

HURRICANE MAY HIT MARITIMES

GREET CHIEF OF MACKINTOSH

The President of the Caledonian Club, W.C. MacLeod and the Club Chief, George V. Fraser were on hand yesterday afternoon to greet Vice Admiral Lachlan Donald Mackintosh, Chief of Mackintosh who arrived by air from Halifax. The Club Chief was carrying a staff given to his predecessor by the late King George VI while he was on a grouse hunting trip to Moy Castle at Invernesshire in Scotland.

Chief Mackintosh expressed pleasure at being able to visit the island which he thought very beautiful from the air. He is looking forward to meeting many of his clansmen at today's gathering. Last night in company with a clans-

men MacLeod and Fraser the Chief was guest of honour at the repeat performance of the Historic pageant held at the Coliseum. "I have learned a great deal of the Island's History in a most enjoyable manner," said Chief Mackintosh after the performance was over.

Barter's Film Lab.

PARIS (AP)—French paupers are to get a little more than a quart of wine free every week for six months beginning Nov. 1, as part of the government campaign to get rid of a worrisome surplus.

Coming Events

Your Saturday night Jamboree—Forum.

Lot 8 parish picnic at West Point Wharf, Tuesday, August 23.

Stock car races Wednesday. See ad in sports page.

Dance, Lower Montague hall, August 10th. Good music and canteen.

Tryon United Church pastoral charge Sunday School picnic Friday August 12. Camp site. Everybody welcome.

In Stock-Dithane, Liquid and powder DDT, top Killer, and blaster. V. J. MacIntyre, Millview.

Come to the dance, Hampton Hill, o'clock, Thursday, August 11. Proceeds Argyle Shore Hockey Club.

Dance, West Royalty Hall, Wednesday, Rollie McKenzie's Orchestra. Canteen Service, 9:30 to 12:30.

Will be buying fowl every Monday from 1 to 7 p.m. and Tuesday I will pick up and pay at the farms. Paying highest market prices. A. P. Gallant, Rustico.

Lobster supper Stella Maria Hall, North Rustico, Saturday, August 13. Games and amusements. Last lobster supper for the year. Come and enjoy it.

Egyptian Prime Minister To Visit Russia

CAIRO (CP)—Egyptian Prime Minister Gamal Abdel Nasser Tuesday accepted an invitation to visit the Soviet Union shortly after it was announced that Russia had placed a multi-million dollar order for Egyptian cotton. The two announcements were not publicly linked but there was immediate speculation whether Egypt would move into closer political cooperation with the Communist bloc.

Shirley To Try Again

TORONTO (CP)—Shirley Campbell, who had to be pulled out of the water just two miles short of swimming Lake Ontario last week, will try again.

"I came too close to let it beat me," the slim brunette 19-year-old stenographer told a crowd at Sunnyside Softball Stadium Monday night.

Shirley was presented with an ermine cape, a party dress, and a \$50 refrigerator for her attempt on the lake.

Police Force Promotions Made At Council Meeting

Four promotions were made on the City Police Force at the regular monthly meeting held yesterday afternoon. His Worship Mayor Steward presided, all the councillors being present with the exception of Coun. Keefe.

Detective Sgt. Webster is the new Deputy Chief of Police, succeeding Watson Higgins who retired some time ago. Sgt. Augustus Dowling has been raised to the rank of Staff Sergeant and Constables Lloyd Wakelin and Neil MacNevin have been made Sergeants.

The motion for the promotions was introduced by Coun. Gormley seconded by Coun. Gaudet. The Police Committee chairman, Coun. Gormley, stated that the promotions had been unanimously recommended by the Police Committee with the complete agreement of Police Chief C.W. MacArthur.

The 42-year old new Deputy Chief has been with the Charlottetown Police Force since 1939. He was made a Sergeant in 1946 and for the past year has served as a plain clothesman on the detective squad. Deputy Chief Webster will be remembered as one of the constables who in 1941 captured two men who were later executed for murder.

13 RAF Planes To Tour Canada

GOOSE BAY, Labrador (CP)—Thirteen Royal Air Force planes, including eight Canberra jet bombers, arrived here Tuesday to start a tour of eastern Canada and the Caribbean.

Besides the Canberras, the squadron includes five four-engine Hastings bombers. The planes are scheduled to leave for Montreal today.

The aircraft are bound for Jamaica where squadron members will take part in celebrations marking the colony's 300th birthday.

Later the squadron will spend two weeks with the RCAF and will give demonstrations at the Canadian National Exhibition in Toronto Sept. 9-10.

CPR Prepares For Big Move By Canadian Army

SAINT JOHN, N.B. (CP)—The Canadian Pacific Railway mobilized its resources Tuesday for one of the biggest movements of troops and their weapons since the Second World War.

While 12,000 infantrymen locked horns in mock warfare's Exercise Rising Star at Camp Gagetown north of here, the CPR drew plans for transporting them and their gear to bases across Canada when the maneuver ends next week.

The company said the heaviest burden will be borne between Aug. 14 and 18 when 100 freight cars will load 60 of the army's 54-ton centurion tanks and 30 green gun carriers alone at the whistle stops of Enniskillen and Welsford.

