White Sox Thump Yankees Boston Drubs Cleveland

By HUGH FULLERTON, Jr.
Associated Press Staff Writer

The Chicago White Sox made manager Al Lopez look good again Wednesday by ripping the world champion Yankees apart, 8-4, for their ninth straight victory—their second win over the Yanks.

It was Lopez who stated two days ago that the Yankees aren't unbeatable and that three or four American League clubs might take them.

The Sox backed him up with an 11-hit attack to which the Yanks added three errors to make it a lopsided victory for Chicago.

The still-dangerous Boston Red Sox won even more decisively and tied an American League record by smashing four home runs in one innings during an 11-0 victory over the Cleveland Indians. One of the homers was Ted Williams' 10th of the season.

SENATORS LOSE

The results of these two games put Chicago three full games in front of Cleveland in the American League standings with the Yanks another game back in third place.

In the only other afternoon games in the major leagues, the Kansas City Athletics thumped Washington 8-6 and the New York Giants squeezed out a 4-3 ninth inning decision over the Chicago Cubs.

Williams, who hadn't connected for a homer since May 8, slammed No. 10 in the sixth inning at Boston after Gene Mauch had hit his first. Dick Gernert and Frank Malzone then tagged Cal McLish for homers to equal the league record first set by the Red Sox against Philadelphia in 1940.

Williams also figured in that clouting display along with Jimmy Foxx, Joe Cronin and Jim Tabor. Detroit tied the mark in 1950. The major league record is five in one inning, made by the Giants of 1939 and the Phillies of 1949.

The Yankees, who seem to have become the targets of the American League contenders instead of the team they were pursuing, put on a painful exhibition of handing a game to the opposition in the sixth inning.

WILSON WINS AGAIN

Chicago scored five runs and drove Johnny Kucks to cover in that frame when Billy Martin fumbled a grounder for an error and Mickey Mantle dropped Nellie Fox's long fly for another and the White Sox made four hits.

Jim Wilson, who had pitched 21 1-3 consecutive shutout innings for Chicago, gave up three runs in the third, but he lasted to the end and gained his fifth victory of the season.

Boston's Tom Brewer marked up his sixth with a four-hit job.

Gus Zernial was the big man in the Kansas City victory with two homers that drove in three runs as the A's got off n ifront and just lasted to win.

The last - place Senators, who had won two straight, got the bases full in the ninth but could score only once as Bob Usher grounded into a double play and Pete unnels bounced out.

In the only National League afternoon game, the Giants picked up their winning run in the ninth when Daryl Spencer led off with a double and Red Schoendienst brought him home with a single off relief pitcher Turk Lown. Bob Rush, who gave up the two-bagger,was charged with the defeat while Alan Worthington, who limited the Cubs to one hit in three innings of relief pitching, gained his third victory. Detroit met Baltimore in a night game in the American League. In the National Brooklyn was at Cincinnati and A scheduled night game between Pittsburgh and St. Louis was rained out.

BALTIMORE (AP)—Al Pilarcik's one-out single through first baseman Ray Boone's legs gave Baltimore Orioles a 4-3 10th inning victory over Detroit Tigers here Tuesday night.

The loss was charged to Frank Lary, Detroit's 21-game winner last year, who entered the game in the ninth to snuff out an Oriole rally which tied the score at 3-3 and sent the game into overtime. Lary's record is 2-6 for the season.

MILWAUKEE (AP) — Chuck Tanner drilled his first home run of the season, a long drive over the right field fence in the 13th inning Wednesday night to give Milwaukee Braves a 4-3 victory over Philadelphia Phillies and Robin Roberts who had gone all the way.

Gordon Wallace To Weigh More

BRANDFORD, Ont. (CP)—British Empire light - heavyweight champion Gordon Wallace, who loads trucks for exercise when he gets tired of training, says he plans to weigh more than usual for his Canadian title bout with Canadian champion Yvon Durelle in Moncton May 30.

The 28-year-old Wallace, training in his hometown of Brantford, thinks he has been giving away too much weight in his latest fights.

"I usually train down to about 162," he said. "But I weigh between 165 and 167 now and I plan to try and stay there."

Wallace and Durelle will meet for the fourth time next week—but their first in three years. Durelle has decisioned Wallace on all previous occasions but the champions manager, Frank Bricker, believes the Brantford puncher lost two of them as a victim of "hometown judging."

IN PERFECT SHAPE

Nearing the end of a six-week training program, Wallace says he already is in perfect shape. He has been working in the gymnasium four times a week sparring with Bricker's amateur fighters and running three miles on alternate days.

"Gord definitely is a harder hitter than Durelle," Bricker says. "Durelle is rugged and durable but he doesn't punch as sharply as Gord. My boy has been hitting well and his co-ordination is perfect."

A wild - swinging unorthodox fighter in his amateur days, Wallace now sticks to the conventional punches and has developed his defence. His right cross is his most effective weapon says Bricker.

