National Statistics Bureau Reports Price Index Rise

OTTAWA (CP) — The consumer price index rose by 0.8 per cent in the same month of last year.

There is no exactly parallel index of incomes. But an index of industrial wages and salaries, based on 1961 equalling 100, was at 116.9 in December, latest figure available.

April food prices moved the food section of the index to 143.7 from 143.4.

POTATOES HIGHER
 The bureau said higher prices were reported for potatoes, tomatoes, carrots, eggs, dairy products, fats, bakery and cereal products, bananas, frozen strawberries, canned vegetables, chicken and instant coffee.

Lower prices were reported on pork, some cuts of beef, lettuce, celery, cabbage and citrus fruits.

Housing costs rose on index to 143.8 from 143.3 on increased prices for furniture, appliances, floor coverings, textiles and household utensils.

Clothing went to 125.3 from 124.2 on a wide general price rise.

Transportation costs pushed that index to 150.7 from 150 on effects of the Ontario sales tax

on cars offset lower car prices in western Canada.

FEES INCREASE
 Health and personal care rose to 179.2 from 178.1, triggered by widespread increases in doctors' and dentists' fees and optical care.

Recreation and reading jumped to 157.6 from 156.5 after scattered price gains for radios, TV sets, records and bicycles.

Tobacco and alcohol, which accounts for six per cent of the total index calculation, rose to 125 from 123.4 due to a general increase in Ottawa prices and slight increases at Montreal and Vancouver.

The consumer price index measures changes since 1949 in prices of a selection of goods and services representative of typical purchases by families of from two to six, living in cities of over 30,000 population and with incomes during 1957 ranging between \$2,500 and \$7,000. It is compiled by a check of prices on about 300 goods and services.

PRIESTS DISPERSED
 BARCELONA, Spain (AP)—Club-swinging police Wednesday broke up a demonstration by about 100 Roman Catholic priests and friars protesting alleged ill-treatment of a student being held as result of recent disturbances here, witnesses reported. The demonstrators, who attempted to hand the chief a letter of protest, charged that police had accused the student of being Communist.