Ten passenger specials will carry about 2,500 troops to western Canada and depots in the Maritimes.

Woman Beats Off Attacker

TORONTO (CP)—A 40-year-old woman beat off an attacker when he burst Monday night when he tried to strangle her only two doors from her home, police said.

Mary Umpleby told police he seized her by the throat after he spotted her. Miss Umpleby had just finished telling him how to reach the street when he grabbed her.

A passing car helped scare him off. The woman ran home and her nephew and a friend chased and caught a man a few moments later.

Charged with assault is Abraham Jones, 27. Police said he would be questioned in connection with the strangling of two women last fall and recent unsolved attacks on women.

Australians Plan To Make Salk Vaccine

CANBERRA (Reuters)—Prime Minister Robert G. Menzies said Tuesday Australia is going ahead with its plans to manufacture the Salk anti-polio vaccine despite the fact that its use is still a matter of controversy in some countries.

Plan Junior-Size Cobalt Bomb

OTTAWA (CP)—A junior-size Canadian cobalt 60 beam therapy unit for treatment of cancer in small hospitals will be in production within a few months, Atomic Energy of Canada announced Tuesday.

The new unit, to be known as the "theratron junior" will be produced by the commercial products division of the government's atomic agency and will be cheaper than other, larger types of cobalt therapy units already in use.

Funeral of Former Nova Scotia Premier

HALIFAX (CP)—Hundreds of persons including such dignitaries as Chief Justice J. L. Hickey of the Nova Scotia Supreme Court thronged Fort Massey United church Tuesday for the funeral of A. Stirling MacMillan.

The wartime premier of the province died Sunday at 83 after a lingering illness.

The funeral service was conducted by Dr. A. E. Kerr, president of Dalhousie University.

50-50 Chance Is Forecast; Alert On U.S. Coast

HALIFAX, (CP)—The weather office said Tuesday hurricane Connie is almost certain to lash into the Canadian east coast if she stays away from the American mainland until early Thursday.

But it's a big "if". The weather bureau said it was giving Connie only a "50-50 chance" of getting this far because of her unpredictable nature.

The big blow currently is moving northwest—a slight shift in direction in the last few hours—about 430 miles off the Florida coast.

U.S. weather forecasts say the hurricane will curve toward the mainland but there were indications Connie would alter course in a more northerly direction.

If she remains at sea until she reaches a point about 100 miles north of Cape Hatteras, N.C., then she will be caught in the prevailing southwesterly winds and probably dumped in the lap of the Maritimes by late Thursday or early Friday, the weather office said.

But if she moves in over the American seaboard, her 185-mile an-hour "core" winds will dissipate rapidly.

NEW YORK (CP)—Hurricane Connie, packing deadly 135-mile-an-hour winds, bore down on the United States mainland Tuesday night. Sections of North Carolina and Virginia were warned of its destructive potential and the east coast from Norfolk through Massachusetts was placed under a hurricane alert.

Hurricane warnings were flying from Cape Lookout, N.C., to Norfolk.

Hurricane Connie was located some 300 miles south of Cape Hatteras, N.C. It was moving 10 or 11 miles an hour on a course that would take its centre near or slightly east of Cape Hatteras sometime Wednesday morning.

Naval stations at Onset Point, R.I., and Atlantic City, N.J., ordered "hurricane condition II"—a storm may hit within 24 hours.

The aircraft carriers Leyte and Antietam put out to sea. Many beaches including some in (Continued on page 2, col. 4)

South Korea Declares New Communist Attack Is Near

By CHARLES CHIN SEOU, Wednesday (AP)—South Korea said Tuesday a new Communist attack is near, again warned Red truce teams to get out and hinted more demonstrations were to come.

Four days of rioting already have injured 22 U.S. soldiers.

Even as Cho Chung Hwan, acting foreign minister, issued his warning, 700 U.S. soldiers faced 1,500 Koreans demonstrating against the truce teams at the nearby port of Inchon.

About 1,200 railway workers reinforced demonstrators who were repulsed by tear gas Tuesday when they tried to storm the truce team's compound on Wolmi island in the harbor. Seven U.S. soldiers were injured by flying rocks and sticks, none seriously. Nine Koreans were reported injured.

RUSSIANS "INFILTRATING" Cho's warning was one of a series of official statements which urged the United States to resume the fighting, called again for recovery of Red-occupied territory northwest of Seoul, and accused high Russian officers of infiltrating the truce inspection setup.

The hint of new demonstrations came in Cho's statement repeating that Communist Czech and Polish members of the Neutral Nations Supervisory Commission teams must quit South Korea by Saturday midnight. Sweden and Switzerland are the other commission members.

Cho said South Korea could "wait no longer" because "the danger is too great. The day of renewed Communist attack too close."

"We cannot be responsible for any incident involving members of our commission who fail to withdraw," he said.

"FORCE" REGRETTED Cho expressed regret that U.S. soldiers had used "bodily force" against Korean citizens. He maintained the Koreans were conducting "peaceful demonstrations."