"The left hook used to be his best punch but recently the right has been doing the damage."

The Empire champ and his manager will fly to Moncton next Tuesday. His Empire crown will not be at stake.

ONE FIGHT SINCE TITLE

Wallace won the British Empire title last June when he took an upset 15-round decision from Ron Barton in London, England. He has fought only once since then—against Tony Anthony in New York in December.

Against Anthony, Wallace was counted out in the first round. He was knocked from the ring by Anthony and landed on a ringside table. Bricker says Wallace was on his feet before the count but didn't have time to climb back over the ropes.

Before the Anthony fight Wallace was the seventh ranking light-heavy but the loss dropped him from the top 10.

The Durelle fight will be his 68th since turning professional in 1950. He has been beaten eight times, most defeats coming from American fighters — including a knockout by Floyd Patterson in 1953. He first shot into the limelight in 1955 when he knocked out Randy Turpin in Harringway Arena in London, England in a non-title bout. The KO was the end of the road for Turpin who immediately announced his retirement.

Wallace is a native of Creighton Mines, Ont. He came to Brantford when he was 15 to visit a brother and stayed to find a job and make his home. He met Bricker and started working out under his guidance. He had never boxed before but had played football, baseball and hockey.

He didn't take long to build up a reputation in Ontario rings. In a long amateur career he won 106 of 110 fights, 33 by knockouts. He held the Canadian amateur middleweight championship in 1948 and twice was runner-up for the light-heavyweight title.

New Tornado Alerts Keep Sections Of Missouri Jettery

ST. LOUIS (AP)—New tornado alerts, coming on the heels of two days of power-packed twisters that killed 51 in Missouri and a fringe strip of Kansas, kept residents of the area jittery Wednesday.

The frightening black funnels were still on the move, having left 14 dead in the southeastern quarter of Missouri Tuesday and 37 in the Kansas City area Monday.

Heavy rains and high winds—mistaken for tornadoes at some points—hit parts of southern Missouri Wednesday. Streams went out of their banks in the southwestern part of the state.

The government weather bureau issued a Tornado alert for most of the southern half of Missouri and the northwest half of Arkansas.

The twisters touched down at scattered points in Missouri and Illinois Tuesday from mid-afternoon on through to midnight.

A farm home 15 miles northeast of hard-hit Desloge, Mo., where seven members of a family had gathered for their first reunion in 25 years was smashed. Three were killed and four injured.

Wants To Know Civil Service Rise

HALIFAX (CP) — Ken Green, national secretary - treasurer of the National Defence Employees' Association, Tuesday urged civil servants to ask Prime Minister St. Laurent when they will receive a promised increase in salary and how much it will be.

Mr. Green, also vice-president of the Civil Service Federation, said "we are not a bunch of fish who need an artifical lure to get us to bite.

"We hope that before June 10 we are going to have a definite answer" to the salary question, he told a meeting of almost 800 civil servants. Mr. Green said he hoped the questions would be asked today when Mr. St. Laurent arrives on a campaign tour.

"Kid From Tignish" Hailed As P.E.I.'s Brightest Prospect

Five years ago a kid by the name of Jimmy McInnis who was yet to have his first shave, slipped out of Tignish and headed for a new home and new life in Newark, New Jersey. Perhaps he least of all had little idea oof what the future held in store for him.

There were no newspaper headlines that morning as the kid from Tignish said goodbye to his folks and headed for that country south of the border. But now five years and countless hours of boxing later Jimmy McGinnis is returning to his native Province and being hailed as Prince Edward Island's brightest boxing prospect.

The critics may say he learned his boxing in New Jersey. But they can't deny the fact he's an Island boy and when you meet an Islander away from home there's one thing he wants to impress upon you and that's the country of his birth. Jimmy McGinnis is no different in this respect from the others. He was born on P.E.I. his folks live on P.E.I. and he's the happiest man in the world to be coming back to fight in his own Province.

Little did he dream that day as he left here that he would be coming back to headline a fight card at the Charlottetown Sports Arena. But in the past year or so there is no doubt but that young Jimmy often thought that perhaps he might be lucky enough to get a chance back home and take part in one of the fight cards that energetic Ivan Doherty was presenting from time to time.

Lucky might not be the word to describe his chances of return. For Jimmy McGinnis' return here to fight in the main bout on Friday night is due not to luck but to his own boxing ability and punching power. He has been demonstrating that ability to boxing fans in Eastern U.S.A. during the past few years and the way they have accepted him made it almost a command that he return home and show the folks here what he could do inside the squared circle.

He's going against a real tough opponent in the person of Johnny Roberts. Roberts has been around and knows the tricks of his trade. He can punch and can take a punch and he'll likely be doing plenty of both of Friday night but there's going to be one thing in his favor on Friday and that is the fact he won't be under any pressure like McGinnis will be under during the fight.

