What's Happenin'

FROM: M. P. Madan,
Physics Dept.

I have been asked by the President to examine and report on matters concerning the university appointments which do not normally follow the regular pattern of faculty recruitment. For example:

- Professor Emiritus
- Honorary Professor
- University Professor
- Adjunct Professors, Associate Professors and Assistant Professors
- Award of an appropriate rank to an individual from within the community who has not pursued normal academic career, but is well qualified by virtue of his experience, etc.
- Visiting professor and possibly some other categories.

I am taking the liberty of requesting you to let me know your suggestions and comments so that adequate criteria and procedures can be developed and presented to the Senate.

FILM: "CONTROLLING INTEREST" (one hour film)
WEDNESDAY, NOVEMBER 26th
PRODUCED BY THE WCC (WORLD COUNCIL OF CHURCHES)

The film deals with how multinationals manage to manipulate the economy and the politics of the third world, and how U.S. multinationals are related to their government in consort toward the exploitation, militarily and economically, of many Third World people.

What place do multinationals have in the world economy? What effect do they have on people?

SPECIAL INVITATION TO THE BUSINESS DEPARTMENT
DISCUSSION AND REFRESHMENTS AFTERWARDS.
Sponsored by Political Science Association
Wednesday, November 26, 7:00 p.m.
Duffy Amphitheatre

Note to landed Immigrants

Any students who are Landed Immigrants should make certain that they are registered with the Health Services Commission of their Province of residence. Any student who is not a Canadian Citizen and is not a Landed Immigrant should also make certain that the health insurance premium, which was paid upon registration, is for a foreign student classification. The YEARLY premius of $145.00 would seem pretty small when compared to the $143.00 daily rate which such a student would pay if sent to a hospital. If you have any questions about the insurance plan please contact the Student Union Office.

Sculpture Display

A series of 22 hauntingly-realistic human sculptures, created by Saskatchewan-based artist, Joe Fafard, are on view at the Confed. Centre Art Gallery until Dec. 28.

Included in this selection of Fafard's full-colour sculptures are The Boxer, a perspiring, red-faced heavy weight; Geoffrey, a denim-clad, beer-toting ruffian; and Frizzly Bear, a ragged and jagged old man.

Gallery hours are 10 am - 5 pm Tuesday through Saturday, and 2-5 pm Sunday. Entrance is free of charge to all.
