

Summer Arrangements for Travel.

TIME TABLES have at length been issued for our trains and steamers; and travellers may now make their summer arrangements. The Railway time table is, we think, the best yet issued. Under it the trains will be so run that the whole Island may be traversed in a day; and persons leaving home for almost any point, on any day, will be able to reach home again the same day. Residents of Souris may leave that town at 6.30 a. m., come to this city, remain about six hours, and get back again at 7.35 o'clock p. m. Residents of Tignish may leave home at 6.45 a. m., remain at Summerside two and a-half hours, and have returned by 7.30 p. m. Between Summerside and Charlottetown there are three trains daily—leaving this city at 6.50 a. m., 9.25 a. m., and 4.50 p. m., and leaving Summerside at 6.40 a. m., 1.05 p. m., and 6 p. m. This will afford ample accommodation between these points. It will be observed that the difficulty at the Westward complained of last year has been remedied; but that, in consequence, it will be impossible for passengers for St. John, etc., residing in that part of the Province to take the steamer on the morning they leave home. During the whole of last summer only about sixteen persons took advantage of the arrangement for doing so; and this loss is more than compensated by the greater convenience afforded "way" travellers.

The Steam Navigation Company keep a steamer running between Summerside and Shediac, leaving Summerside (daily) at a few minutes past nine a. m., and Shediac (daily) on arrival of the train from St. John. On the mornings of Monday, Wednesday, Thursday and Saturday, at half-past seven o'clock, a steamer leaves Charlottetown for Pictou. We learn that the Manager of the Steam Navigation Company tried to induce the Intercolonial Railway authorities to put on a special train to connect with the steamer on these days; but the latter declined to do so, on the ground that the traffic would not be sufficiently large to justify the expense. This is to be regretted; for it is very annoying to passengers to be kept waiting at Pictou three or four hours, while on the way to Halifax. The steamer leaves Pictou for Charlottetown every Tuesday, Wednesday, Friday and Saturday, after the arrival of the Halifax train.

Times are looking up; the arrangements for travel to and from the Island are pretty good, and we have reason to hope that this year a large number of tourists will come to admire the "Gem of the Northern Seas."

An Official Change.

We learn that John Robins, Esq., has been promoted to a first-class clerkship at Ottawa, and the Hon. Joseph Pope will return to his old position as Dominion Auditor and Manager of the Savings Bank in this Province. Mr. Pope's dismissal by the late Government was an outrage for which he has, all too tardily, received satisfaction. By the late Administration he was summarily ejected from office without cause assigned. But rather than do any wrong to so capable an official as Mr. Robins, the present Government waited nearly two years, until they could give him promotion before doing right in Mr. Pope's case. But if it be right to reinstate Mr. Pope, it would have been right to reinstate Mr. Colin McLennan when the opportunity occurred; and it would also have been right to fill vacancies and new offices with those who have suffered as Mr. Pope has suffered. This has not been done. Men possessed of no special qualifications—except that of being Grits to within a year of the last election,—have been placed in office, while Mr. Pope's fellow sufferers have been left to sink under misfortunes which have in consequence come upon them. The Government have done well in Mr. Pope's case. We regret that we cannot give them credit for having done well in that of others who were treated with equal harshness by the late Government.

The Supreme Court General Term, New York, has unanimously decided on the appeal against the burial of David Coppers in Calvary Cemetery, N. Y., in favor of the Roman Catholic Church. The authorities wanted to exclude Coppers' remains, on the ground that he was a Freemason and a Protestant, and the General term decision upholds the right of those who control cemeteries to make conditions as to the persons who shall be buried within the grounds. It appears that defendant was not bound by either contract or law to bury Coppers in Calvary Cemetery, and further, that the plaintiffs had no status, being neither legal representatives, next of kin, nor assignees of deceased.

Women's Temperance Benevolent Society.

In submitting a report of our first winter's work to the public, we feel assured that our efforts to establish a well organized Society for the systematic and judicious distribution of relief cannot fail to meet with general practical sympathy. We have not been disappointed thus far. Our work has prospered, and we have had good results. But we ask for a widespread influence,—earnestly inviting any who have time and means at their disposal to aid us during the summer months in preparing to carry on the work more extensively next winter. We purpose closing for the season; but business will be attended to and donations for laying in a supply of coal and provisions will still be received by Mrs. Kennedy, Confectionery, Queen Street.

DONATIONS.—\$15, part of surplus money for prize grain, handed to Judge Hensley for distribution; Y. M. C. Association, \$2; Mrs. Peter's, \$10; Mr. Gates, \$1; Mrs. Hensley, \$4; Judge Young, \$15; Messrs Beer & Goff, \$10 and stove; Mr. Bridges, \$13; Mr. Findlay, \$7.40; Mr. Baldwin, \$5; Caledonia Club, \$5; Mrs. G. Beer, \$1; Rev. Mr. Fitzgerald, \$1; Mrs. Munn, 50 lbs flour; clothing and supplies for soup kitchen from Mrs. J. Peake, Miss Mutch, Miss Jenkins, Mrs. Higgs, Mrs. Baldwin; coal from Mr. D. Lawson.

EXPENDITURE.—\$50, given in provisions to women for work done; \$23 to Soup Kitchen; \$10 for coal.

From nine to twelve persons have received two quarts of soup three times a week.

From twelve to sixteen persons have attended Monday evening Bible lesson and Prayer Meeting held every Sabbath afternoon at three o'clock.

Business meeting every Thursday at half-past three o'clock.

RULES.

1. That Monday evening meeting open and close with prayer.
2. That suitable reading be provided for each night.
3. That applicants be visited by Investigating Committee before receiving aid.
4. That members be required to attend religious services unless necessarily prevented.
5. Payment for work to be given in provisions or clothing unless otherwise agreed upon by Committee.

E. McRAE,

Secretary.

Summary of Latest News.

A large portion of the fall wheat in the Ottawa district has been killed.

Cordial relations are again established between the United States and Mexico.

An Ottawa report says it is said that the Hon. Sydney Smith of Coburg is likely to take the Senatorship made vacant by the death of the Hon. George Brown.

A meeting of Catholics was held at Dortmund, in Westphalia, on Saturday, at which 25,000 persons were present. The speakers demanded the abolition of the May laws, the recognition of the priests' authority, &c. Similar meetings are projected throughout Germany.

A rumor current in Ottawa, but not generally credited, is to the effect that Mr. Schrieber will shortly be appointed Chief Engineer of the Canada Pacific Railway, and Mr. Sandford Fleming, Chief Engineer of the Intercolonial and Consulting Engineer of the Department.

For the first time since the reign of Henry VII, a military Mass is now celebrated in the Tower of London for the benefit of the Roman Catholic officers and men of the Guards stationed there. This result has been mainly brought about by the Rev. Father Bowden, formerly an officer in the Household Brigade.

It is a question whether Russia is not attempting an experiment similar to that of keeping back the tide with a pitchfork, when she tries to check the flow of emigration. She has compelled so many to emigrate by force to Siberia that it looks strange to see her preventing her discontented population from going of their own accord to America.

The ninth of the falling girders of the Tay bridge was lifted from the water on Saturday and beached. This girder, which is the last of the set of three spans, has been raised at the instance of the Committee of Enquiry, with a view to ascertain the direction in which the bridge fell. There was an expansion joint at the north end of this girder and the condition of the iron work, together with the fact that part of the permanent roadway on an adjoining span was torn away, indicates that the bridge first gave way at the south end.
