallant went all the way for the Stars in the first game and hurled beautiful ball.

Billy Hughes, the fast-balling righthander went the distance for the Arrows in the second game while three hurlers climbed the mound for the Stars. Doucette started the game and was relieved by Gallant in the sixth with the game tied 2-2, one out and two men on base. Gallant pitched himself out of trouble and lasted until the bottom of the eighth. He was releved by Rodney MacInnis.

The Arrows had already scored four runs in the inning before MacInnis went to the mound. Earl Shephard kept the Arrows rally going when he was hit by a pitch and went to first to load the bases. Then Don (The Duke) Whelan smashed a double into right centrefield to score two runners. These runs eventually proved to be the winners.

The Stars rallied in the ninth and scored four runs before being retired by Hughes. Two errors, a double and a triple accounted for the four runs. It looked as though another Prince County run was being scored when Gaudet started for home with ball in the outfield. However Bobby Mills threw a strike to the plate and Gaudet was tagged by catcher Frank Shephard for the all-important out.

Billy Hughes, making his second appearance of the year on the hill for the Arrows, pitched masterful ball. He stuck out eleven men and did not issue a walk. He also helped jos pwm caise at tje plate with a double and single.

Bobby Arsenault played stand out ball for the Arrows hitting six for nine in the doubleheader. He also played heads up ball defensively in left field and made a beautiful running catch in the first game.

After the series ended Mr. George Francis on behalf of the P. E. I. Physical Fitness Division, presented the Island Intermediate "B" Championship Trophy to coach Frank Shephard of the Arrows.

Both games were handled by by Charlie Ryan with Billy Purcell and Donnie MacLean on the bases.

Gillis Wins Golf Trophy

Wendell Gillis won the Seagram Trophy at the Charlottetown Golf Club over the weekend by defeating Garth Herring in a play-off match. The play-off was necessitated when Gillis and Herring finished in a deadlock for top spot a week ago.

The teams split a doubleheader here Sunday in opening the best-of-three series. CYO blanked Bible Hill 12-0 in the first game but the Nova Scotians took the second 10-1.

Owner Suspended After Probe At Harness Track

NEW YORK (AP)—A probe of last summer's racing at the Batavia Downs harness track brought indefinite suspension Monday to a Rochester, N.Y., horse owner who allegedly tried to fix a race.

Harness racing commissioner George P. Monaghan also announced disciplinary action against another owner and three sulky drivers.

Tow of them were tied to the upstate course.

The commissioner accused owner Don J. Canardo, 42, of Rochester, of asking driver Joseph Hodgins, 31, of Batavia, to help a Canardo horse win a race at Batavia Downs.

Canardo owns four trotters.

FAILED TO REPORT

Hodgins, leading Batavia dash winner, was suspended for 10 days for failing quickly to report the incident of July 30.

Monaghan said Hodgins' reply was that he would drive his horse in a normal manner.

Canardo has 10 days in which to appeal.

The owner, Al Green, 50, of Karnak, Ill., was "censured" because he, too, failed to make an "immediate" report of having been approached to control the course of a race.

Monaghan said the incident involving Green occurred on a Saturday, but no report was made for two days.

The other two drivers are Charles B. Wingate, 37, of Westbury, N.Y., and Al Manzi, 36, of Mongaup Valley, N.Y.

Wingate was accused of not "fairly" contesting a race at the Hamburg track last July.

SEASON SUSPENSION

Monaghan said testimony in the case "reflects a threat" to the driver, who was set down for the rest of the season.

Manzi was suspended for six days for sending his horse, Congress Worthy, needlessly inside in the first race at Yonkers last Saturday.

At the same time, Monaghan announced new rules governing assignment of track officials. Effective at once, he said, officials will be rotated among tracks, so as to draw a particular track only a month at a time.