We expect that the first two or three rounds will be tough ones for Jimmy. He'll be back fighting before the folks he knows or feels he knows. He'll want to show them he knows his stuff and we are inclined to feel that he may be tense and trying a little too hard until he gets properly warmed up. But when he gets unwound and it may take two or three rounds then we'll bet you will see as slick a little fighting machine as you could want to see.

Here's why we make that prediction. Jimmy must be good because he has won the New Jersey Amatueur Championships for his division. He has had marvellous success since he turned professional a year ago reaching the climax of his success the night he knocked out Joe Lopes in two rounds and Lopes is highly rated in his division. And Jimmy is just starting to move up. The future looks bright for the boy from Tignish.

We'll get a first hand impression of that future here tomorrow night. We'll see that punching power of his that has sent many of his opponents sprawling to the canvass for a premature sleep. And best of all we'll see another Island boy returning to his native Province to perform before his own folks. And they'll be rooting for you Jimmy from the time you set your foot on the red soil agin this evening. Welcome home Jimmy Boy.

We would like to extend our sincere sympathy to another outstanding Island boxer in the person of Donald "Duck" Trainor whose father Joseph Trainor passed away last night. Don has boxed in Maritime rings for several years and has always been a popular and crowd pleasing fighter. Another brother Des was also a pretty goood athlete in his field which was baseball. Fans will easily remember him as the big first baseman who made the difficult chances look easy.

SPORT FORUM

Son Of A Fighting Father

Sir, —While only a youngster Jimmy McInnis always thought of himself as a fighter, to him it was inevitable that he should some day wear the padded gloves, and when his time came for active competition the boxing ring, he accepted it all as though it was merely the natural turn of events, just like his growth from boyhood into manhood, the position arose from the fact that Jimmie's dad Angus A. was a pretty fair guy with the dukes in his day, although, he never fought before the public.

He was a man who lived for the game as though it was life's vocation he brought up his sons in an atmosphere of boxing, and these boys, all three of them, repaid him handsomely by all becoming fighting men. They were a Tignish family, later moving to Newark N.J. where Jimmy makes his headquarters and does almost all of his training. There was never a shortage of sparring partners for the McInnis boys, they sparred with each other frequently and there were no beg pardons. When Jimmy began to hit national headlines with his fistic prowness his brothers Paul and Charley became his most enthusiastic supporters, Charley, the older of the clan, fought himself, but it was as a cornerman that he made his mark.

Jimmy learned his early lessons with the leather mitts in the fields of Tignish, he began to attract attention, when he became New Jerseys State Golden Gloves champion in 1954, the competition being particularly stiff that year. However the following year he retained his laurels without having to exert himself to any great extent, it was after winning the Golden Gloves for the second time that Jimmy decided to make a living out of the padded mitt game Several weeks ago in Newark Jimmy took on crack lightweight Tony Grasso from Hartford Conn in a scheduled 6 rd. semi-final Grasso found McInnis in top form and he could do little to stop the aggressive Jack in the box in front of him. McInnis showed such amazing speed of punch that frequently he had Grasso ducking after the blow had landed.

In Boston they are talking in terms of a McInnis-Rocky Sullivan fight but if Angelo Pucci who handles the affairs of McInnis is strong minded enough to evade the match for the time being he will be doing the smart thing. Give McInnis six more months of seasoning and then go after a Rocky Sullivan match However Pucci is not going to let his protege tangle with Sullivan until his fighter matures. Charlottetown's own Roy "Tiger" Steele the hard hitting middle weight who came so close to knocking out Gaston Roy a couple of weeks ago will fight southpaw Bernie Stone of Halifax, who started boxing a couple of years ago and has developed into a real threat in the past year.

I am, Sir, etc;
W.O. MCCLUSKEY,
City, Phone 4228

Seeding Makes Good Progress In The Prairies

OTTAWA (CP) — Seeding in the grain - growing Prairies continues to make excellent progress under generally good weather conditions but cold has held back the season in some other parts of the country, the bureau of statistics reported Wednesday.

The bureau, in the second of its 1957 series of telegraphic reports on Canadian crop conditions based on telegrams from field correspondents Tuesday night, said wheat seeding varies from 40 to 100 per cent completed in Manitoba, is 75 per cent completed in Saskatchewan and is nearing completion in most parts of Alberta.

Prairie moisture has been generally adequate for germination.

The bureau, however, reported a darker picture from Ontario and Prince Edward Island. Backward weather has delayed operations in both provinces. P.E.I. has planted only a small proportion of its crop.

Work has been progressing favorably in Nova Scotia, New Brunswick and Quebec, with the season about two weeks earlier than normal in the latter province. Seeding is nearing completion in central and western Quebec.

Recent warm weather in British Columbia has offset the coolness of the early spring. With the exception of the Peace River district the season now is three to four days aheadof normal and no damage has been caused by spring frosts.

That was in contrast with Ontario where backward weather and frequent rains delayed operations during the last week and where two nights of frost damaged fruits and vegetables, canning crops, clovers and some spring grains.
