New Canadians Get Citizenship

Another large group of new Canadians yesterday took the oath of allegiance, Judge C. St. Clair Trainor presided at a ceremony in the Court House which saw 17 people representing five countries become citizens of Canada.

On hand to welcome them were Rev. T.B. Somers, who gave each a Bible; Rev. Van de Ven, Russell St. John, Vincent Chisholm, immigration officer here, and representatives of the IOOE and CWL. A large number of friends were also in attendance at the ceremony.

The new Canadians, with their present homes and former countries were: Cornelis and Cora-lia Alet, Springvale, (Netherlands); Wiebetta Gertruisa Bos, Wietse Catharina Bos, Bernar-dus Hendrikus Bos, Johnson's River, (Netherlands); Irene Bol-tov, (Denmark); Hermann and Alisa Maria Gertruda Bellowst, Sherwood, (Netherlands); Melis, Cornelia and Pieter Vis-ser, Victoria, (Netherlands).

Land Sought by Gov't For Senior Citizens

The Charlottetown City Council was alerted Monday night by Mayor A. Wathen Gaudet that the provincial government was seeking a donation of from two to three acres of land from the city to provide 10 housing units for senior citizens.

The project is similar to those already undertaken in other centres of the province and calls for the co-operation of the city and province together with Central Mortgage and Housing Corporation.

Quered by Councillor MacNeill if the homes would be exempt from taxes, Mayor Gaudet replied "Yes, but they would be required to pay servicing installations."

The Council was also informed by the Mayor that he planned to reconvene the housing conference he called in 1960 on Oct. 10. The original conference was attended by representatives of the welfare bureau, service clubs and other organizations.

A survey was proposed in which information would be sought pertaining to slum areas, standard housing, tenants' income bracket, the number of people in each house, the percentage of older people needing assistance.

PROGRESS REPORTED

Coun. M.D. Corrigan reported some progress in the housing problem and the Mayor also indicated at least one instance he was able to get improvement in rented premises.

Coun. Corrigan paid tribute to the water safety program carried on by the Red Cross for school children. She had attended the Central Queens water safety program and was much impressed. She said that parents and children were fortunate here in that they received expert instruction and guidance at a cost per child of 50 cents. She had visited a centre elsewhere where the cost was \$36 and no instruction was included.

Dr. W.L. MacDonald, city health officer, in his report stated that the survey to determine the degree of contamination in harbor waters should be available in about a month's time.

MILK HANDLING

Dr. MacDonald emphasized that milk plants in the city should exercise particular care in the handling of milk for the next month or two.

He referred briefly to the epidemic of gastroenteritis in Newfoundland. No special action was called for here, however.

A request for the services of City Engineer Norman Stewart to conduct a technical engineering survey at the two hospitals in Charlottetown and the Prince County Hospital for the Hospital Services Commission was approved providing the time required did not conflict or interfere with the carrying out of Mr. Stewart's

E.S. LORD, president of the Charlottetown Branch of the P.E.I. Division of the Canadian Association for Retarded Children is shown being presented with a certificate of membership from the Canadian Association by Grant Travers, president of the P.E.I. Division. The occasion marked the first fall meeting of the branch at Sherwood Hospital last night.

Ass'n for Retarded Children Announces New Workshop

The Charlottetown Branch of the P.E.I. Division of the Canadian Association for Retarded Children has announced that its next project, which is rapidly taking shape, is a sheltered workshop for a senior group.

Already applications have been received from eight students. Quarters for the workshop have been supplied at St. Vincent's Orphanage free of charge by the Roman Catholic diocese.

Reports on four successful two-week camps held at Oyster Bed Bridge were presented by the camp committee.

The branch acknowledged with appreciation a gift from the Women's Institute of Rocky Point.

War Memorial Unveiled in 1920

The memorial service at Cornwall for veterans of two world wars on Sunday recalls that the cenotaph for the soldiers of the First Great War was unveiled on Armistice Day, November 11, 1920 by Captain C.W. MacEachern, MM, and Captain A.C. MacEachern, MC, both of whom had attended the Cornwall school and had earned their promotions in the field. Speakers on that occasion included Lt. Col. Cecil Stewart, MC; Lt. Col. H.R. Campbell and Major T.E. MacNutt.

The Second World War cenotaph was unveiled by Petty Officer Harvey MacCallum and Sgt. Maj. Garfield Dockendorff.

Gov't Clears Way For Re-entry Of Chinese Mother

OTTAWA (CP)—The government is clearing the way for the re-entry to Canada of Mrs. Louie Yuet-Sun, 31-year-old Chinese who left her Canadian son behind when she was deported to Hong Kong in 1961.

An immigration official said Tuesday Mrs. Louie will be allowed to enter Canada as a landed immigrant along with her husband and two other sons from Hong Kong, provided the family meets normal immigration Act requirements—good health, good character and a suitable occupation.