U.S. soldiers repulsed with tear gas Monday an attempt by up to 4,000 demonstrators to storm the truce team billets at the southern port of Pusan. Fifteen soldiers have been hurt at Pusan.

(Reuters quoted a U.S. Army spokesman as saying one group of 300 demonstrators were "obviously drunk." He added: "We will protect the neutral observers at any cost.")

The government's information office issued a five-page statement alleging "spying and agitation activities" by the Czech and Polish truce inspectors.

This statement quoted a North Korean who fled to the south as saying the Poles and Czechs were directed by a major-general and two colonels of the Russian Army. It charged they posed as Poles.

The Communists were accused of photographing military installations and other strategic areas of the five ports of entry and of trying to organize an underground at Kangnung.

A joint statement by two of South Korea's top military leaders urged the United States "to recognize that the truce has ended and to resume the fighting for our unification before we are left alone."

They cited the recent charge by the United Nations command of "a tremendous illegal buildup of military forces north of the demarcation line in defiance of the truce."

Mr. Sinclair, 46, has gained experience in debt collections. In 1950, as parliamentary assistant to the finance minister, he toured Europe, negotiating and settling wartime debts with a number of overseas countries.

He attended the annual meeting of the international whaling commission in Moscow July 18, then toured the Soviet Union. He now is believed to be in the eastern reaches of that country, at Petropavlovsk in the Kamchatka peninsula.

Deputy Chief Webster

National Pres. Speaks At C.W.L. Annual Meeting

The delegates attending the 33rd annual Catholic Women's League Diocesan Convention which opened at Saint Dunstan's University yesterday heard an eloquent address by Mrs. James Freeman of Windsor, Ontario, National President of the C.W.L. in Canada as she spoke at a dinner here last night.

In her brief but inspiring address Mrs. Freeman reviewed the record of the Catholic Women's League in Canada since 1920. She urged the members to show pride in their membership in the C.W.L. and she invited them to attend to the National C.W.L. Convention in Moncton this fall.

Mrs. Basil MacDonald of Tracadie, Diocesan President of the C.W.L., very capably presided over the dinner during which brief addresses were made by Most Rev. Malcolm A. MacEachern Bishop of Charlottetown; His Honor, Lt. Gov. T. W. L. Prowse; Hon. B. Earle MacDonald, Provincial Treasurer and Secretary; His Worship Mayor J. D. Stewart; and Mr. George Cheverie, representing the State Council, Knights of Columbus. An address of appreciation to the speakers was made by Mrs. James Pentegast.

The key to the City of Charlottetown was presented to Mrs. Freeman by Mayor Stewart as part of the Charlottetown Centennial celebrations and as an acknowledgement of the work of Mrs. Freeman and the Catholic Women's League throughout Canada.

"We are engaged in a serious effort to aid in the restoration of Christian principles to the world around us," stated Mrs. Freeman in her address. "This is not a matter of our own choosing. By confirmation we are sent forth to do battle for God," she continued.

Test Pilot Escapes Death

EDWARDS AIR FORCE BASE, Calif. (AP)—A test pilot escaped unhurt Monday when the mother ship which had carried it 30,000 feet above Edwards air force base.

Research pilot Joseph A. Walker, 34, of nearby Lancaster, scrambled from the cockpit of the X-1A and back into the mother ship. The pilot of the mother ship, a B-29, dropped the X-1A, pilotless, onto a bombing range near the air base.

The stub-winged rocket holds both the world's speed record, 1,650 m.p.h., and the world's altitude record, better than 90,000 feet.

South Korea Declares New Communist Attack Is Near

By CHARLES CHIN SEOU, Wednesday (AP)—South Korea said Tuesday a new Communist attack is near, again warned Red truce teams to get out and hinted more demonstrations were to come.

Four days of rioting already have injured 22 U.S. soldiers.

Even as Cho Chung Hwan, acting foreign minister, issued his warning, 700 U.S. soldiers faced 1,500 Koreans demonstrating against the truce teams at the nearby port of Inchon.

The Communists were accused of photographing military installations and other strategic areas of the five ports of entry and of trying to organize an underground at Kangnung.

Fisheries Minister Plans 2-Day Visit To Peiping

OTTAWA (CP)—Fisheries Minister Sinclair has decided to spend two days in Peiping behind the Bamboo Curtain, a visit that may result in Canada's first ministerial talks with the Chinese Communists.

Out of that visit, first for a Canadian cabinet minister since the Reds took over, may come some clarification of the Ming Sung ship episode and the question of future relations between the two countries.

Authorities here said that Mr. Sinclair's visit is strictly unofficial. He was merely making the two-day stop-over while returning to Canada from Moscow where he attended an international whaling conference.

However, they conceded that while he is in Peiping as guest of Britain's charge d'affaires, C. D. W. O'Neill, he undoubtedly would be willing to talk to the Reds if they so desired. They estimated he should be in Peiping sometime during the next 10 days.

Canada still holds out some hope of collecting on the \$12,750,000 bank loan which the Canadian and Chinese Nationalist governments guaranteed when the seven ships were built in Canada in 1947.