Mrs. Louie was ordered deported when the former Progressive Conservative government was in power. Former immigration minister Ellen Fairclough declined to interfere with the deportation order and Mrs. Louie failed in appeals against the order to Ontario courts and the Supreme Court of Canada.

The deportation order was bitterly opposed in the Commons by the then Liberal opposition, including J.M. Pickers-gill, a former Liberal immigration minister and now secretary of state.

The immigration official said Mrs. Louie's case is one of a number of controversial deportation cases that have been reconsidered in recent months by Immigration Minister Favreau.

Mr. Favreau announced in May that Weldon Chan, Hong Kong Chinese who spent 3½ years in hiding to escape defeat or interference with the carrying out of Mr. Stewart's

COLOR — PANAVISION

VIVID COLORS, startling forms, recognizable themes and topics and very little in the way of impressionist or abstract painting, just good solid art is the way the art exhibition of the city's elementary schools usually turns out. Miss Mary Duffy of the staff of St. Jean Elementary School is shown as she helped to arrange the display which opens today in the 'Y' gymnasium.

City Schools Art Show Opens Today in YMCA

An exhibition of art by pupils of grades one to seven of six city elementary schools, and grade seven Queen Charlotte High School, opens this morning in the gymnasium of the YMCA.

The exhibit, arranged by Mrs. Doris McKay, art supervisor for city schools, is an impressive example of what is being accomplished among the very young in this field of education.

The display, held only every two years, is open to public inspection until Friday. The hours for viewing are from 10 to 12 o'clock in the morning, 2 to 5 in the afternoon, and 7 to 9 in the evening.

When the exhibition is over a selection of typical Prince Edward Island pictures will be chosen by Mrs. W.W. Reid to be sent through the International Red Cross to foreign countries.

Earplugs Seen Growing Need

BANFF, Alta. (CP) — Workmen must be educated to use earplugs and ear muffs just as they were educated to use hard hats, the 77th annual convention of the Association of Workmen's Compensation Boards of Canada was told Monday.

Dr. Aram Glorie of Los Angeles, director of an industrial noise research centre, told the delegates from workmen's compensation boards in the 10 provinces, that deafness produced as a result of exposure to noise over a period of years has become an industrial problem.

Hearing loss due to noise exposure, first recognized in English blacksmiths in 1804, now occurs in an estimated 10 to 15 per cent of those who work in enough noise to produce hearing loss to the hills" and "Rock of Ages" Century Chapter No. 10, O.E.S. of New Glasgow, N.S., held its funeral service Sunday evening.

NEED CUL POTATOES

A shipment of 4,000 tons of culled potatoes for use in the production of alcohol, is being sought by Morgan Maritime Farm Limited, Redbank, N.B., Agriculture Minister Andrew B. MacIvor said yesterday. The company is paying 80 cents per 165-pound barrel, which would net to about 35 cents a hundred.

SUMMERSIDE MEETING

Premier Walter R. Shaw yesterday confirmed that the cabinet meeting of Sept. 17 will be held in Summerside on that afternoon. He also stated that the cabinet plans to visit RCAF Station, and a number of developments in the Summerside area.

GALLANT FUNERAL

The funeral for Mrs. Joseph N.B. Gallant was held Tuesday morning from her life residence, North Rustico to Stella Marie Church where Requiem High Mass was celebrated by her pastor, Rev. Francis Conroy, who also conducted the service at the grave.

Palbearers were Paul C. Gallant, James V. Gallant, N.B. Gallant, Gary Gallant, Arthur E. Gallant and John T. Doyle. Interment was in the church cemetery.

TURNER FUNERAL

The funeral for Mrs. George Ernest (Sophernal) Turner of New Glasgow, N.S. and formerly of Long Creek, P.E.I., was held yesterday afternoon, Sept. 10, 1963, from the Ouellet Funeral Home to Long Creek Baptist Church where funeral services were conducted by Rev. W. C. Harvey, assisted by Rev. T. W. Howard. Hymns sung were "Un-

GOES OVERSEAS

From there he will travel to Reykjavik, Iceland, where he will serve at the United States Air Force base. For the past three years ACI MacInnis has been stationed in Montana, U.S.A.

Coal Industry Drift Outlined

OTTAWA (CP)—The downward drift of the Canadian coal industry during 1962 was outlined Tuesday in a Dominion Bureau of Statistics report.

Consumption of Canadian-produced coal declined 0.8 per cent to 8,010,000 tons while the use of imported coal rose 2.7 per cent to 1,370,000 tons.

The number of operating coal mines in 1962 declined to 109 from 120 the previous year. The number of employees dropped to 9,470 from 10,461 and salaries and wages to \$4,885,000 from \$5,500,000.

The report said that the drop in consumption of Canadian produced coal continued a downward trend that began in 1951 following the 1959 peak consumption of 18,249,440 tons.

The total consumption in Canada last year of 2,889,000 tons was a slight increase from the 1961 record low of 2,630,000. This was equivalent to 1,179 tons per capita, a drop from the 1961 per-capita figure of 1,191 tons.
